The annual out-of-pocket maximum (OOPM) is the limit to the total dollar amount you could be required to pay for covered services during the plan year. The individual OOPM applies to any one family member. The family OOPM is the collective amount that could be paid by any combination of family members.		
² The Individual deductible only applies to employee only coverage. The aggregate deductible means that the Family deductible applies to the coverage of employee plus spouse and/or other dependents. Any one member of the family or any combination of family members may fulfill the entire family deductible. The applicable deductible must be fulfilled prior to services being paid by the plan.
