PCP Focus

Health care centered around your business

PCP Focus

A custom provider network that saves you money.

PCP Focus is a new custom primary care physician HMO network available in Southeast Michigan. It is geared toward cost-conscious employers and offers generous premium savings. The PCP Focus network provides quality medical care for you and your employees by featuring:

- Flexibility
- Choice
- Affordability

The PCP Focus network maximizes care at a lower cost by offering efficient managed medical care to members who choose a doctor from our tailored primary care physician network. This network keeps premiums affordable and offers all the protection your employees need to improve their health.

Centered where you work, live and play

PCP Focus is available to groups of 2-49 located in the following seven counties:

- Livingston
- Macomb
- Monroe
- Oakland
- St. Clair
- Washtenaw
- Wayne

 PCP Focus counties

Savings

The PCP Focus network was designed to be paired with select packaged BCN 5, deductible, Healthy *Blue* LivingSM or Healthy *Blue* Living RewardsSM plans.

- Groups that pair PCP Focus with a BCN 5 or deductible package plan can save up to 10 percent in premiums.
- Those who combine it with Healthy *Blue* Living or Healthy *Blue* Living Rewards can save up to an additional 5 percent on already discounted rates.

Flexible quality care

PCP Focus offers your employees a choice of more than 1,000 primary care physicians located across seven counties in Southeast Michigan. This includes more than 40 percent of the doctors from the BCN network in those counties.

The PCP Focus network provides the flexibility to see almost any of BCN's more than 14,000 specialists and access to most leading BCN-contracted hospitals and facilities in Michigan.

The primary care physicians in the PCP Focus network maintain the same high level of quality medical care you and your employees deserve and expect. The efficiency of PCP Focus doctors allows BCN to pass additional cost-savings on to our customers.

Finding a doctor

A complete list of all the doctors, hospitals and facilities included in the PCP Focus network can be found at **MiBCN.com/find**. Members select their PCP Focus primary care physician by logging in to *Member Secured Services* at **MiBCN.com** or calling the Customer Service number on the back of their ID cards.

NOTE: Members living in the seven PCP Focus network counties must select a primary care physician from the network to have medical services covered.

What if I have office locations outside the seven PCP Focus counties or have employees who don't live in the PCP Focus network area?

If your business has two or more locations in Michigan, and at least one of those locations is in the seven-county PCP Focus network area, then the following guidelines would apply:

- **Southeast Michigan location:** All employees and their family members living in the PCP Focus network area must select a PCP Focus primary care physician.
- **Location in another part of the state:** Your location outside of the seven PCP Focus network counties would be part of the regular BCN network and employees and family members would select a primary care physician close to their home or work.

If your business is located in Southeast Michigan, but you have employees living outside the seven PCP Focus network counties, then the following guidelines would apply:

- **Employees living in Southeast Michigan:** All employees and family members living in the PCP Focus network area must select a PCP Focus primary care physician.
- **Employees living in other parts of the state:** Employees and family members living outside the seven PCP Focus counties have the option to select almost any BCN primary care physician in the BCN network. Examples of this may include a salesperson located in another region of the state, split families, students and dependents up to age 26 living away from home.

Note: McLaren Health Care made a business decision not to participate with the PCP Focus network, and we have to honor their decision. This means that McLaren's doctors, hospitals and facilities are not included in the network.

Benefits of being BLUE

PCP Focus offers the same great benefits you've come to expect from BCN but with a tailored network that promotes quality medical care at a more affordable cost. Benefits include wellness tools and programs, online resources and healthy discounts and services. Visit **MiBCN.com**, or read your product's plan materials for additional information.

Blue Care Network is Michigan's largest managed care organization. It's also the only HMO health care plan backed by the reputation and security of Blue Cross Blue Shield of Michigan.
