

BCBSM Oncology Initiative

- Identify appropriate metrics
 - Clearly associated with quality
 - Preferably benchmarked
- Encourage participation

Quality Oncology Practice Initiative (QOPI)

- An initiative created by the American Society of Clinical Oncology (ASCO) to measure and encourage quality in practices
- Specific metrics are culled from charts, deidentified, and shared in comparison to national practice benchmarks

QOPI Metrics

- General Modules
 - Pain assessment
 - Timing of hospice enrollment
 - Clinical Trials assessment
 - Consent for chemotherapy in chart
- Disease Modules
 - Breast Cancer
 - Lymphoma
 - Lung Cancer

Growth in Michigan
