You can get prescription drugs shipped to your home through our network mail order pharmacies. Typically, you should expect to receive your prescription drugs within 14 days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please call Customer Service at 1-800-450-3680, 8 a.m. to 8 p.m., Monday through Friday, with weekend hours Oct. 1 through March 31. TTY users, call 711. For refills of your mail order prescriptions, you have the option to sign up for an automatic refill program. Under this program, we will start to process your next refill automatically when our records show that you should be close to running out of your drug. We will contact you prior to shipping each refill to make sure you are in need of more medication. You can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you choose not to use the auto refill program, please access your profile at Optum Home Delivery or call the mail-order service 30 days before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. To opt out of the automatic refill program, please contact us at the Customer Service number on the covers of this booklet.

Programs to promote quality care

We have a number of programs that help ensure you receive the right care at the right time in the right place. These programs are included in the general term utilization management. Here's a brief explanation of *utilization management* and related terms:

Utilization management — The process of evaluating medical services to determine whether they are medically needed and performed in the most appropriate setting, for example, in a hospital, doctor's office or at home.

Case management — A program of individual planning and care for seriously or chronically ill people. Under the program, BCN Advantage assigns a nurse to work with the patient and physician to ensure that all appropriate care is provided.

Concurrent review — An assessment of the medical necessity or appropriateness of services when they are being rendered, for example, evaluating continued care for hospitalized patients.

Discharge planning — A complete review of a member's health needs in order to arrange for necessary care following discharge from a hospital or other inpatient facility.

Disease management — Comprehensive support and education for chronic health conditions. It aims to prevent the recurrence of symptoms and the progression of the condition and helps the patient maintain a high quality of life.

Prior authorization — A process that allows physicians and other health care providers to determine before treating a patient if a proposed service will be covered. Services are evaluated against medical criteria that are available to all network providers.

Retrospective review — Review of the appropriateness of medical services after they have been performed.

This directory is current as of **06/04/2025.**
This directory provides a list of BCN Advantage HMO-POS Community Value's current network providers for the BCN Advantage HMO-POS Community Value service area.

To access BCN Advantage HMO-POS Community Value's online provider directory, you can visit **www.bcbsm.com/providersmedicare**. For any questions about the information contained in this directory, please call our Customer Service Department at 1-800-450-3680 8 a.m. to 8 p.m., Monday through Friday, with weekend hours Oct. 1 through March 31. TTY users should call 711. Certain services are available 24/7 through our automated telephone response system.

Changes to our pharmacy network may occur during the benefit year. An updated Pharmacy Directory is located on our website at **www.bcbsm.com/pharmaciesmedicare**. You may also call Customer Service for updated information.

You can get this information for free in other formats, such as large print or audio. Please call our Customer Service number above.
