Dear <Cardholder>:

We've enclosed a list of products that were paid for in error under your prescription benefit. The reason we're including the list with this is to inform you that, beginning July 1, 2012, we'll no longer cover the brand-name products that appear on the list.

Our records show that you or someone on your contract received one of the products listed. Your pharmacy coverage agreement only provides coverage for drugs approved by the U.S. Food and Drug Administration. These brand-name products aren't approved by the FDA and, therefore, aren't covered.

There may be prescription drugs covered under your pharmacy benefit that may be available to treat your condition. Please contact your physician to discuss alternative drugs that can be prescribed to you and are available on our approved drug list.

If you have any questions, please call the customer service number on the back of your Blues ID card.

Sincerely,

A handwritten signature in cursive script that reads "Laurie Wesolowicz".

Laurie Wesolowicz, Pharm.D.
Director
Pharmacy Services Clinical

Enclosure
