The information in this document is based on BCBSM's review of the national health care reform legislation and is not intended to impart legal advice. Interpretations of the reform legislation vary, and efforts will be made to present and update accurate information. This overview is intended as an educational tool only and does not replace a more rigorous review of the law's applicability to individual circumstances and attendant legal counsel and should not be relied upon as legal or compliance advice. Analysis is ongoing and additional guidance is also anticipated from the Department of Health and Human Services. Additionally, some reform regulations may differ for particular members enrolled in certain programs such as the Federal Employee Program, and those members are encouraged to consult with their benefit administrators for specific details.

The information in this document is valid as of November 1, 2010.

## Health Care Reform Riders that amend current Certificates

**The interim, deferral and grandfather riders have no rate. All other health care reform riders are rated forms.**  
*Note: the applicable preventive rider must be maintained for any group-wide change occurring 1/1/11 or later except for groups that have deferred or grandfathered. For those groups, the prior preventive riders are to be retained.*
