

Specialty Drug Program

Pharmacy Benefit Member Guide

Specialty drugs are used to treat complex conditions

Specialty drugs are prescription medications that require special handling, administration, or monitoring. These drugs treat complex and chronic conditions, including:

- Cancer
- Chronic kidney failure
- Multiple sclerosis
- Organ transplants
- Rheumatoid arthritis

There are two ways to fill specialty drug prescriptions

You can fill prescriptions for specialty drugs at a retail pharmacy, but not all pharmacies will dispense specialty drugs. Call your pharmacy in advance to verify that it can fill your prescription.

Blue Cross Blue Shield of Michigan and Blue Care Network also offers home delivery and support programs through AllianceRx Walgreens Pharmacy, an independent company that provides specialty pharmacy services for Blue Cross and BCN members.

If you have questions about Blue Cross' and BCN's specialty drug programs, please call AllianceRx Walgreens Pharmacy at 1-866-515-1355 or visit the website at alliancerxwp.com*.

Ordering specialty drugs is easy

You can order your specialty drugs through AllianceRx Walgreens Pharmacy, and your medication will arrive right at your home. Just have your doctor fax your specialty medication prescription to AllianceRx Walgreens Pharmacy at 1-866-515-1356.

Some members must use our exclusive pharmacy network for specialty drugs administered by AllianceRx Walgreens Pharmacy. To find out if your plan requires you to use AllianceRx Walgreens Pharmacy:

- Go to bcbsm.com
- Log in to your member account. If you don't have an account, just click on *Login* then *Register Now* to start one.
- Click on *My coverage*
- Click on *Prescription*

If you order your specialty medication through AllianceRx Walgreens Pharmacy home delivery, you can get the following support services anywhere in the United States.

- Personal attention from a patient-care coordinator will do all of the following:
 - Discuss the best way for you to take your medicine
 - Explain possible side effects
 - Call to remind you when you need a refill
- Ancillary supplies, if they're appropriate, to administer your medication. They are free with each new order and then as needed if you request them. These include syringes, alcohol swabs and sharps containers.
- A dedicated customer service staff, which is available Monday through Saturday at 1-866-515-1355. Automated ordering and emergency clinical support are available 24 hours a day, seven days a week.

If you have any questions, call the Customer Service phone number on the back of your Blue Cross or BCN member ID card.

Limited distribution specialty drugs

Some manufacturers limit the distribution of specialty drugs. These drugs are only available through designated pharmacies. Blue Cross and BCN have been able to secure access to these drugs through the following:

- Acaria Health: 1-800-511-5144
- Accredo Specialty Pharmacy: 1-800-803-2523
- AnovoRx: 1-844-288-5007
- Biologics: 1-800-850-4306
- Biomatrix: 1-855-359-9679
- Caremark: 1-800-237-2767
- Eversana: 1-636-519-2400
- LeMed Specialty Pharmacy: 844-795-3633
- Onco360° Oncology Pharmacy: 1-877-662-6633
- Optime Care: 1-888-287-2017
- Optum Specialty Pharmacy: 1-855-427-4682
- Orsini Healthcare: 1-800-410-8575
- PANTHERx Specialty Pharmacy: 1-855-726-8479

Specialty drug guide

Members can fill their specialty drug prescription at AllianceRx Walgreens Pharmacy home delivery or at a local retail specialty pharmacy. For the most up-to-date list, please see the *Specialty Drug Program Rx Benefit Member Guide* on **bcbsm.com** or call the Customer Service number on the back of your Blue Cross or BCN member ID card.

Self-administered drugs**

Our specialty pharmacy home delivery vendor is AllianceRx Walgreens Pharmacy, 1-866-515-1355. Coverage for these drugs will vary based on your pharmacy benefits. See your plan's drug list for specific coverage details.
