# Provider Directory Introduction for BCN Advantage<sup>SM</sup> HMO ConnectedCare

This directory provides a list of BCN Advantage ConnectedCare network providers.

The BCN Advantage ConnectedCare network is a provider-specific network designed for members of BCN Advantage ConnectedCare. You must receive services from providers in the BCN Advantage ConnectedCare network. If you see a BCN Advantage provider who is not part of the BCN Advantage ConnectedCare network, you are actually seeing an out-of-network provider.

You will have to choose one of the network providers who are listed in this directory to be your **Primary Care Provider (PCP)**. Generally, you must get your health care services from your PCP. When you need specialized treatment, your PCP will coordinate your care through an in-network provider. Your specialist should discuss your care options with your PCP. In some situations, you may be directed back to your PCP for further follow-up care.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory.

Please note:

- In the event of an emergency, call 911 or go directly to an emergency room.
- If your condition is urgent and you are in the BCN Advantage coverage area, go directly to a network urgent care facility. When you are travelling outside the BCN Advantage coverage area, go to any urgent care facility.
- For mental health or substance abuse treatment, call the BCN Advantage behavioral health unit at 1-800-431-1059. TTY users should call 711.
- For routine gynecological services, women may see any participating physician or OB/GYN.

Before selecting a physician, specialist or hospital, check the directory or call to see if they are accepting new patients. You are free to change your PCP by calling the Customer Service number on the back of your card.

An index of physicians who speak languages other than English follows the physician listings in this directory.

## If you get a bill from a non-plan provider

We cover certain health care services you may get from non-plan providers, including:

- Care for medical emergencies
- Urgently needed care
- Renal dialysis that you get outside the BCN Advantage service area
- Care that has been approved in advance by Blue Care Network
- Any services that were ordered covered through an appeals process

If you receive care from an out-of-network or non-contracted provider, the provider may bill you for the services you receive. Do not pay the bill. Please mail your itemized bill along with your name and contract number to us so we can review it for payment. Mail the information to:

BCN Advantage HMO  
P.O. Box 68753  
Grand Rapids, MI 49516-8753

The provider has a right to get his/her fees, but does not have the right to get them from you. Ask the non-plan provider to bill us first. You should expect to pay your cost share at that time. If you have already paid for the covered services, we will reimburse you for our share of the cost. If you get a bill for the services, you can send the bill to us for payment. We will pay your non-plan provider for our share of the bill and will let you know what, if anything, you must pay.

Emergency care can always be obtained in or out of the service area from the nearest available provider. For urgent care in the BCN Advantage service area you must use plan providers. When out of the service area, you may obtain urgent care from the first available provider. In addition, when out of the service area you can obtain dialysis treatment from any qualified dialysis provider.

**If you obtain routine care from out-of-network providers neither Medicare nor BCN Advantage will be responsible for the costs.**

## **Durable medical equipment and diabetic supplies**

BCN Advantage works with Northwood Inc. to supply your outpatient durable medical equipment, as well as prosthetic and orthotic appliances, and diabetic supplies, including diabetic shoes and inserts. Your PCP or specialist is responsible for determining your need for this equipment. He or she will write a prescription for the equipment, and you must have the prescription filled at a Northwood network provider.

In general, durable medical equipment is covered only when appropriate for use in your home. Coverage is provided for the basic equipment or appliances and for any medically necessary features prescribed by your physician. For services that exceed the basic benefit and quantity limitations, your PCP or specialist may need to document medical necessity. If you wish to enhance your equipment beyond medical necessity, you must pay the difference for the upgrade.

To locate the Northwood network provider nearest you, call 1-800-667-8496, 8:30 a.m. to 5 p.m., Monday through Friday. TTY users should call 711.

## **Outpatient lab services**

To locate a JVHL affiliated provider near you, call 1-800-445-4979, 8 a.m. to 4:30 p.m., Monday through Friday. TTY users should call 711. Or, visit the JVHL website at [www.jvhl.org](http://www.jvhl.org).

If you have additional coverage questions about any of these services, please call the Customer Service number on the back of your ID card.

# Pharmacy Directory Introduction for BCN Advantage HMO

This booklet provides a list of BCN Advantage's network pharmacies near you. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the *Evidence of Coverage* and BCN Advantage's formulary.

When this pharmacy directory refers to "we," "us", or "our," it means BCN Advantage. When it refers to "plan" or "our plan," it means BCN Advantage HMO.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under BCN Advantage only if they are filled at a network pharmacy or through our mail order pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your *Evidence of Coverage*.

All network pharmacies are not listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of 04/10/2024. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can go to all the pharmacies on this list, but your costs for some drugs may be lower at pharmacies in this list that offer preferred cost sharing. We have marked these pharmacies with (P) to distinguish them from other pharmacies in our network that offer standard cost sharing. Pharmacies that offer standard cost sharing are labeled with (S). Cost sharing information can be found in the Summary of Benefits.

If your plan includes mail order, you can get prescription drugs shipped to your home through our network mail order delivery service. For more information, please contact us or see the mail order section of this pharmacy directory.

For more information, please see the section in this pharmacy directory on retail pharmacies, including chain pharmacies outside the BCN Advantage service area or call Customer Service at 1-800-450-3680, 8 a.m. to 8 p.m., Monday through Friday (TTY users, call 711).

If you have questions about any of the above, including for instructions on how to submit claims for prescriptions that you had to fill at a non-network pharmacy, please see the first and last cover pages of this directory for information on how to contact BCN Advantage.

## MAIL ORDER PHARMACIES

---

You can get prescription drugs shipped to your home through our network mail order pharmacies. Typically, you should expect to receive your prescription drugs within 14 days from the time that the mail order pharmacy receives the order. If you do not receive your prescription drug(s) within this time, please contact us at the Customer Service number on the covers of this booklet. For refills of your mail order prescriptions, you have the option to sign up for an automatic refill program. Under this program, we will start to process your next refill automatically when our records show that you should be close to running out of your drug. We will contact you prior to shipping each refill to make sure you are in need of more medication. You can cancel scheduled refills if you have enough of your medication or if your medication has changed. If you choose not to use the auto refill program, please access your profile at Optum Home Delivery or call the mail-order service before you think the drugs you have on hand will run out to make sure your next order is shipped to you in time. To opt out of the automatic refill program, please contact us at the Customer Service number on the covers of this booklet.

# Programs to promote quality care

We have a number of programs that help ensure you receive the right care at the right time in the right place. These programs are included in the general term utilization management. Here's a brief explanation of *utilization management* and related terms:

**Utilization management** — The process of evaluating medical services to determine whether they are medically needed and performed in the most appropriate setting, for example, in a hospital, doctor's office or at home.

**Case management** — A program of individual planning and care for seriously or chronically ill people. Under the program, BCN Advantage assigns a nurse to work with the patient and physician to ensure that all appropriate care is provided.

**Concurrent review** — An assessment of the medical necessity or appropriateness of services when they are being rendered, for example, evaluating continued care for hospitalized patients.

**Discharge planning** — A complete review of a member's health needs in order to arrange for necessary care following discharge from a hospital or other inpatient facility.

**Disease management** — Comprehensive support and education for chronic health conditions. It aims to prevent the recurrence of symptoms and the progression of the condition and helps the patient maintain a high quality of life.

**Prior authorization** — A process that allows physicians and other health care providers to determine before treating a patient if a proposed service will be covered. Services are evaluated against medical criteria that are available to all network providers.

**Retrospective review** — Review of the appropriateness of medical services after they have been performed.
