## Finding providers to provide injectable medications to treat opioid use and behavioral health conditions through home infusion therapy and ambulatory infusion centers

For Blue Cross PPO (commercial) members

December 2020

If your doctor has prescribed an injectable medication for opioid use or some behavioral health conditions, Blue Cross Blue Shield of Michigan PPO members may be able to have the injection administered in your home or an ambulatory infusion center (AIC). Contact your doctor for a referral or call the behavioral health number on the back of your Blue Cross ID card for assistance.

**Important!** For the most current contact information for the providers listed in the table below, check with these centers directly and confirm location details when scheduling.

Center	Location and telephone number
Dickinson Memorial Hospital	1721 S. Stephenson Ave. Iron Mountain, MI 49801  (906) 774-1313
MIIVRX	49 E. Isabella Rd. Ste A Midland MI 48640  (989) 631-3636
Tri Unity Infusion	447 South Whittaker St New Buffalo, MI 49117  (844) 214-4446

The following drugs are now included in the list of injectable medications payable in ambulatory infusion centers or the home setting by home infusion therapy providers for Blue Cross Blue Shield of Michigan's PPO plans:

Procedure code	Drug name
J0401	Injection, aripiprazole, extended release, 1 mg
J1943	Injection, aripiprazole lauroxil (aristada initio), 1 mg
J1944	Injection, aripiprazole lauroxil (aristada), 1 mg
J2680	Injection, fluphenazine decanoate, up to 25 mg

## Finding providers to provide injectable medications to treat opioid use and behavioral health conditions through home infusion therapy and ambulatory infusion centers

For Blue Cross PPO (commercial) members

December 2020
