Make the most of your plan

Following these tips will help you maximize your Blue Cross benefits.

■ Remember your Blue Cross membership ID card.

New members: If you haven't already received your new Blue Cross member ID card in the mail, it will arrive soon. Show your primary care provider (PCP) and other healthcare providers this card every time you need care. You can use the Blue Cross mobile app to show your digital member ID card (see page 9).

■ Register for an online Blue Cross member account.

Compare costs, track your healthcare spending, sign up to receive your explanation of benefits (EOB) statements electronically, and take advantage of exclusive member discounts by registering in the secured member section of bcbsm.com/mpsers. You'll need your Blue Cross member ID card when you sign up.

Register for a Blue Cross member online account by:

- Using the Blue Cross mobile app.
- Visiting bcbsm.com/register.
- Texting **REGISTER** to **222764**.

Message and data rates apply.

Learn more on page 8.

■ Find a doctor.

You have a nationwide preferred provider organization (PPO) medical plan. The Blue Preferred PPO plan offers a network of medical care professionals selected for their quality of care and ability to provide cost-effective services. You pay less out of pocket when you use PPO network providers. To locate network providers, including patient-centered medical home (PCMH) doctors, use the *Find a Doctor* tool on the Blue Cross mobile app or at bcbsm.com/mpsers.

■ Consider working with a patient-centered medical home (PCMH).

PCMH doctors follow a team approach to medical care. Your PCMH doctor will lead a team of healthcare professionals dedicated to providing you with the care you need.

Other advantages you'll experience include:

- 24-hour access to your PCMH care team.
- Coordinated care with your other doctors.
- Personalized strategies for managing your health.

To find a PCMH-designated practice:

1. Visit bcbsm.com/mpsers and click *Find a Doctor*.
2. Click *Get Started*. Enter your username and password. If you haven't registered, click *Register* for a new account and follow the instructions to create your account.
3. Click the arrow next to *Your Plan*.
4. Select *Employer Group Plans*, then choose *PPO Plans*.
5. Enter your search criteria, then click *Search*.
6. Filter your search results by checking the *PCMH* box on the left.

Keep your health on track with preventive care

You may think about seeing your doctor only when something goes wrong, but having regular checkups, the right screenings and a healthy lifestyle can help you prevent or detect life-threatening chronic conditions, such as heart disease and diabetes.

Your Blue Preferred® PPO plan offers preventive services including:

- Breast cancer screening (mammogram).
- Cervical and vaginal cancer screening (pap test and pelvic exam).
- Prostate cancer screening.
- Routine physical exams and standard, routine lab tests done with the physical.
- Screening colonoscopy.
- Vaccines for several common illnesses including, but not limited to COVID-19 (coronavirus), flu (influenza), HPV (Human Papillomavirus), pneumonia (pneumococcal), RSV (Respiratory Syncytial Virus) and shingles.

As a reminder, vaccines are covered by your medical plan and prescription drug plan. For more details, including a complete list of covered vaccines, vaccination locations, and reimbursement information (if needed), review the *Vaccine Guide for Non-Medicare PPO members*. You can find the guide online at bcbsm.com/mpsers, select *Medical Plans* and click *Blue Preferred® PPO*.

Expect to hear from us

Explanation of Benefits

When you receive healthcare services, the healthcare professional or hospital requests payment for the service they provided by submitting a claim. After we process the claim, you get an EOB statement. You'll receive an EOB the month after the claim is processed. An EOB isn't a bill. If you owe the healthcare professional or hospital, they'll send you an invoice.

Best of Health newsletter

The *Best of Health* quarterly newsletter aims to help you understand your medical coverage, improve nutrition and fitness, manage chronic conditions and more. Visit bcbsm.com/mpsers and select *For Members* and click *View All Issues* to read the latest issue or sign up to receive your newsletter electronically.

Surveys

You may receive surveys asking for your opinion about your retirement system medical plan, our network providers and the care you receive. We're always looking for ways to provide better coverage and service.

Your answers are confidential. They don't affect your coverage or costs. We appreciate your honest feedback.

Find it online

You can find this resource guide, *Your 2024 Benefit Guide*, and past issues of the *Best of Health* newsletter online at bcbsm.com/mpsers.

Know where to go for care

When it's not an emergency, you have choices for when and where to get healthcare. Know your options so you can get the treatment you need, right when you need it. Costs vary for each care option, so it's important to think about what kind best fits your needs:

Primary care provider

Call your primary care provider first when you're not feeling well. He or she knows you best and understands your health history. A patient-centered medical home (PCMH) is a care team led by a primary care provider that focuses on your health goals and needs. They offer 24-hour access to your medical team and a personalized approach to managing your health.

Virtual visits

You can receive primary care provider services and behavioral health services online or over the phone directly from your in-network provider if they offer telehealth services.

When your primary care provider is unavailable, connect online with a doctor or therapist by using a smartphone, tablet or computer.

Fast and convenient

Visit bcbsm.com/virtualcare.

Call **1-800-835-2362** with any questions about or to arrange a telephone visit.

Download the Teladoc Health app.

All Virtual Care services from Teladoc Health are separate from virtual care other providers may offer. Remember to follow-up with your primary care provider. Teladoc Health® is an independent company that provides Virtual Care Solutions for Blue Cross Blue Shield of Michigan and Blue Care Network.

24-Hour Nurse Line

Talk to a registered nurse at no additional cost anytime when you have questions about an illness or injury. The nurse line can help you determine if you can treat things at home. Call **1-800-775-BLUE (2583)**. TTY users should call **711**.

Urgent care centers

Get non-emergency, in-person care conveniently, after hours or on weekends. You can save money by seeing your primary care provider or going to urgent care for conditions that aren't life-threatening but need more than home remedies.

Emergency room

Seek treatment for serious or life-threatening illnesses or injuries at an emergency room. Emergency rooms can cost you more because they are equipped to handle trauma and life-threatening situations such as heart attacks, strokes, broken bones and serious injuries.

Behavioral and mental health services

When times are uncertain, and you're struggling with life challenges and need support, finding the right words can be hard. Everyone can benefit from support. Behavioral health providers can help you even if you're just experiencing everyday stress.

Meet with a licensed therapist or psychiatrist near you. Most providers offer virtual therapy (one on one or group) and visits by phone.

To locate an in-network behavioral health provider call Behavioral Health Access Line at **1-800-762-2382** (TTY:**711**) or use the *Find a Doctor* tool on the Blue Cross mobile app or at bcbsm.com/mpsers.

To learn more about the behavioral and mental health resources available to you, visit bcbsm.com/mentalhealth.

LivingWell program

LivingWell is a program that helps you track your health, identify areas for improvement and work on an action plan with your primary care provider. If you're a new member, you'll have an opportunity to join the LivingWell program in the fall. LivingWell is a program that encourages you to maintain a healthy lifestyle and offers a chance to receive an annual deductible credit for completing the steps below:

- 1. Choose a primary care provider.**

A primary care provider will help you manage your health by keeping track of any conditions you may have and your progress toward health goals. Choosing a primary care provider within the PPO network can reduce your out-of-pocket costs. To locate network providers, use the *Find a Doctor* tool on the Blue Cross mobile app or at bcbsm.com/mpsers. To get the most out of the LivingWell program, select a PCMH doctor as your primary care provider.

- 2. Complete the LivingWell questionnaire.**

The LivingWell questionnaire asks simple questions on topics such as exercise and nutrition to help give you an idea of your overall health. Complete the questions and include your primary care provider's name in the space provided.

- 3. Get an annual routine physical.**

A routine physical is the best way to catch potential health issues early. Your retirement system medical plan covers a routine physical and standard, routine laboratory tests done in conjunction with your physical once per year at no cost to you in the PPO network. Remember, you may have out-of-pocket costs for non-routine laboratory tests and other services you receive during your routine physical. If you have questions about which tests are covered at 100 percent and which have out-of-pocket costs, call Blue Cross Customer Service at **1-800-422-9146**, Monday through Friday 8:30 a.m. to 5 p.m. Eastern time. TTY users should call **711**.

Each year, you'll have a chance to participate in the LivingWell program. You'll receive information about the LivingWell program in the mail from Blue Cross in the fall.

Blue Cross Health & Well-Being

Whether you're looking for ways to improve your lifestyle or manage a chronic illness such as asthma or high blood pressure, Blue Cross Health & Well-Being has the support system you need.

Blue Cross Coordinated Care Advocate

The Blue Cross Coordinated Care Advocate program allows you to get help, answers and clarity with just about anything related to your healthcare.

A member advocate is a registered nurse ready to help you. Whether you want advice about an upcoming surgery, are seeking information on a specific condition or need guidance in selecting a doctor, member advocates:

- Make the healthcare process easier.
- Guide and support you in making decisions.
- Give you advice to get the best care available for your specific needs.
- Can assist with scheduling healthcare appointments.

Member advocates are like having a nurse in the family to turn to with your medical concerns. They'll take the right steps to make better whole body healthcare happen for you.

To contact a member advocate, call **1-800-422-9146** Monday through Friday from 8:30 a.m. to 5 p.m. Eastern time.

Once you've connected with a member advocate, you can stay in touch using the Blue Cross Coordinated CareSM app. To get started with the app, visit bcbsm.com/coordinatedcare on a smart phone or tablet, or search *BCBSM Coordinated Care* in Google PlayTM or the App Store[®]. Your access code is **ADV**.

Quit tobacco for good

The Tobacco Coaching program, powered by WebMD[®], provides members with the support and resources needed to establish and embrace a tobacco-free life. The 12-week program includes over-the-phone coaching for quitting all types of nicotine products, including electronic cigarettes and vaping devices. And it's offered at no extra cost to you.

When you start the program, you'll receive:

- Five calls from a specially trained health coach over a 12-week period.
- Unlimited calls to a health coach.
- Online resources.

About seven months after the program ends, your health coach will contact you to check on your progress. Health coaches are available seven days a week, so you can schedule calls at a time that's convenient for you.

Call **1-855-326-5102**, TTY users call **711**, to schedule your first Tobacco Coaching session. All hours are Eastern time: Monday through Thursday 9 a.m. to 11:30 p.m.; Friday 9 a.m. to 8 p.m.; Saturday 9:30 a.m. to 6 p.m.; Sunday 1 to 11:30 p.m.

Blue Cross Virtual Well-Being

Let Blue Cross Virtual Well-Being give you the guidance and support you need on your personal well-being journey.

Highlights:

- Features short, high-energy, live webinars every Thursday at noon Eastern time. Additionally, meditation sessions go live every Wednesday at 7:30 a.m. Eastern time.
- Focuses on a different well-being topic each week.
- Topics include mindfulness, resilience, social connectedness, emotional health, financial wellness, gratitude, meditation and physical health.
- Offers informational materials you can download to save and share.

Conveniently watch Blue Cross Virtual Well-Being webinars on your computer, tablet or mobile phone.

Learn more, register or watch past webinars at bluecrossvirtualwellbeing.com.

Online wellness resources

Blue Cross Health & Well-Being online resources, powered by WebMD®, gives you access to a broad range of free online health and well-being programs. Best of all, they're available at your fingertips 24 hours a day, every day. Just log in to your member account on the Blue Cross mobile app or at bcbsm.com/mpsers and then click *Health & Well-Being* to get started.

Audio Library — Listen to audio presentations for a variety of topics about preventing and managing illnesses.

Health Assessment — Complete your health assessment to find out your personal health risks and what you can do to improve your health.

Health record — Store, maintain, track and manage your health information in one central, private and secure location.

Health trackers — Chart your measurements over time. There are trackers for exercise, steps, diet, sleep, mood, pain and tobacco use.

Message board exchanges — Connect with others who have the same interests and health concerns as you. Ask questions and find credible answers from experts in these professionally monitored message boards.

My Health Assistant — There are six Digital Health Assistant programs available at no additional cost to you that focus on a variety of health goals, including eating better, conquering stress, feeling happier, enjoying exercise and more. All tips come straight from WebMD's expert health coaches.

Recipes — Find more than 400 tasty and healthy recipes that can help you meet your nutritional needs.

Symptom checker — Use this interactive tool to help you determine what to do about your symptoms.

The Daily VictorySM and Weigh Today apps — Download these WebMD apps to your mobile device and then easily sync them with the Blue Cross Health & Well-Being site to start making small changes in your exercise habits and weight.

WebMD

HealthTopicsSM — This valuable resource allows you to search for a variety of health topics organized by conditions, general health, procedures and surgeries.

Interactives — Find calculators, guides, quizzes, slide shows and other health information you may need.

Videos — Watch more than 1,000 videos about a variety of health topics and trends.

WebMD is an independent company that provides health and well-being information for Blue Cross Blue Shield of Michigan members.

Manage your plan anytime, anywhere

Online member account

An online account at bcbsm.com/mpsers lets you choose what's best for you. Everything you need to manage your medical plan – and your health – is all in one secure place. Register for an account at bcbsm.com/mpsers and log in to:

■ Check your balances

See a snapshot of your plan pulled together in one clear view. Easy-to-understand, time-saving charts show your deductible and coinsurance maximum.

■ Monitor your claims activity

View recent claims activities, including how much your plan covers and how much you'll owe. You can check claims activity as far back as two years or narrow your search results to find exactly what you're looking for.

■ Go paperless

Each month that you receive services, you'll receive an EOB statement that shows which services your retirement system medical plan paid for, any services they did not pay for and why, as well as any charges you may owe. To help you stay organized and avoid the clutter, you can sign up to receive emails when a new EOB statement is posted in your online member account. By signing up to receive electronic EOBs, you'll stop receiving paper EOBs in the mail and start getting them faster.

Going paperless is easy. Here's how:

1. Go to bcbsm.com/mpsers. Click *Log in*. Enter your username and password. If you haven't registered, click *Register Now* and follow the instructions to create your account.
2. Click *Account Settings* at the top.
3. Click *Paperless Options* on the left.
4. Under *Choose Delivery Method*, click *Change* to select paperless delivery of the documents you want to get online. To the right, confirm the email address displayed is where you want to receive notifications.

■ MIBlue Virtual Assistant

MIBlue Virtual Assistant is an interactive, automated chat feature available through your online Blue Cross member account. You can also use our app and select the Virtual Assistant icon.

Use the virtual assistant to:

- Check your coverage.
- Find a certain claim.
- Order another member ID card and update your paperless options.
- Find options for care.
- Look up your deductible and other balances.
- Search for healthcare professionals and hospitals.

**No internet?
No problem.**

If you don't use the internet, don't worry. You can get the information you need by calling Blue Cross Customer Service at **1-800-422-9146** from 8:30 a.m. to 5 p.m. Eastern time, Monday through Friday. TTY users should call **711**.

Access your plan on the go with the Blue Cross mobile app

The Blue Cross mobile app provides the tools and features to help you access information and make informed decisions from the convenience of your smartphone. From seeing where you stand with your deductible and coinsurance maximum, to reviewing claims, to finding the best healthcare professional or place to go for treatment – count on our mobile app to give you the information you need – when and where you need it.

These are just some of the app's features:

Benefit details	See what your plan covers so you're informed when you need care.
Cost share	Know how much you've paid toward your deductible and your coinsurance maximum.
Cost calculator	Compare cost estimates for healthcare services.
View claims and EOBs	See what your providers charged and why, before you pay. Quickly filter and search claims by time frame, member, service type or provider.
<i>Find a Doctor</i>	Find a doctor or hospital in the PPO network.* Search by location, PCMH doctors, specialties, quality recognitions and extended office hours. You can even get GPS-enabled directions to help you get there fast.
Virtual member ID card	Show your virtual member ID card to your doctor so they have the information they need to look up your coverage.
MIBlue Virtual Assistant	Quickly find answers to questions about your plan 24/7 using this interactive, automated chat feature.

Search "BCBSM" in the Apple® App store or Google® Play and download it today.**

*Always call providers before visits to confirm they're in network.

**All members with an Android OS 4.5 or higher and iPhone iOS 7.1.2 or higher smartphone. App Store® is a service mark of Apple Inc., registered in the U.S. and other countries.

Sign up to get monthly updates and details about new offers delivered directly to your email inbox.

Get help navigating Social Security Disability Insurance with SSDC

Blue Cross knows Social Security Disability Insurance (SSDI) is complex and a confusing process for so many people. That's why the team at SSDC Services Corporation (SSDC) is ready to help. SSDC can assist you in finding out whether you or your spouse may qualify for SSDI benefits, and if so, assist with applying for benefits. Using SSDC services at the very beginning can help you receive your SSDI benefits in less time, increase your monthly income, provide additional healthcare insurance for you and your dependents, and may increase your Social Security retirement benefits later.

SSDC reaches out to members who may qualify for SSDI benefits. With SSDC, you don't have to go through the process alone. If you would like to learn more about SSDC or find out if you or your dependent may qualify for disability insurance, contact SSDC at ssdcservices.com* or call **1-877-768-3018**, ext. 222 from 9 a.m. to 6 p.m. Eastern time, Monday through Friday. TTY users should call **711**.

Informational webcasts and webinars

Check out the webinar library at bcbsm.com/mpsers to view educational videos on topics to help you understand your retirement system medical plan. Topics include *Boosting your healthcare knowledge* and the *Online Retiree Healthcare Plan Seminar*. You can also find information about managing chronic conditions and the Blue Cross *Patient-Centered Medical Home Program*.

To access the webinars:

- Visit bcbsm.com/mpsers.
- Click *For Members* at the top of the page.
- Click *View Webinars*.

Terms to know

Coinsurance

The percentage you pay for the cost of covered medical services. The amount of your coinsurance is based on the Blue Cross approved amount. You pay 10 percent coinsurance for most covered services and your retirement system pays the remaining 90 percent.

Coinsurance maximum

The maximum amount you'll pay in coinsurance, per member, during the calendar year when using in-network providers. You start paying 10 percent coinsurance for most covered services at the beginning of the year when you use in-network providers. Once you reach the coinsurance maximum, most covered services that were paid at 90 percent will be paid at 100 percent of the Blue Cross approved amount for the remainder of the calendar year and the 30 percent coinsurance for out-of-network services will be reduced to 20 percent. You have an annual coinsurance maximum of \$900 per member during a calendar year.

Copay or copayment

A flat dollar amount that you pay when you receive certain medical care services. Copays are not included in the annual coinsurance maximum. Once the annual coinsurance maximum is met, you pay a \$65 copay for urgent care visits and a \$135 copay for emergency room care.

Deductible

A fixed dollar amount you must pay during each calendar year before covered services and supplies are paid by your retirement system. The deductible is applied after the coinsurance. You have an annual deductible of \$1,000. For members enrolled in the LivingWell program, the annual deductible is \$850 or \$800 based on the number of program steps completed. If you're a new member, you'll have an opportunity to participate in the LivingWell program and will receive information from Blue Cross in the fall.
