ADDENDUM A
MEDICAL NECESSITY CRITERIA

"Medically Necessary" or "Medical Necessity" shall mean health care services that a Provider, exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and that are:

- a. In accordance with generally accepted standards of medical practice;
- b. Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease; and
- c. Not primarily for the convenience of the Member, Provider, or other health care provider, and not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury or disease.

For these purposes, "generally accepted standards of medical practice" means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, Physician Specialty Society recommendations and the views of physicians practicing in relevant clinical areas and any other relevant factors.

ADDENDUM B QUALIFICATION STANDARDS

In order to participate with BCBSM, a Certified Nurse Midwife (CNM) must have and maintain all of the following:

- Current licensure by the state of Michigan as a Registered Nurse with Nurse Midwife specialty certification issued by the Michigan Board of Nursing.
- Current national certification by the American College of Nurse Midwives (ACNM), American Midwifery Certification Board or another nationally recognized nurse midwife certifying entity recognized by the Michigan Board of Nursing.

For CNMs performing deliveries, the following are also required:

- Written confirmation of an established relationship for medical consultation, collaboration or referral with an obstetrician/gynecologist (OB/Gyn) or a qualified physician, if access to an OB/Gyn is not available. A qualified physician is an MD/DO such as a perinatologist, family practice physician or internist with a women's health practice that corresponds to that of the CNM. The OB/Gyn or otherwise qualified physician must have OB/Gyn admitting privileges at the BCBSM participating hospital or BCBSM participating hospital-affiliated birthing center where the CNM will practice.
- Written confirmation of established privileges with hospital(s) and/or hospital-affiliated birthing center(s), or written confirmation of emergency and hospital admission arrangements with a consultant physician who has admitting privileges.
- Absence of inappropriate utilization practices as identified through proven subscriber complaints, Medical Necessity audits and peer review.
- Absence of fraud and illegal activities.

ADDENDUM C REIMBURSEMENT METHODOLOGY

Except as otherwise stated below, for Covered gynecological and Covered non-obstetrical services, BCBSM will pay the lesser of billed charges or 85% of the published maximum payment, less any Deductible or Copayment for which the Member is responsible. The maximum payment is set forth in BCBSM's Maximum Payment Schedule ("Payment Schedule").

For the following Covered Services that are within the Provider's scope of practice, BCBSM will pay the lesser of the billed charge or the published maximum payment set forth in the Payment Schedule, less any Deductible or Copayment for which the Member is responsible:

- Obstetrical services performed, including basic antepartum care, normal vaginal deliveries and postpartum care
- Specified ancillary services such as office lab tests
- Purchased supplies and materials necessary to treat a patient, such as injections or immunizations.

For deliveries, Providers are reimbursed only when the delivery occurs in an inpatient hospital setting or in a hospital-affiliated birthing center that is wholly owned and operated by a state licensed and accredited participating hospital.

BCBSM will make the Payment Schedule available to Providers via web-DENIS. The Payment Schedule is based, in part, on a system of the ranking of relative values of all medical and surgical procedures and services which are reviewed by BCBSM as a regular business activity. Relative values are multiplied by a BCBSM specific conversion factor to determine price per procedure. These factors vary by year.

Nationally imposed changes to the nomenclature and national coding system (HCPCS) for procedural codes, and corrections of typographical errors may result in immediate modifications to the Payment Schedule without prior notice. No other modification to the Payment Schedule will become effective until after 90 days have elapsed from the date of BCBSM notice to Providers. Notice may be provided either in written or electronic form. Written form shall include publication in the *Record* or other appropriate BCBSM provider publication. Electronic notice shall include, but not be limited to, publication on web-DENIS.

BCBSM will review Provider reimbursement periodically to determine if modifications are necessary. BCBSM does not warrant or guarantee that the review process will result in increased reimbursement.

ADDENDUM D
SERVICES FOR WHICH PROVIDER MAY BILL MEMBER

Provider may bill Member for:

1. Non-Covered Services *unless* the service has been deemed a non-Covered Service solely as a result of a determination by a BCBSM physician or professional provider that the service was:
 - Medically Unnecessary,
 - deemed experimental,
 - denied as an overpayment, or
 - because the Provider was not eligible for payment as determined by BCBSM based upon BCBSM's credentialing, privileging, payment, reimbursement or other applicable published policy for the particular service rendered,in which case Provider assumes full financial responsibility for the denied claims. BCBSM will endeavor to apply like medical specialties to the claims review process.

Provider, however, may bill the Member for claims denied as Medically Unnecessary or experimental only as stated in paragraph 2, below;

2. Services determined by a BCBSM doctor or professional provider to be Medically Unnecessary or experimental, if the Member specifically agrees in writing in advance of receiving such services as follows:
 - a. The Member acknowledges that BCBSM will not make payment for the specific service to be rendered because it is deemed experimental or Medically Unnecessary.
 - b. The Member consents to the receipt of such services.
 - c. The Member assumes financial responsibility for such services, and
 - d. Provider provides an estimate cost to the Member for such services.
3. Covered Services denied by BCBSM as untimely billed, if all of the following requirements are met:
 - a. Provider documents that a claim was not submitted to BCBSM within one hundred eighty (180) days of performance of such services because a Member failed to provide proper identifying information; and
 - b. Provider submits a claim to BCBSM for payment consideration within three (3) months after obtaining the necessary information.

ADDENDUM E
SERVICE REPORTING AND CLAIMS OVERPAYMENTS

I. Service Reporting

Provider will furnish a claim or report to BCBSM in the form BCBSM specifies and furnish any additional information BCBSM may reasonably request to process or review the claim. All services shall be reported without charge, with complete and accurate information, including diagnosis with procedure codes approved by BCBSM, license number of reporting Provider and such other information as may be required by BCBSM to adjudicate claims.

Provider agrees to use reasonable efforts to cooperate with and assist BCBSM in coordinating benefits with other sources of coverage for Covered Services by requesting information from Members, including but not limited to information pertaining to worker's compensation, other group health insurance, third party liability and other coverages. Provider further agrees to identify those Members with Medicare coverage and to bill BCBSM or Medicare consistent with applicable federal and state laws and regulations. When Provider is aware the patient has primary coverage with another third party payer or entity, Provider agrees to submit the claim to that party before submitting a claim for the services to BCBSM.

II. Overpayments

Provider shall promptly report overpayments to BCBSM discovered by Provider, and agrees BCBSM will be permitted to deduct overpayments (whether discovered by Provider or BCBSM) from future BCBSM payments, along with an explanation of the credit action taken. In audit refund recovery situations, where Provider appeals the BCBSM determination, BCBSM will defer deduction of overpayments until the arbitration determination, or the last unappealed determination, whichever occurs first. Audit refund recoveries and other overpayment obligations which cannot be fully repaid over the course of one month, will bear interest at the BCBSM prevailing rate, until fully repaid. Interest will run from the date of arbitration determination or last date an appeal could have been filed whichever is earlier. Provider agrees that filing an appeal tolls the applicable statute of limitations that may apply to BCBSM actions relating to the overpayment or recovery.

ADDENDUM F
AUDIT AND RECOVERY POLICY

I. Records

BCBSM or its designee shall have access to the Member's medical records or other pertinent records of Provider to verify Medical Necessity and appropriateness of payment and may inspect and photocopy the records. BCBSM will reimburse Provider for the reasonable copying expense incurred by Provider where Provider copies records requested by BCBSM in connection with BCBSM audit activities.

Provider shall prepare and maintain all appropriate records on all Members receiving services, and shall prepare, keep and maintain records in accordance with BCBSM's existing record keeping and documentation requirements and standards previously communicated to Providers by BCBSM, any such requirements subsequently developed which are communicated to Provider prior to their implementation, and as required by law.

II. Scope of Audits

Audits may consist of, but are not necessarily limited to, verifications of services provided, Medical Necessity of services provided, and appropriateness of procedure codes reported to BCBSM for the services rendered. The Provider Retrospective Profiling System ("PRP") is one component of BCBSM audit policy. Audits may be conducted outside the Program based on review of information and data different from or not available under PRP.

III. Time

BCBSM may conduct on-site audits during Provider's regular business hours. BCBSM's inspection, audit and photocopying or duplication shall be allowed during regular business hours, upon reasonable notice of dates and times.

IV. Recovery

BCBSM shall have the right to recover amounts paid for services not meeting applicable benefit criteria or which are not Medically Necessary as determined by BCBSM under Addendum A. BCBSM shall have the right to recover amounts for services not meeting the applicable benefit, reimbursement or Medical Necessity criteria established by BCBSM, overpayments, services not documented in Provider's records, any services not received by Member, non-Covered Services or for services furnished when Provider's license was lapsed, restricted, revoked or suspended. BCBSM will not utilize statistical sampling methodologies to extrapolate refund requests on Medical Necessity issues identified through sampling. BCBSM may extrapolate refund recoveries from statistically valid samples involving issues other than Medical Necessity, including, but not limited to, procedure code billing errors.

BCBSM shall have the right to initiate recovery of amounts paid for services up to eighteen (18) months from the date of payment or up to twenty-four (24) months from the date of payment as required by a (a) self-insured plan or (b) state or federal government plan. In instances of fraud, there will be no time limit on recoveries.

BCBSM will identify routine uses of Member personal data and notify Members regarding these uses.
