You're eligible for more from your Medicare coverage

Medicare Plus Blue PPO is a Medicare Advantage Prescription Drug plan from Blue Cross Blue Shield of Michigan. This type of plan — otherwise known as Medicare Part C — combines all the benefits of Medicare Part A and Part B plus extra benefits and services not included in Original Medicare. In 2023, **Medicare Plus Blue** will include Medicare Part D prescription drug coverage. Your Blue Cross member ID card will be used for all your medical and pharmacy benefits.

The Medicare Advantage PPO plan is the primary plan for Medicare-enrolled Trust members. The Trust has offered **Medicare Plus Blue** to members since 2012.

Protected members — those who retired prior to Oct. 1, 1990 or are the surviving spouse of a retiree who retired prior to Oct. 1, 1999 — are eligible for the **Medicare Plus Blue** plan specifically for protected members. With **Medicare Plus Blue**, you have access to thousands of network doctors and hospitals, wellness and preventive services throughout the U.S. and access to urgent and emergency care worldwide. There are also thousands of pharmacies you can access close to your home or when you're on the go. And it's all from Blue Cross – the company you know and trust.

Medicare Plus Blue PPO plan protected members pay no separate Medicare Part B deductible, no monthly contribution and nothing for doctor’s visits, including specialist visits.*

Take a look:

Monthly contribution	\$0
Deductible	
Coinsurance	
Out-of-pocket maximum	
Primary care provider visit copay	
Specialist office visit copay	
Urgent care or retail health clinic copay	\$25
Emergency room copay	\$50

*You'll still need to pay your Medicare Part B premium

Here’s a few of the extras you’ll enjoy:

Enhanced coordination with Medicare: One member ID card for all medical and pharmacy benefits.

Pharmacy: Starting in 2023, you’ll get your prescription benefits through Blue Cross. That means you’ll use your Blue Cross member ID card when you visit the pharmacy. See Page 11 for more information

Care support programs: To help you manage chronic and complex conditions and help improve your health and wellness.

In-home visits: A licensed doctor or nurse will come to your home to review your health needs, assess the safety of your home, review medications and share the summary of your visit with your doctor.

SilverSneakers® fitness program: Free membership in a network of thousands of participating gyms nationwide. You can also attend one of many virtual classes or request a home fitness kit.

Blue Cross Online VisitsSM: 24-hour access to a licensed doctor who can help answer health questions by web, phone or mobile app.

24-Hour Nurse Line: 24/7 access to nurses who can help answer health questions over the phone.

The ABCs of Medicare

Original Medicare Part A

Medicare Part A helps cover an inpatient stay at the hospital, skilled nursing facility or rehabilitation facility. Here are just a few of the costs that are covered through Part A:

- A semi-private hospital room
- Drugs, medical supplies, medical equipment, lab tests, X-rays and radiation treatment as an inpatient
- Operating room and recovery room services
- Some blood transfusions in a hospital or skilled nursing facility
- Rehabilitation services, such as physical therapy through home health care

Original Medicare Part B

Medicare Part B goes hand-in-hand with Part A. It covers the cost of doctor visits – including an annual wellness exam — and other medical services. You can count on it for expenses, such as:

- Visits to your doctor and outpatient medical services
- Emergency services
- Clinical laboratory services, such as blood and urine tests
- Preventive care, including flu shots and preventive screenings, such as mammograms, colorectal and prostate cancer screenings

When enrolled in the Medicare Advantage plan, you'll still need to pay your Part B premium.

Becoming eligible for Medicare

In most cases, if you already receive Social Security, you'll be automatically enrolled in Medicare Part A and Part B. You may contact the Social Security Administration to verify your enrollment.

If you need to enroll in Medicare Part A and Part B follow these **three easy** steps:

- 1** **Call** the Social Security Administration at 1-800-772-1213. TTY users call 1-800-325-0778.
- 2** **Apply online** at the official website: ssa.gov/medicareonly/
- 3** **Visit your local Social Security office.**

Part C adds extra benefits

When private insurance companies contract with the federal government to administer Original Medicare benefits this is called a Medicare Advantage plan. Medicare Advantage plans combine all Original Medicare benefits, rights and protections with extra benefits. Our Medicare Plus Blue plan includes benefits you won't get from Original Medicare including:

- Prescription drug coverage
- Blue Cross Coordinated Care CoreSM
- In-Home Visits
- 24-Hour Nurse Line
- SilverSneakers[®] Fitness program

Medicare Part D

Medicare Part D is prescription drug coverage.

New for 2023: Prescription drug coverage

Your UAW Trust prescription drug benefits will be provided by Blue Cross as part of your **Medicare Plus Blue** plan. The plan provides coverage through a nationwide network of retail pharmacies, as well as a convenient mail-order program.

Medications are assigned to one of three copay categories called tiers. When you fill a prescription, your copay amount will be based on whether the drug is generic, preferred or non-preferred drug and how the drug is dispensed – retail pharmacy or mail order. If the cost of the drug is less than your copay, you’ll only pay the cost of the drug.

What’s the difference between generic and brand name?

Generic drugs are widely available and carefully regulated. They offer the same benefits as their brand-name counterparts at a fraction of the cost. On average, generic drugs cost 80% to 85% less than the brand name product. Unless your doctor indicates a specific brand, your prescription will be filled with a generic equivalent.

Retail pharmacy vs. mail-order delivery?

Filling prescriptions at a pharmacy is perfect for short-term needs, for example when you have a prescription for an antibiotic. Choosing retail is also great when your doctor is still trying to establish the appropriate drug, strength and dosage for your ongoing needs. We have an easy-to-use online *Find a Pharmacy* tool to help you locate a participating pharmacy near you.

The mail-order option is the more convenient and cost-effective way to get ongoing prescription medications, for example maintenance drugs, such as cholesterol medications. You can order up to a 90-day supply of your prescription delivered to your home, and the shipping is free. Mail order offers a great savings opportunity since you’ll pay the same low copay as the retail copay for three times the amount of medication.

More information will be sent to current members as we approach the new plan year. As always, Blue Cross is here to help you through this transition.

	Retail 30-day supply	Mail order 90-day supply
Tier 1 Generic & covered immunizations	\$5	\$5
Tier 2 Preferred brand	\$40	\$40
Tier 3 Non-preferred drug	\$115	\$115
Out-of-pocket maximum <i>Includes copays for Tier 1 and Tier 2 medications. Tier 3 medications are excluded</i>	\$1,500	

Frequently asked questions

You'll find the answers to all these questions and more at www.bcbsm.com/protectedplan

What is Medicare Plus Blue PPO?

Medicare Plus Blue PPO is the name of the Blue Cross Medicare Advantage PPO plan. It is an all-in-one Medicare Advantage plan, that combines Medicare Part A and Part B with additional benefits including prescription drug coverage, otherwise known as Medicare Part D. Blue Cross has a contract with Medicare to administer your health care benefits.

Am I eligible?

You're eligible for the Blue Cross Medicare Plus Blue PPO plan if you meet the following conditions:

- You're enrolled in Medicare Part A and Part B.
- You're a permanent resident of Missouri or Tennessee. Your permanent address must be in one of the two states listed, however you're covered for services in all 50 states.

Note: You can only be enrolled in one Medicare Advantage plan at a time.

What happens to my non-Medicare eligible family members?

All non-Medicare eligible family members will remain in their current plan.

What's the difference between the Medicare Plus Blue plan and the Traditional Care Network plan?

TCN supplements your Original Medicare coverage while the Medicare Plus Blue plan packages all your Original Medicare, Part D and extra benefits into one plan.

Our Medicare Advantage plan operates under a contract with Medicare, and includes Medicare Part D, a fitness benefit and other extras.

Medicare Advantage plans focus on health, not just health care, and can help you attain and maintain better health through coverage for preventive services, as well as care support and disease management programs.

With the Medicare Advantage plan, you only use your Medicare Plus Blue member ID card when you have medical services or visit the pharmacy, instead of using a prescription, a Medicare and a Blue Cross card.

Do I still pay the premium for Medicare Part B?

Yes. You must continue to pay your Medicare Part B premium.

What should I do with my Medicare card?

Keep it in a safe place and do not destroy it.

You won't need the Medicare card for as long as you're enrolled in the Medicare Plus Blue PPO plan. Your Blue Cross member ID card is the only card you'll need when you get medical care and prescription drugs.

Will I have to switch doctors?

No. You may see any doctor you wish, in or out of network. Find your doctors here: www.bcbsm.com/protectedplan

Do I give up my Medicare benefits when I enroll in a Medicare Advantage PPO plan?

No. You get all your Original Medicare benefits plus many that Medicare doesn't offer, such as prescription drug coverage, a SilverSneakers fitness membership, the Blue Cross 24-Hour Nurse Line and care support programs.

Am I locked into a plan?

No, you can switch your plan option at any time by calling Retiree Health Care Connect at **1-866-637-7555**. TTY users call **711**.

How does my coverage work when I travel in the U.S.?

Your benefits travel with you. You have access to providers anywhere in the United States. Call Customer Service at the number on the back of your member ID card or visit www.bcbsm.com/protectedplan to find a provider wherever you are. Be sure to show your new ID card when you visit a doctor's office, pharmacy or hospital. The card contains important information about your coverage and how to file claims.

Does the Medicare Plus Blue plan cover services outside the U.S.?

Yes. Your plan covers urgent and emergency care worldwide.

Can I keep my Medicare Part D coverage from another provider?

According to the Centers for Medicare & Medicaid Services, you're only able to have one Part D coverage plan. If you'd like to have the Medicare Plus Blue plan, you'll need to disenroll from your other Part D coverage. Then, call Retiree Health Care Connect to remain in the Medicare Plus Blue plan.

Here's what happens next:

The UAW Trust notifies us of your plan selection.

Look for your member ID card and welcome packet.

You'll receive your new Blue Cross Blue Shield of Michigan member ID card and a welcome kit one to two weeks before your coverage date. The welcome kit will help you get the most out of your plan. It includes *Evidence of Coverage*, a booklet that describes your benefits and how to use the plan, plus other materials you'll need to get started.

Begin enjoying the confidence of being covered by Medicare Plus Blue along with our enhanced benefits.

Begin using your new Blue Cross member ID card on the date your coverage starts. Your SilverSneakers card will arrive separately four to six weeks after your coverage starts. Until it arrives, you may use your Blue Cross member ID card at the SilverSneakers location of your choice.
