

Blue Cross and BCN utilization management medical drug list

For Blue Cross commercial and BCN commercial

March 2024

[A](#) [B](#) [C](#) [D](#) [E](#) [F](#) [G](#) [H](#) [I](#) [J](#) [K](#) [L](#) [M](#) [N](#) [O](#) [P](#) [Q](#) [R](#) [S](#) [T](#) [U](#) [V](#) [W](#) [X](#) [Y](#) [Z](#)

This document outlines the utilization management programs that apply to select medical benefit drugs. These are drugs that require administration by a health care professional. The information on this list applies to:

- All members who have medical coverage under BCN commercial plans
- Members whose Blue Cross commercial plans participate in the standard commercial Medical Drug Prior Authorization Program or are subject to other utilization management requirements related to medical benefit drugs.

For information about self-administered drugs that are covered under the pharmacy benefit for Blue Cross and BCN commercial members, see the [Pharmacy Services page](#) on our [bcbsm.com](#) website.

Medical Drug Prior Authorization (PA) Programs	
These programs help ensure that patients receive medication that is medically necessary and appropriate for their situations.	
For most medical benefit drugs	Submit prior authorization requests through the NovoLogix® online tool . This includes requests for chimeric antigen receptor T cells (CAR-T) therapy.
For select medical oncology and supportive care drugs (other than CAR-T therapy)	Submit requests to Carelon Specialty Health® by calling 1-844-377-1278 (BCN) or 1-800-728-8008 (Blue Cross) or by logging in to the Carelon ProviderPortal . See the Medical oncology prior authorization list for Blue Cross and BCN commercial members for a comprehensive list of drugs managed by Carelon, and groups included in the program
Site of care (SOC) program	Some drugs also have site-of-care requirements. Prior authorization requests for these drugs must indicate that they will be administered in a lower-cost site of care (such as the physician's office or the member's home), rather than a higher-cost site of care (such as a hospital outpatient facility).
Employer-specific Medical Drug Prior Authorization Programs	<p>The following employer groups have different requirements:</p> <p>UAW Retiree Medical Benefits Trust PPO</p> <ul style="list-style-type: none"> • Medical Drug Management program list • Medical oncology prior authorization list <ul style="list-style-type: none"> • Blue Cross and Blue Shield Federal Employee Program® Utilization management medical drug list

How to read this list

- “Submit PA requests through” columns:** See the key below to learn how to determine whether a drug has PA or SOC requirements. Refer to the [medical policy router](#) for complete medical drug policies and criteria. When a cell is blank, the drug doesn’t have PA or SOC requirements.

Key	PA requirements apply	PA and SOC requirements apply
BCN commercial members	HMO	HMO-SOC
Blue Cross commercial members	PPO	PPO-SOC

- If “PPO” or “HMO” appears in the NovoLogix column, submit prior authorization requests through the NovoLogix® online tool. If “PPO” or “HMO” appears in the Carelon column, submit prior authorization requests to Carelon Medical Benefits Management (formerly known as AIM Specialty Health®).
- “Quantity limits” columns:** A checkmark (✓) indicates that a drug has quantity limits. See the [Blue Cross and BCN Quantity Limits for Medical Drugs \(bcbsm.com\)](#) document for the specific quantity limit. When a cell is blank, the drug doesn’t have quantity limits.
- “Preferred product information” column:** Lists any preferred products that a member must try and fail before receiving a drug. When a cell is blank, there is no preferred product information for that drug.

Note: Medical benefit drug policies are a source for Blue Cross and BCN medical policy information. Medical policies are not to be used to determine benefits or reimbursement. Refer to the appropriate certificate or contract for benefit information. Medical policies are subject to change.
