Waivers

University of Michigan – Ann Arbor Campus

If you're eligible for health insurance benefits administered by the University of Michigan Benefits office because you are or will be a University of Michigan employee or a UM fellowship-holder whose fellowship includes GradCare, please enroll yourself and any eligible dependents in that coverage as soon as possible. Be sure to review hr.umich.edu/benefits-wellness/benefits-enrollment/benefits-enrollment-eligibility/new-employee-benefits-information for an explanation of enrollment procedures and deadlines.

Once you and any accompanying F-2 or J-2 **dependents** are enrolled in these benefits, your International Student/Scholar Health Plan coverage will be cancelled and any needed adjustments (credits) will be made to your insurance account. The cancellation date will depend on the effective date of your University of Michigan benefits. No waiver request form is required; this is an automated process.

International students and J-1 exchange visitors who would like to substitute private insurance or insurance provided by a sponsor for the International Student/Scholar Insurance Plan should fill out and submit the *International Health Insurance Waiver Request Form*, available on the International Center website, to request approval of an insurance waiver and cancellation of International Student/Scholar Health Plan coverage.

More information about requesting a waiver and about the coverage an insurance plan must have in order for a waiver to be approved is available at internationalcenter.umich.edu/resources/healthins/waiver.

University of Michigan – Dearborn Campus

If you're eligible for health insurance benefits administered by the University of Michigan Benefits office because you are or will be a University of Michigan-Dearborn employee or a UM fellowship holder whose fellowship includes GradCare, please enroll yourself and any eligible dependents in that coverage as soon as possible by following the procedures given to you by your hiring department. Once the Office of International Affairs is notified that you and any accompanying F-2 or J-2 dependents are enrolled in these benefits, your International Student/Scholar Health Plan coverage will be cancelled and any needed adjustments (credits) will be made to your student account. Since this is not an automatic process, you or your hiring department must inform the Office of International Affairs of your GradCare benefits; otherwise, you may be enrolled in both BCN and GradCare.

Students and scholars who would like to substitute private insurance or insurance provided by a sponsor must request an insurance waiver by filling out the waiver request form and attaching information about the insurance coverage they want to substitute for the BCN plan. Upon approving a waiver, the Office of International Affairs will update Student Accounts and any necessary adjustments (credits) will be made. More information about requesting a waiver and about the coverage an insurance plan must have in order for a waiver to be approved is available at umdearborn.edu/office-international-affairs/incoming-international-students-prepare-arrive/health-insurance.

University of Michigan – Flint Campus

International students and scholars who would like to substitute private insurance or insurance provided by a sponsor for the International Student/Scholar Health Plan should fill out and submit the *International Health Insurance Waiver Request Form*. Waiver forms can be obtained by logging in to the International Student/Scholar portal, iService (sunapsis.umflint.edu). Upon approving the waiver, the **Center for Global Engagement** (umflint.edu/cge/) will update student accounts and any necessary adjustments will be made.

More information about requesting a waiver and about the coverage an insurance plan must have in order for a waiver to be approved is available at umflint.edu/cge/student-resources/health-insurance.

Coverage end date

University of Michigan – Ann Arbor Campus

Your coverage under the International Student/Scholar Health Plan will extend through the end date of your I-20 or DS-2019, or through the end of your F-1 post-completion optional practical training, including the STEM extension of OPT, for students who are recommended for post-completion OPT. If those end dates change, the end date of your health insurance coverage will also change.

University of Michigan – Flint Campus

Your coverage under the International Student/Scholar Health Plan will extend through the end date of your I-20 or DS-2019. If those end dates change, the end date of your health insurance coverage will also change. Effective August 31, 2024, F-1 students who graduate in or after December 2024 will no longer be eligible for the BCN UM International Student/Scholar Health Plan during their period of Post-Completion OPT.

Alternative health insurance options for these students:

- If eligible, enroll in the BCN Continuation Plan. For more information see Page 8 of this Member Guide, or to enroll in the continuation plan, visit jcbins.com.
- If available, enroll in your employer's health insurance plan.
- If available, enroll in a spouse's health insurance or in a private health insurance plan.

Exception: F-1 students whose OPT began prior to August 31st, 2024 will be grandfathered into the BCN UM International Student/Scholar Health Insurance Plan for the duration of their OPT/STEM period. Any F-1 student with an active OPT waiver will not be eligible to rejoin the BCN plan. Once an OPT student removes themselves from the plan, they cannot re-enroll in the plan.

University of Michigan – Dearborn Campus

Your coverage under the International Student/Scholar Health Plan will extend through the program end date of your I-20 or DS-2019. If those end dates change, the end date of your health insurance coverage will also change.

Please note, Dearborn F1 students on post-completion and STEM extension optional practical training are not eligible for BCN's UM International Student/Scholar Health Plan.

Alternative health insurance options for post-OPT/STEM OPT students are:

- If eligible, enroll in the BCN continuation plan (**see page 8**).
- If available, enroll in employer's health insurance plan.
- If available, enroll in spouse's health insurance or a private health insurance plan.

Automatic reenrollment in the International Student/Scholar Health Plan

University of Michigan – Ann Arbor Campus

If your alternative coverage ends before the end of your stay as an F-1 or J-1 student or scholar, you will be reenrolled in the International Student/Scholar Health Plan. Also, if a waiver request form has been approved for private insurance or insurance provided by a sponsor, and the time period for which the waiver has been approved has ended, and the waiver is not renewed or is not reapproved, you will be reenrolled in the International Student/Scholar Health Plan if you have not yet completed your stay as an F-1 student or J-1 student or scholar. If you leave the university permanently before the end date of your I-20 or DS-2019, or leave the United States because you have decided not to complete your post-completion optional practical training, login into the M-Passport portal:

- Choose *Requests > Departure Form (students)* or *Requests > Notice of Early Departure (scholars)*
- Then follow the instructions to submit the form

If you do not submit a departure form, or a notice of early departure, the International Center will not know that you have ended your F-1 or J-1 stay, and you may be billed for health insurance, either because your enrollment in the International Student/Scholar Health Plan will be continued or because you will be automatically reenrolled in the International Student/Scholar Health Plan if your alternative coverage or your insurance waiver ends before your I-20, DS-2019 or (for F-1 students on optional practical training) your OPT end date.

If your immigration status has changed and you're no longer in F-1 or J-1 immigration status, it's your responsibility to notify the university by following the procedure explained at **internationalcenter.umich.edu/students/faq** under "no longer in F or J status."

You may have the option of continuing your University of Michigan International Student/Scholar Health Plan for a short period of time after your change of status. Contact the UM International Center's Health Insurance office **internationalcenter.umich.edu/resources/healthins/hours** for more information.

Continuation of coverage

Once an international student's or international visiting scholar's status as a University of Michigan F-1 or J-1 visa holder ends, the international student or international visiting scholar may be eligible to continue coverage in this plan for a period not to exceed a maximum of three months. The maximum length of the continuation shall be determined by the date your coverage ends under the F-1 or J-1 status with the university (as reported to BCN), and must be purchased in one-, two-, or three-month intervals. The continuation plan may only be purchased once in a policy year (September 1 through August 31) and cannot be extended or extend beyond the end of a policy year (August 31). To be eligible for continuation, you must have been enrolled under the University of Michigan International Student/Scholar Health Plan prior to the start of the continuation. International students or international visiting scholars may also cover eligible dependents under this provision. Coverage for dependents shall be for the same period as the student, and the dependents must have been covered under the plan prior to the continuation start date. Enrollment in the continuation of coverage must be completed by the end of the month in which your eligibility under this provision begins.

Refund policy

A **covered person** entering the armed forces of any country will not be covered under the policy as of the date of such entry. In this case, a pro-rata refund of premium will be made for any such person and any **covered dependents** upon written request received by BCN within **90 days** of withdrawal from school.

Leaving UM or not enrolling in classes does not automatically cancel your participation in the International Student/Scholar Health Plan.

University of Michigan – Ann Arbor Campus

UM F-1 or J-1 students or scholars who leave the university permanently earlier than they anticipated, should complete the appropriate departure form so that the International Center can make appropriate adjustments to their SEVIS (Student and Exchange Visitor Information System) records. Once this form is processed, the end date of your insurance coverage will also be adjusted if necessary. To submit a departure form, login to the M-Passport portal:

- Choose *Requests > Departure Form (students)* or *Requests > Notice of Early Departure (scholars)*
- Then follow the instructions to submit the form

There are some situations in which you may need to submit a *Change Form* instead of or in addition to a departure form in order to change the end date of your insurance coverage. All *Change Forms* must be approved by the Health Insurance Advisor. For more information, contact the Health Insurance Advisor at ihi@umich.edu.

University of Michigan – Dearborn Campus

UM-Dearborn F-1 or J-1 students or scholars who leave the university permanently earlier than they anticipated, must notify the Office of International Affairs by phone at **313-583-6600** or by email at umdoia-international@umich.edu so the appropriate adjustments to their SEVIS (Student and Exchange Visitor Information System) record can be made. Once the Office of International Affairs updates your SEVIS record, the end date of your insurance coverage will be adjusted if necessary. All coverage cancellation requests or requests to change the end date of your insurance coverage must be approved by the Health Insurance Coordinator. For more information, contact the Health Insurance Coordinator at **313-583-6600** or at umdoia-international@umich.edu.

University of Michigan – Flint Campus

UM F-1 or J-1 students or scholars who leave the university permanently earlier than they anticipated, should complete the appropriate departure form and health insurance cancellation form so the International Center can make appropriate adjustments to their SEVIS (Student and Exchange Visitor Information System) records. Once these forms are processed, the end date of your insurance coverage will also be adjusted if necessary. Departure and health insurance cancellation forms are available at sunapsis.umflint.edu. Follow the instructions on the form. For more information, contact the **Center for Global Engagement** (umflint.edu/cge/).

Dependent coverage

Eligibility

Covered students may also enroll their lawful spouse or same-sex domestic partner and **dependent** children to **age 26**. **Dependent** eligibility expires concurrently with that of the insured student.

Enrollment

Accompanying F-2 and J-2 **dependents** of F-1/J-1 international students and international visiting scholars will be enrolled in the International Student/Scholar Plan as soon as the student or scholar has completed the mandatory check-in process, and coverage will start on the student's or scholar's Form I-20 or DS-2019 start date (Form I-20, program start date in the program of study box, or Form DS-2019, Item 3).

Your primary care provider

YOUR CONNECTION TO CARE

Primary care

When you enroll with Blue Care Network and are a student or scholar on the Ann Arbor campus, we'll assign you a University Health Service primary care provider, who's based on the Ann Arbor campus. If you're a student on the Dearborn and Flint campuses, you'll be assigned a Blue Care Network contracted provider in your area. This is your primary care provider, or PCP.

You are not required to get a referral from your PCP prior to receiving health care, but **may be** required to get authorization from your PCP for **select services**. To see a list of services that require authorization, visit bcbsm.com/importantinfo and click *Services that need prior authorization*. You can change your PCP at any time by logging in to your account at bcbsm.com.

What you pay

KEY TERMS

Balance billing

Occurs when a provider bills you for the difference between their charge and the BCN-approved amount, also known as the allowed amount. You're responsible for amounts charged by out-of-network providers that exceed the approved or allowed amount. Balance billed charges do not apply towards your out-of-pocket maximum.

Covered services

These are health care services, prescription drugs and equipment or supplies that are medically necessary, meet requirements and are paid in full or in part by your plan.

Copayment (or copay)

A fixed dollar amount you pay each time you get certain types of care (for example, \$20 for a visit to your PCP).

Coinsurance

Your share of the costs of a covered service, calculated as a percentage (for example, you pay 10% of the BCN-approved amount, and BCN pays 90%).

Deductible

The amount you must pay for most health care services before BCN begins to pay. The deductible may not apply to all services.

Out-of-pocket maximum

The most you may have to pay for covered health care services during the year. The out-of-pocket maximum includes your medical deductible, copays and coinsurance.

Medical supplies and lab services

SPECIAL MEDICAL ITEMS

Sometimes, when you're recovering from an operation or an illness, you may need special equipment, such as a wheelchair or oxygen tank, to maintain your quality of life. These types of items are called **durable medical equipment**.

Your doctor will tell you what you need and write a prescription. BCN only covers basic equipment that you can use at home. If the equipment you want has special features that aren't medically necessary or are considered a luxury, you can choose to pay the cost difference between the basic item and the one with special features.

Northwood Inc. works with BCN to provide durable medical equipment, as well as prosthetic and orthotic appliances for members.

To locate a Northwood provider near you, call Northwood at **1-800-667-8496**. Representatives are available from 8:30 a.m. to 5:30 p.m. Monday through Friday. On-call associates are available after business hours.

Your drug benefit

PRESCRIPTION DRUG COVERAGE

For information about what you pay when you fill a prescription, log in to your account at [bcb.sm.com](https://bcb.sm). Then click on *Coverage* then *Prescription*, then *Find & price medications*. See also Page 23 in this booklet for your drug benefit copayment information.

Providing better value

Our list of drugs is grouped into categories, or tiers, with the safest and least expensive drugs in the lower tiers. Your out-of-pocket cost is defined by one of these tiers.

- **Preferred and nonpreferred generic – Covered with 10% coinsurance**
These drugs are your most cost-effective option for treatment.
- **Preferred brand – Covered with 10% coinsurance**
These brand-name drugs cost more because there's no generic equivalent.
- **Nonpreferred brand – Covered with 10% coinsurance**
These drugs aren't on our list of approved drugs.
- **Preferred and nonpreferred specialty – Covered with 10% coinsurance**
These drugs treat complex and chronic conditions and require special handling.

Go generic

Generic drugs are made with the same active ingredients as their brand-name equivalents, making them safe and effective treatment options. Because they cost much less than brand-name drugs, your prescription will automatically be filled with a generic drug when medically appropriate.

Drug management ensures safety

We review certain drugs to ensure that your prescriptions are safe, affordable and appropriate.

Here are some ways we ensure safety:

- Our quantity limits review ensures that the dose prescribed for you is safe.
- Our pharmacy claims system is programmed to identify harmful drug interactions.

Virtual care

You and your dependents can get fast, convenient, affordable medical and behavioral health care virtually with a doctor when your primary care provider isn't available.*

Convenient virtual care for body and mind

When you or someone in your plan has a minor illness, such as a cold, bladder infection, sprain or other similar condition, simply use your smartphone, tablet or computer to log in and meet face to face with a U.S. board-certified doctor online — 24 hours a day, seven days a week.

Virtual visits also give you more choices for behavioral health care. Schedule an appointment and talk to therapists and psychiatrists about anxiety, grief and other life challenges from the comfort of home.

Virtual care is most convenient when:

- Your primary care provider isn't available.
- You can't leave home or your workplace.
- You're on vacation or traveling for work.
- You're looking for affordable after-hours care.

Benefits at a glance for UM Student Health Plan 2024-2025

This is intended as an easy-to-read summary and provides only a general overview of your benefits. **It's not a contract.** Additional limitations and exclusions may apply to covered services. For a complete description of benefits, please see the applicable *Certificate of Coverage* and riders. Payment amounts are based on the BCN-approved amount, less any applicable deductible, coinsurance and copayment amounts required by the plan. If there's a discrepancy between these benefits at a glance and any applicable plan documents, the plan document will control. This coverage is provided pursuant to a contract entered into in the state of Michigan and shall be construed under the jurisdiction and according to the laws of the state of Michigan. Services must be provided or arranged by your primary care provider or health plan.

Note:

- When you enroll with Blue Care Network and are a student or scholar on the Ann Arbor campus, we'll assign you a University Health Service primary care provider, who's based on the Ann Arbor campus. If you're a student on the Dearborn and Flint campuses, you'll be assigned a Blue Care Network contracted provider in your area. You can change your primary care provider at any time by logging in to your account at bcbsm.com.
- All currently enrolled UM students on the Ann Arbor campus who pay the health service fee as part of tuition are eligible for services at UHS, and do not pay the International Student/Scholar Health Plan office visit copay when seen at UHS. When appropriate, UHS can bill your insurance for services not supported by the health service fee, such as for medications, certain immunizations, laboratory testing, radiology and eye care. Students and Scholars who do not pay the health service fee are still eligible for services at UHS but on a fee-for-service basis.
- Balance billing occurs when a provider bills you for the difference between their charge and the BCN-approved amount, also known as the allowed amount. You're responsible for amounts charged by out-of-network providers that exceed the approved or allowed amount. Balance billed charges do not apply towards your out-of-pocket maximum.
