IMPORTANT HEALTH SAVINGS ACCOUNT INFORMATION

This HDHP is a health plan that contains certain requirements set by the Internal Revenue Service with respect to Deductible amount and Out-of-Pocket Maximums. A qualifying HDHP has a minimum annual Deductible and maximum Out-of-Pocket limits. The HDHP does not offer Copayments and Coinsurance for pharmacy and medical Services prior to satisfying the annual Deductible.

You must be covered by a HDHP if you want to open a Health Savings Account (HSA).

You have the option to open a Health Savings Account (HSA) if you have a HDHP, you have no other coverage (except limited purpose coverage) and you are not enrolled in Medicare.

NOTE: You cannot establish and contribute to an HSA unless you have Coverage under a HDHP. Your HSA money can be used to help pay your Deductible, Copayments, Coinsurance and Qualified Medical Expenses not covered by this Plan.

Only Services incurred after you establish your HSA are considered Qualified Medical Expenses. Expenses incurred before you establish your HSA are not considered Qualified Medical Expenses.

It is your responsibility to keep track of your HSA deposits and expenditures and keep all of your explanation of payments and receipts.

If you have questions about this Coverage, contact BCN Customer Service Department.

These definitions will help you understand the terms that we use in this Certificate. They apply to the entire Certificate. Other terms may be defined in subsequent sections of this Certificate. In addition to these terms, use of terms “we”, “us” and “our” refer to BCN or another entity or person BCN authorizes to act on its behalf. The terms “you” or “your” refer to the Member who is enrolled as either a Subscriber or Family Dependent.

Acute Care or Service is medical care that requires a wide range of medical, surgical, obstetrical and pediatric services. It generally requires a Hospital stay of less than 30 days.

Acute Illness or Injury is one that is characterized by sudden onset (e.g., following an injury) or presents as an exacerbation of disease and is expected to last a short time after treatment by medical or surgical intervention.

Assertive Community Treatment is a service-delivery model that provides intensive, locally based treatment to people with serious persistent mental illnesses.

Balance Billing, sometimes also called extra billing, is when a provider bills you for the difference between the provider’s charge and the Approved Amount. A BCN Participating Provider may not balance bill you for Covered Services.

Benefit is a covered health care Service as described in this Certificate.

Coordination of Benefits (COB) means a process for determining which certificate or policy is responsible for paying benefits first for Covered Services (primary carrier) when you have coverage under more than one policy. Benefit payments are coordinated between the two carriers to provide 100% coverage whenever possible for services covered in whole or in part under either plan, but not to pay in excess of 100% of the total allowable amount to which providers or you are entitled.

Copayment (Copay) is a fixed dollar amount you owe for certain Covered Services usually when you receive the service. A Copay can be added or amended when a Rider is attached. Your Deductible is based on amounts defined annually by the federal government for Health Savings Account related health plans. Payments made toward your Deductible are based on the Approved Amount at the time the claims are processed. The Deductible is not altered by an audit, adjustment, or recovery. For Prescription Drugs, your Deductible is not reduced by any rebate or other credit received directly or indirectly from the drug manufacturer. The Deductible applies to your Out-of-Pocket-Maximum. Your Deductible amount may be amended when a Rider is attached.

Chapter 1 — GENERAL PROVISIONS

Section 1: Eligibility, Enrollment, and Effective Date of Coverage

This section describes eligibility, enrollment and effective date of Coverage.

You must meet eligibility requirements set by BCN and the Group. Certain requirements depend on whether you are:

- Group Subscriber
- Family Dependent
- Dependent under a Qualified Medical Child Support Order
- Principally Supported Child

You must live in the BCN Service Area unless stated otherwise in this chapter.

1.1 Group Subscribers

Eligibility

You must do all of the following:

- Live in the BCN Service Area at least nine (9) months out of the year
- Be an active employee or eligible retiree of a Group
- Meet the Group's eligibility requirements

Enrollment

You must enroll within 31 days of becoming eligible or during an Open Enrollment Period.

NOTE: If you decline enrollment because of having other coverage, and that coverage ends, you may enroll if any COBRA coverage is exhausted, or the other coverage was terminated as a result of loss of employer contributions or loss of eligibility.

You must request enrollment within 31 days after the other coverage ends.

Effective Date

The effective date of Coverage depends on the contract between the Group and BCN.

1.2 Family Dependent

Eligibility

A Family Dependent may be:

- The legally married spouse of the Subscriber and who meets the Group's eligibility requirements
- A Dependent Child - a Subscriber's child including natural child, step child, legally adopted child or child placed for adoption or foster child placed by an agency or court order. The Dependent Child's spouse is not covered under this Certificate. The Dependent Child's children may be covered in limited circumstances.

NOTE: Newborn children, including grandchildren, may qualify for limited benefits immediately following their birth even if they are not listed on your contract. If the member who gave birth to the newborn is covered under this contract, see maternity care in the Inpatient Hospital Services section of this Certificate.

- A Dependent under a Qualified Medical Child Support Order

Dependent Children and a Dependent under a Qualified Medical Child Support Order are eligible for Coverage until they turn 26. The child's BCN membership terminates at the end of the Calendar Year in which they turn 26.

Exception: An unmarried Dependent Child and a Dependent under a Qualified Medical Child Support Order who becomes 26 while enrolled and who is totally and permanently disabled may continue health care Coverage if:

- The child is incapable of self-sustaining employment because of developmental disability or physical handicap
- The child relies primarily on the Subscriber for financial support
- The child lives in the Service Area
- The disability began before their 26th birthday

Physician certification, verifying the child's disability and that it occurred prior to the child's 26th birthday, must be submitted to BCN within 31 days of the end of Calendar Year in which the dependent child turns 26.

If the disabled child is entitled to Medicare benefits, BCN must be notified of Medicare coverage in order to coordinate benefits.

NOTE: A Dependent Child whose only disability is a learning disability or substance use disorder does not qualify for health care Coverage under this exception.

Enrollment

All eligible Family Dependents may be added to the Subscriber's contract as follows:

- During the annual Open Enrollment Period
- When the Subscriber enrolls
- Within 31 days of a "qualifying event," that is, birth, marriage, placement for adoption, qualified medical child support order or foster care placement. **NOTE:** See below for additional requirements for Dependents under a Qualified Medical Child Support Order.

Adopted children are eligible for health care Coverage from the date of placement.

NOTE: Placement means when the Subscriber becomes legally responsible for the child; therefore, the child's Coverage may begin before the child lives in the Subscriber's home

If the eligible Family Dependents were not enrolled because of other coverage, and they lose their coverage, the Subscriber may add them within 31 days of their loss of coverage with supporting documentation.

NOTE: Other non-enrolled eligible Family Dependents may also be added at the same time as the newly qualified Family Dependent.

Effective Date of Coverage - Other than Dependent under a Qualified Medical Child Support Order

- Coverage is effective on the date of the qualifying event, if the Family Dependent is enrolled within 31 days of the event.
- If the Family Dependent is not enrolled within 31 days, Coverage will not begin until the next Open Enrollment period's effective date.
- For a Family Dependent who lost coverage and notifies BCN within 31 days, Coverage will be effective when the previous coverage lapses. If you do not notify BCN within 31 days, Coverage will not begin until the next Open Enrollment Period's effective date.
- Adopted children are eligible for Coverage from the date of placement.

1.3 Dependent under a Qualified Medical Child Support Order

Eligibility

The child will be enrolled under a qualified Medical Child Support Order if the Subscriber is under court or administrative order that makes the Subscriber legally responsible to provide Coverage.

NOTE: A copy of the court order, court-approved settlement agreement or divorce decree is required to enroll the child. If you have questions about whether an order is "qualified" for purposes of State law, call your Group representative or Customer Service at the number provided on the back of your BCN ID card or see Section 7 Obtaining Additional Information.

Enrollment

The child may be enrolled at any time, preferably within 31 days of the court order. In addition:

- If the Subscriber parent who is under court order to provide Coverage does not apply, the other parent or the state Medicaid agency may apply for Coverage for the child.
- If the parent, who is under a court or administrative order to provide coverage for the child, is not already a Subscriber, that parent may enroll (if eligible) when the child is enrolled.
- Neither parent may disenroll the child from an active contract while the court or administrative order is in effect unless the child becomes covered under another plan.

Effective Date of Coverage

- If BCN receives notice within 31 days of the court or administrative order, Coverage is effective as of the date of the order.
- If BCN receives notice longer than 31 days after the order is issued, Coverage is effective on the date BCN receives notice.

1.4 Principally Supported Child

Eligibility

A Principally Supported Child must:

- Not be the child of the Subscriber or spouse by birth, legal adoption or legal guardianship
- Be related to the Subscriber by blood or marriage (for example, grandchild, niece or nephew)
- Be less than 26 years old
- Be unmarried
- Live full-time in the home with the Subscriber
- Not be eligible for Medicare or other group Coverage
- Be dependent on the Subscriber for principal financial support in accordance with Internal Revenue Service standards, and have met these standards for at least six (6) full months prior to applying for Coverage

Enrollment

You may apply for Coverage for a Principally Supported Child after you have been the principal support for six (6) months; Coverage will begin three (3) months after the application is accepted by BCN.

To apply, you must furnish the following:

- Evidence that the child was reported as a dependent on the Subscriber's most recently filed tax return, or evidence of a sworn statement that the child qualifies for dependent tax status in the current year
- Proof of eligibility, if we request it

Effective Date of Coverage

Coverage for a Principally Supported Child begins on the first day of the month, 3 months after application and proof of support is received and accepted by BCN. The premium payment must be received by BCN prior to the effective date of Coverage.

1.5 Additional Eligibility Guidelines

The following guidelines apply to all Members:

- **Medicare:** If you become eligible to enroll in Medicare, you are eligible to enroll in only the applicable Medicare program except when Medicare is secondary payer by law.
NOTE: If you are Medicare eligible and a service is covered under Medicare, benefits will not be payable under this Certificate. This Certificate is not a Medicare Certificate. It is not intended to fill the gaps in Medicare Coverage. It may duplicate some Medicare benefits. If you are eligible for Medicare, you will need to switch to an applicable BCN Medicare plan. If this Certificate is maintained, you will be responsible for the cost Medicare would have paid and you will incur larger out of pocket costs.
- **Service Area Waiver:** Under certain circumstances, we may waive the Service Area requirement for a Subscriber or other Member on the Contract that lives outside the Service Area. Any waiver must be in writing.
- **Change of Status:** You agree to notify us within 31 days of any change in eligibility status of you or any Members on the Contract. When you are no longer eligible for Coverage, you are responsible for payment for any services or benefits.

- We will only pay for Covered Services you receive when you are a BCN Member covered under this Certificate. If you are admitted to a Hospital or Skilled Nursing Facility either when you become a Member or when your BCN membership ends, we will only pay for Covered Services provided during the time you were a Member.

Section 2: Other Party Liability

IMPORTANT NOTICE

BCN does not pay claims or coordinate Benefits for services that:

- Are not provided or Preauthorized by BCN and a Primary Care Physician
- Are not Covered Services under this Certificate

It is your responsibility to provide complete and accurate information when requested by us in order to administer Section 2. Failure to provide requested information, including information about other coverage may result in a denial of claims.

Applicable to Members who participate with a HSA

You (and your family dependent if you have dependent coverage) generally cannot have any other health coverage that is not a HDHP. You can have additional insurance that provides benefits only for the following:

- Liabilities incurred under workmen's compensation laws, tort liabilities, or liabilities related to ownership or use of property
- A specific disease or illness
- A fixed amount per day (or other period) of hospitalization

You can also have coverage (whether provided through insurance or otherwise) for the following items:

- Automobile insurance
- Disability
- Dental care
- Vision care
- Long-term care

2.1 **Non-Duplication**

- BCN Coverage provides you with the Benefits for health care services as described in this Certificate.
- BCN Coverage does not duplicate Benefits or pay more for Covered Services than the BCN Approved Amount.
- BCN does not allow "double-dipping," meaning that the Member and provider is not eligible to be paid by both BCN and another health plan or another insurance policy.
- This is a coordinated Certificate, meaning Coverage described in this Certificate will be reduced to the extent that the services are available or payable by other health plans or

policies under which you may be covered, whether or not you make a claim for the payment under such health plan or policy.

2.2 Auto Policy and Workers' Compensation Claims

- This Certificate is a coordinated Certificate of Coverage. This means that for medical care needed as the result of an automobile accident, if the Member has a coordinated no-fault insurance policy, then BCN will assume primary liability for Covered Services. The no-fault automobile insurance would be secondary.
- If the Member has coverage through a non-coordinated (sometimes called a “full medical”) no-fault automobile insurance policy, then the automobile insurance will be considered the primary plan. BCN would pay Coverage under this Certificate as the secondary plan.
- If a Member is injured while riding a motorcycle due to an accident with an automobile, then the automobile insurance for the involved automobile is primary for the Member’s medical services. BCN would provide for Covered Services under this Certificate as the secondary plan.
- If a Member is injured in a motorcycle accident that does not involve an automobile and if the motorcycle insurance plan provides medical coverage, then the motorcycle insurance plan is primary. BCN would pay for Covered Services under this Certificate as the secondary plan.
- If the motorcycle insurance does not provide medical coverage or if medical coverage is exhausted, then BCN will pay for Covered Services under this Certificate as the primary plan. Members who ride a motorcycle without a helmet are required by Michigan State law to purchase medical coverage through their motorcycle insurance plan and BCN will pay secondary.
- Services and treatment for any work-related injury that are paid, payable or required to be provided under any workers’ compensation law or program will not be paid by BCN.
- If any such services are paid or provided by BCN, BCN has the right to seek reimbursement from the other program, insurer or Member who has received reimbursement.
- Applicable BCN Preauthorization and Coverage requirements (i.e. seeking services from a Participating Provider except for Emergent situations) must always be followed for auto or work-related injuries. Failure to follow applicable Preauthorization and or Coverage requirements may leave you solely responsible for the cost of any services received.

2.3 Coordination of Benefits

We coordinate Benefits payable under this Certificate per Michigan’s Coordination of Benefits Act.

When you have coverage under a policy or certificate that does not contain a coordination of benefits provision, that policy will pay first as the Primary Plan. This means benefits under the other coverage will be determined before the benefits of your BCN Coverage.

After those benefits are determined, your BCN benefits and the benefits of the other plan will be coordinated to provide 100% coverage whenever possible for services covered partly or totally under either plan. In no case will payments be more than the amounts to which providers or you as a Member are entitled, and you may still have a remaining Member Liability after all plans have made payment.

2.4 Subrogation and Reimbursement

Subrogation is the assertion by BCN of your right, or the rights of your dependents or representatives, to make a legal claim against or to receive money or other valuable consideration from another person, insurance company or organization.

Reimbursement is the right of BCN to make a claim against you, your dependents or representatives if you or they have received funds or other valuable consideration from another party responsible for benefits paid by BCN.

Definitions

The following terms are used in this section and have the following meanings:

“**Claims for Damages**” means a lawsuit or demand against another person or organization for compensation for an injury to a person when the injured party seeks recovery for medical expenses.

“**Collateral Source Rule**” is a legal doctrine that requires the judge in a personal injury lawsuit to reduce the amount of payment awarded to the plaintiff by the amount of benefits BCN paid on behalf of the injured person.

“**Common Fund Doctrine**” is a legal doctrine that requires BCN to reduce the amount received through subrogation by a pro rata share of the plaintiff’s court costs and attorney fees.

“**First Priority Security Interest**” means the right to be paid before any other person from any money or other valuable consideration recovered by
Judgment or settlement of a legal action
Settlement not due to legal action
Undisputed payment

“**Lien**” means a first priority security interest in any money or other valuable consideration recovered by judgment, settlement or otherwise up to the amount of benefits, costs and legal fees BCN paid as a result of the plaintiff’s injuries.

“**Made Whole Doctrine**” is a legal doctrine that requires a plaintiff in a lawsuit to be fully compensated for their damages before any Subrogation Liens may be paid.

“**Other Equitable Distribution Principles**” means any legal or equitable doctrines, rules, laws or statutes that may reduce or eliminate all or part of BCN’s claim of Subrogation.

“Plaintiff” means a person who brings the lawsuit or claim for damages. The plaintiff may be the injured party or a representative of the injured party.

Your Responsibilities

In certain cases, BCN may have paid for health care services for you or other Members on the Contract, which should have been paid by another person, insurance company or organization. In these cases:

- You assign to us your right to recover what BCN paid for your medical expenses for the purpose of subrogation. You grant BCN a Lien or Right of Recovery.
- Reimbursement on any money or other valuable consideration you receive through a judgment, settlement or otherwise regardless of 1) who holds the money or other valuable consideration or where it is held; 2) whether the money or other valuable consideration is designated as economic or non-economic damages; and 3) whether the recovery is partial or complete.
- You agree to inform BCN when your medical expenses should have been paid by another party but were not due to some act or omission.
- You agree to inform BCN when you hire an attorney to represent you, and to inform your attorney of BCN rights and your obligations under this Certificate.
- You must do whatever is reasonably necessary to help BCN recover the money paid to treat the injury that caused you to claim damages for personal injury.
- You must not settle a personal injury claim without first obtaining written consent from BCN if the settlement relates to services paid by BCN.
- You agree to cooperate with BCN in our efforts to recover money we paid on your behalf.
- You acknowledge and agree that this Certificate supersedes any Made Whole Doctrine, Collateral Source Rule, Common Fund Doctrine or other Equitable Distribution Principles.
- You acknowledge and agree that this Certificate is a contract between you and BCN and any failure by you, other Members on the Contract or representatives to follow the terms of this Certificate will be a material breach of your contract with us.
 - a. When you accept a BCN ID card for Coverage, you agree that, as a condition of receiving Benefits and Services under this Certificate, you will make every effort to recover funds from the liable party.
 - b. When you accept a BCN ID card for Coverage, it is understood that you acknowledge BCN’s right of subrogation. If BCN requests, you will authorize this action through a subrogation agreement. If a lawsuit by you or by BCN results in a financial recovery greater than the Services and Benefits provided by BCN, BCN has the right to recover its legal fees and costs out of the excess.
 - c. When reasonable collection costs and legal expenses are incurred in recovering amounts that benefit both you and BCN, the costs and legal expenses will be divided equitably.
 - d. You agree not to compromise or settle a claim or take any action that would prejudice the rights and interests of BCN without getting BCN’s prior written consent.

- e. If you refuse or do not cooperate with BCN regarding subrogation, it will be grounds for terminating membership in BCN upon 30 days written advance notice. BCN will have the right to recover from you the value of services and benefits provided to you.

Section 3: Member Rights and Responsibilities

3.1 Confidentiality of Health Care Records

Your health care records are kept confidential by BCN, its agents and the providers who treat you.

You agree to permit providers to release information to BCN. This can include medical records and claims information related to services you may receive or have received.

BCN agrees to keep this information confidential. Consistent with our Notice of Privacy Practice, information will be used and disclosed only as Preauthorized or required by or as may be permissible under law.

It is your responsibility to cooperate with BCN by providing health history information and helping to obtain prior medical records at the request of BCN.

3.2 Inspection of Medical Records

You have access to your own medical records or those of your minor children or wards at your provider's office during regular office hours. In some cases, access to records of a minor without the minor's consent may be limited by law or applicable policy.

3.3 Primary Care Physician

BCN requires you to choose a Primary Care Physician. You have the right to designate any Primary Care Physician who is a Participating Physician and who is available to accept you or your family members. If you do not choose a Primary Care Physician upon enrollment, we will choose one for you.

For children under the age of 18 ("Minors"), you may designate a Participating pediatrician as the Primary Care Physician if the Participating pediatrician is available to accept the child as a patient. Alternatively, the parent or guardian of a Minor may select a Participating family practitioner or general practitioner as the Minor's Primary Care Physician, and may access a Participating pediatrician for general pediatric Services for the Minor (hereinafter "Pediatric Services"). No PCP referral is required for a Minor to receive pediatric Services from the Participating pediatrician.

You do not need Preauthorization from BCN or from any other person, including your Primary Care Physician, in order to obtain access to obstetrical or gynecological care from a Participating Provider who specializes in obstetrics or gynecology. The Participating specialist, however, may be required to comply with certain BCN procedures, including obtaining Preauthorization for certain Services, following a pre-approved treatment plan or procedures for making referrals.

The female Member retains the right to receive the obstetrical and gynecological Services directly from their Primary Care Physician.

Information on how to select a Primary Care Physician, and for a list of Participating Primary Care Physicians, Participating pediatricians and Participating health care professionals (including certified and registered nurse midwives) who specialize in obstetrics or gynecology is available at bcbsm.com or by calling Customer Service at the number provided on the back of your BCN ID card.

If after reasonable efforts, you and the Primary Care Physician are unable to establish and maintain a satisfactory physician-patient relationship, you may be transferred to another Primary Care Physician. If a satisfactory physician-patient relationship cannot be established and maintained, you will be asked to disenroll upon 30 days written advance notice; all Dependent Family Members will also be required to disenroll from Coverage. (See Section 5)

3.4 Refusal to Accept Treatment

You have the right to refuse treatment or procedures recommended by Participating Providers for personal or religious reasons. However, your decision could adversely affect the relationship between you and your physician, and the ability of your physician to provide appropriate care for you.

If you refuse the treatment recommended and the Participating Provider believes that no other medically acceptable treatment is appropriate, the Participating Provider will notify you. If you still refuse the treatment or request procedures or treatment that BCN or the Participating Provider regard as medically or professionally inappropriate, treatment of the condition or complications caused by failure to follow the recommendations of the Participating Provider will no longer be payable under this Certificate.

3.5 Grievance Procedure

BCN and your Primary Care Physician are interested in your satisfaction with the services and care you receive as a Member. If you have a problem relating to your care, we encourage you to discuss this with your Primary Care Physician first. Often your Primary Care Physician can correct the problem to your satisfaction. You are always welcome to contact our Customer Service Department with any questions or problems you may have.

We have a formal grievance process if you are unable to resolve your concerns through Customer Service, or wish to contest an Adverse Benefit Determination.

At any step of the grievance process, you may submit any written materials to help us in our review. You have 180 calendar days from the date of discovery of a problem to file a grievance regarding a decision by BCN. There are no fees or costs charged to you when filing a grievance.

If you are member of an ERISA (Employee Retirement Security Act) qualified group, you have the right to bring a civil action against BCN after completing the BCN internal grievance procedures under the terms applying to ERISA groups. Non-ERISA group members, including their dependents, and non-group members, including their dependents, must exhaust all

grievance steps (including external review by the Department of Insurance & Financial Services) prior to filing civil action. You may obtain further information from the local U.S. Department of Labor or by contacting the Department of Insurance & Financial Services at the number and address below.

Definitions

Adverse Benefit Determination - means any of the following:

- A request for a benefit, on application of any utilization review technique, does not meet the requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness or is determined to be experimental or investigational and is therefore denied, reduced, or terminated or payment is not provided or made, in whole or in part, for the benefit
- The denial, reduction, termination, or failure to provide or make payment, in whole or in part, for a benefit based on a determination of a covered person's eligibility for coverage.
- A prospective or retrospective review determination that denies, reduces, or terminates or fails to provide or make payment, in whole or in part, for a benefit.
- A rescission of coverage determination
- Failure to respond in a timely manner to request for a determination

Pre-Service grievance is an appeal that you can file when you disagree with our preapproval decision for a service that you have not yet received.

Post-Service grievance is an appeal that you file when you disagree with our decision for a service that you have already received.

Step One: Review and Decision by the Appeals and Grievance Unit

To submit a grievance, you or someone authorized by you in writing, must submit a statement of the problem in writing to the Appeals and Grievance Unit in the Customer Services department at the address listed below:

Appeals and Grievance Unit
Blue Care Network
P. O. Box 284
Southfield, MI 48086-5043
Fax 866-522-7345

The Appeals and Grievance Unit will review your grievance and give you our decision within 15 calendar days for Pre-Service Grievances and within 30 calendar days for Post-Service Grievances.

The person or persons who review the first-level grievance are not the same individuals involved in the initial determination. If an adverse determination is made, BCN will provide you with a written statement containing the reasons for the adverse determination, the next step of the grievance process and forms used to request the next grievance step. BCN will provide, upon

request and free of charge, all relevant documents and records relied upon in reaching an adverse determination.

If you are dissatisfied with the determination, you may appeal to Step Two within 180-calendar days of receipt of BCN's adverse determination. You, or a person authorized in writing to act for you, must notify the Appeals and Grievance Unit in writing and at the address above of your decision to appeal. If you do not file a Step Two grievance within the 180-calendar day timeframe, your grievance is considered abandoned and no further action may be taken.

Step Two: Review and decision by a BCN Step Two Member Grievance Panel

If you appeal from Step One, BCN's Step Two Member Grievance Panel will review and reconsider the determination made at Step One. You, or someone authorized by you in writing, may present the grievance to the Step Two Member Grievance Panel in person or by telephone conference. For Pre-Service and Post-Service grievances, notification of the Step Two grievance resolution will be sent to you within 15 calendar days for Pre-Service and 30 calendar days for Post-Service. If the grievance pertains to a clinical issue, the grievance will be forwarded to an independent Medical Consultant within the same or similar specialty for review. If BCN needs to request medical information, an additional 10 business days may be added to the resolution time. When an adverse determination is made, a written statement will be sent within 5-calendar days of the Panel meeting, but not longer than 15-calendar days for Pre-Service and 30 calendar days for Post-Service after receipt of the request for review. Written confirmation will contain the reasons for the adverse determination, the next step of the grievance process and the form used to request an external grievance review. BCN will provide, upon request and free of charge, all relevant documents and records relied upon in reaching an adverse determination.

External Review

If you do not agree with the decision at Step Two or our internal grievance process is waived, you may appeal to the Department of Insurance & Financial Services (DIFS) at <https://difs.state.mi.us/Complaints/ExternalReview.aspx> or at the addresses listed below:

Office of General Counsel – Health Care Appeals Section

Department of Insurance & Financial Services

(By mail)

P. O. Box 30220

Fax: 517-284-8838

(By delivery service)

530 W. Allegan St., 7th Floor

Lansing, MI 48933-1521

1-877-999-6442

When filing a request for an external review, you will be required to authorize the release of any medical records that may be required to be reviewed for the purpose of reaching a decision on the external review.

If we fail to provide you with our final determination within 30-calendar days for Pre-Service Grievances or 60-calendar days for Post-Service Grievances (plus 10 business days if BCN requests additional medical information) from the date we receive your written grievance, you will be considered to have exhausted the internal grievance process and may request an external

review. You must do so within 127 days of the date you received either our final determination or the date our final determination was due. Mail your request for a standard external review, including the required forms that we will provide to you, to the address listed above.

Expedited review

Under certain circumstances – if your medical condition would be seriously jeopardized during the time it would take for a standard grievance review – you can request an expedited review. You, your doctor or someone acting on your behalf can initiate an expedited review by calling Customer Service or faxing us at 866-522-7345.

We will decide within 72 hours of receiving both your grievance and your physician's confirmation. If we tell you our decision verbally, we must also provide a written confirmation within two business days. If we fail to provide you with our final determination timely or you receive an adverse determination, you may request an expedited external review from DIFS within 10-calendar days of receiving our final determination. In some instances, we may waive the requirement to exhaust our internal grievance process.

Section 4: Forms, Identification Cards, Records and Claims

4.1 Forms and Applications

You must complete and submit any enrollment form or other forms that BCN requests. You represent that any information you submit is true, correct and complete. The submission of false or misleading information, as defined under PPACA, in connection with Coverage is cause for Rescission of your Contract upon 30 days written advance notice.

You have the right to appeal our decision to Rescind your Coverage by following the grievance procedure as described in Section 3 and in the Member Handbook. The grievance procedure is also on our website at bcbsm.com. To obtain a copy, you can call Customer Service at the number shown on the back of your BCN ID card.

4.2 Identification Card

You will receive a BCN identification card. You must present this card whenever you receive or seek Services from a provider. This card is the property of BCN and its return may be requested at any time.

To be entitled to Benefits, the person using the card must be the Member for whom all premiums have been paid. If the person is not entitled to receive services, the person must pay for the services received.

If you have not received your card or your card is lost or stolen, please contact Customer Service immediately by calling the number listed in the Member Handbook. Information regarding how to obtain a new BCN ID card is also on our website at bcbsm.com.

4.3 Misuse of Identification Card

BCN may confiscate your identification card and may terminate Coverage if you misuse your identification card by doing any of the following:

- Permit any other person to use your card
- Attempt to or defraud BCN

4.4 Membership Records

- We maintain membership records.
- Benefits under this Certificate will not be available unless information is submitted in a satisfactory format by the Group or the Member.
- You are responsible for correcting any inaccurate information provided to BCN. If you intentionally fail to correct inaccurate information, you will be responsible to reimburse BCN for any Service paid based on the incorrect information.

4.5 Authorization to Receive Information

By accepting Coverage under this Certificate, you agree to the following:

- BCN may obtain any information from providers in connection with Coverage.
- BCN may disclose your medical information to your Primary Care Physician, other treating physicians or as otherwise permitted by law.
- BCN may copy records related to your care.

4.6 Member Reimbursement

Your Coverage is designed to avoid the requirement that you pay a provider for Covered Services except for applicable Copayments, Coinsurance or Deductible. If, however, circumstances require you to pay a provider, ask us in writing to be reimbursed for those services. Written proof of payment must show exactly what services were received including diagnosis, CPT codes, date and place of service. A billing statement that shows only the amount due is not sufficient.

Additional information on how to submit a claim and the Reimbursement Form is available at bcbsm.com and in the Member Handbook.

Send your itemized medical bills promptly to us.

BCN Customer Service
P. O. Box 68767
Grand Rapids, MI 49516-8767

NOTE: Written proof of payment must be submitted within 12 months of the date of service. Claims submitted 12 months after the date of service will not be reimbursed.

Section 5: Termination of Coverage

5.1 Termination of Group Coverage

This Certificate and the contract between a Group and BCN are guaranteed renewable and will continue in effect for the period established by BCN and the Group. The agreement continues from year to year, subject to the following:

- The Group or BCN may terminate the Certificate with 30 days written notice including reason for termination. Benefits for all Members of the Group will terminate on the date the Certificate terminates; and
- If the Group terminates this Certificate, all rights to Benefits end on the date of termination to the extent permitted by law.

BCN will cooperate with the Group to arrange for continuing care of Members who are hospitalized on the termination date.

5.2 Termination for Nonpayment

Nonpayment of Premium

- If a Group fails to pay the premium by the due date, the Group is in default. BCN allows a 30-day grace period; however, if the default continues, the Group and its Members may be terminated.
- BCN will allow a 30-day grace period; however, if the Group or Member is terminated, any Covered Services incurred by a Member and paid by BCN after the date of last full payment will be charged to the Group or, as permitted by law, to the individual Member.

Nonpayment History

BCN may refuse to accept an application for enrollment or may decline renewal of any Member's coverage if the applicant or any Member on the contract has a history of delinquent payment of their share of the costs for Covered Services.

Nonpayment of Member's Cost Sharing

BCN may refuse to renew Coverage for any contract under either of the following conditions:

- If you fail to pay applicable Copayments, Deductible, Coinsurance or other fees within 90 days of their due date; or
- If you do not make and comply with acceptable payment arrangements with the Participating Provider to correct the situation.

The termination will be effective at the renewal date of the Certificate. BCN will give reasonable notice of such termination.

5.3 Termination of a Member's Coverage

Coverage for any Member may be terminated for any of the reasons listed below. Such termination is subject to reasonable notice and grievance rights required by law.

- You no longer meet eligibility requirements
- Coverage is cancelled for nonpayment
- The Group's Coverage is cancelled
- You misuse your Coverage
 - Misuse includes illegal or improper use of your Coverage such as:
 - Allowing an ineligible person to use your Coverage
 - Requesting payment for services you did not receive
- You fail to repay BCN for payments we made for services that were not a benefit under this Certificate, subject to your rights under the appeal process
- You are satisfying a civil judgment in a case involving BCN
- You are repaying BCN funds you received illegally
- You are serving a criminal sentence for defrauding BCN
- Your group changes to a non-BCN health plan
- We no longer offer this Coverage
- BCN exits the small group market
- Your cessation of association membership

Rescission: If you commit fraud that in any way affects your Coverage or make an intentional misrepresentation of material fact to obtain, maintain or that otherwise affects your Coverage, BCN will consider you in breach of contract and, upon 30 days written advance notice your membership may be Rescinded. Once we notify you that we are rescinding your Coverage, we may hold or reject claims during this 30-day period. In some circumstances, fraud or intentional misrepresentation of a material fact may include:

- Misuse of the BCN ID card;(Section 4)
- Intentional misuse the BCN system; or

- Knowingly providing inaccurate information regarding eligibility

You have the right to appeal our decision to Rescind your Coverage by following the BCN complaint and grievance procedure in Section 3 of this Certificate. You can also find a copy of the procedure in the Member Handbook and on our website at bcbsm.com.

5.4 Extension of Benefits

All rights to BCN Benefits end on the termination date **except**:

Benefits will be extended for a Preauthorized Inpatient admission that began prior to the termination date. Coverage is limited to Facility charges; professional claims are not payable after the termination date.

As noted in Section 1 Benefits are only provided when Members are eligible and covered under this Certificate. However, as permitted by law, this extension of Benefits will continue only for the condition being treated on the termination date, and only until **any one** of the following occurs:

- You are discharged.
- Your benefit exhausted prior to the end of the contract.
- You become eligible for other Coverage.

NOTE: If Coverage is Rescinded due to fraud or intentional misrepresentation of a material fact, this extension does not apply.

Section 6: Continuation Coverage

6.1 Loss Because of Eligibility Change

If you no longer meet eligibility requirements as described under Section 1, you may transfer to an alternate benefit program offered by the Group, if any. If no alternate benefit program is available or if you are unable to meet any alternate benefit program eligibility requirements, you may apply for non-group coverage through BCN or Blue Cross® Blue Shield® of Michigan. To obtain information, you can call us at the number shown on the back of your BCN ID card.

6.2 COBRA Coverage

If you no longer meet the eligibility requirements as described under Section 1, you may be able to continue coverage at your own expense under federal law known as COBRA (Consolidated Omnibus Budget Reconciliation Act). Most employers with 20 or more employees are required by federal law to offer this coverage (continuation coverage). The employer is the administrator of its COBRA plan. If you have questions, you should contact your Group.

NOTE: Employers under 20 employees, church-related groups and federal employee groups are exempt from COBRA.

If your employer is required by COBRA to offer you the option of purchasing continuation coverage, you will need to be aware of the following conditions:

You may apply and pay for group continuation coverage directly to your employer, but you must do so within the time limits allowed by law. You must also comply with other requirements of federal law.

This coverage may continue for up to 18, 29 or 36 months, depending on the reason for your initial ineligibility:

- a. You are considered a Group Member for all purposes including termination for cause; however, events that would otherwise result in loss of eligibility are waived to the extent that the federal law specifically allows continuation.
- b. Continuation coverage and all benefits cease automatically under any of the following:
 - i. The period allowed by law expires
 - ii. The employer no longer includes BCN as part of its Group health plan
 - iii. You begin coverage under any other benefit program or health coverage plan (with some exceptions)
 - iv. You become eligible for Medicare
 - v. You do not pay for coverage fully and on time

Section 7: Additional Provisions

7.1 Notice

Any notice that BCN is required to give to you will be:

- In writing
- Delivered personally or sent by U. S. Mail
- Addressed to your last address provided to BCN

Section 8: Your Benefits

8.1 Cost Sharing

NOTE: Your employer may have chosen Cost Sharing to be applied to this Certificate. Cost Sharing is detailed in the Riders attached to this Certificate.

Deductible

The Deductible is the fixed amount you are responsible to pay each year before BCN will pay for Covered Services. Your Deductible is based on amounts defined annually by the federal government for High Deductible Health Plans. Changes in the federal government amounts will affect your Deductible.

BCN begins paying for covered medical Services and prescription drugs only after the total amount of the Deductible has been met with the exception of Preventive Services. The Deductible does not apply to Preventive Services (Section 8).

Aggregate Deductible

If there are two or more Members on a family Contract, the entire family Deductible amount (Aggregate Deductible) must be met before BCN pays for any expenses for any one person covered under the Plan. **Aggregate Deductible** means there is one family Deductible amount that must be met first. The entire family Deductible may be satisfied by one family member or the combined (aggregate) of the entire family. The Deductible does not accumulate towards the Out-of-Pocket Maximum.

The Approved Amount is applied to the Deductible for Covered Services. Charges paid by a Member in excess of the Approved Amount or for non-covered services do not apply toward the Deductible.

Your Deductible renews each Calendar Year. It does not carry over to the new year.

NOTE: Your Deductible amount may be amended by a Rider attached to this Certificate.

Copayment (Copay)

You have no Copay under this Certificate *unless* a Rider is issued to you that amends your Coverage and applies Copay to specific Services. Copays count toward your Out-of-Pocket Maximum. Once you meet your Out-of-Pocket Maximum, you will not be responsible for Copays for the remainder of the Calendar Year.

Coinsurance

You pay no Coinsurance for Covered Services with the exception of the following Services.

Your Coinsurance is 50% of the Approved Amount after the Deductible is satisfied for the Services listed below.

- Infertility counseling and treatment
- Male sterilization
- Reduction mammoplasty and male mastectomy
- Durable medical equipment
- Prosthetics and orthotics
- TMJ treatment
- Orthognathic surgery
- Weight reduction procedures

NOTE: A Rider may be attached that amends this Certificate and applies a Coinsurance to Services with 100% Coverage. The Coinsurance will not apply to Preventive Services (Section 8).

Cost Sharing – Deductible, Coinsurance and Copayment Calculation

If you have a Coinsurance or Copay for a particular Service as well as a Deductible, you will first be responsible for the payment of the Deductible. The Coinsurance or Copay will be based on the remaining balance of the Approved Amount. BCN will be responsible to make payment to the provider only after the Deductible, Coinsurance, and Copay have been paid.

Out-of-Pocket Maximum

The Out-of-Pocket Maximum is the most you will pay for Covered Services under this Certificate and any attached Riders per Calendar Year. The Out-of-Pocket Maximum includes your medical and BCN Prescription Drug Deductible, Copay and Coinsurance. The maximum amount is set annually by the federal government.

Once you reach the Out-of-Pocket Maximum, you will not pay Deductible, Copays or Coinsurance for Covered Services for the remainder of the Calendar Year with the following exceptions:

- Any Premium or contributions paid toward the Premium do not apply to the Out-of-Pocket Maximum
- Charges paid by you in excess of the Approved Amount do not apply toward the Out-of-Pocket Maximum
- Services that are not a Benefit under this Certificate do not apply to the Out-of-Pocket Maximum

Out-of-Pocket Maximum renews each Calendar Year and does not carry over to the next Calendar Year.

NOTE: Out-of-Pocket Maximum amount is reflected in a Rider attached to this Certificate.

Benefit Maximum

Some of the Covered Services described in the Certificate are covered for a limited number of days or visits per Calendar Year. This is known as the Benefit Maximum. Once you have reached a maximum for a Covered Service, you will be responsible for the cost of the additional Services received during that Calendar Year even when continued care may be Medically Necessary.

Here are some examples of Covered Services that have a Benefit Maximum:

- Medical rehabilitation and habilitative services
- Spinal manipulation
- Skilled nursing care

Treatment and consultation recommendation made online, including issuing a prescription, are to be held to the same standards of appropriate practice as those in traditional settings.

NOTE: Not all Online Visit services are considered an Online Visit, but maybe considered Telemedicine. Telemedicine services will be subject to the same Cost Sharing as services rendered in an office setting.

Online Visit exclusions include but are not limited to:

- Reporting of normal test results
- Provision of educational materials
- Handling of administration issues, such as registration, scheduling of, or updating billing information

Coverage

Covered in full after Deductible

Office visits are covered the same as Referral Physician office visits as defined above. When an office visit and spinal manipulation are billed on the same day by the same provider, only one Copayment will be required for the office visit.

Mechanical traction once per day is covered when it is performed with chiropractic spinal manipulation.

Radiological Services and X-rays are covered when Preauthorized.

See Outpatient Services section and any attached Riders for Cost Sharing information.

Benefit Maximum

Osteopathic manipulative therapies on any location of the body and chiropractic spinal manipulations to treat misaligned or displaced vertebrae of the spine are limited to the Benefit Maximum of 30 combined visits per Member per Calendar Year. For example, a spinal manipulation performed by a Chiropractor will reduce the number of spinal manipulations available from an Osteopathic Physician.

Visits for mechanical traction are applied toward your Benefit Maximum for physical, speech and language pathology, and occupational therapy services. The therapies (mechanical traction or physical, speech and language pathology, and occupational therapy) are limited to the Benefit defined under Outpatient Therapy section.

- G) Eye Care** – treatment of medical conditions and diseases of the eye when services are referred by your Primary Care Physician and Preauthorized by BCN

8.3 Continuity of Care for Professional Services

Continuity of Care for Existing Members

When a contract terminates between BCN and a Participating Provider (including your Primary Care Physician) who is actively treating you for conditions and under the circumstances listed below, the disaffiliated physician may continue treating you.

Physician Requirements

The Continuity of Care provisions apply only when your physician:

- Notifies BCN of their agreement to accept the BCN Approved Amount as payment in full for the services provided;
- Continues to meet BCN's quality standards; and
- Agrees to adhere to BCN medical and quality management policies and procedures.

It is the responsibility of the physician to notify you of their willingness to continue accepting payment from BCN for Covered Services within 15 days of the date the BCN contract ended.

Medical Conditions and Coverage Time Limits

Pregnancy Related: If you are in your second or third trimester of pregnancy at the time of the treating physician's disaffiliation, services provided by your physician may continue through post-partum care (typically six weeks) for Covered Services directly related to your pregnancy.

Terminal Illness: If you were diagnosed as terminally ill (with a life expectancy of six months or less) and were receiving treatment from the disaffiliated provider related to your illness prior to the end of the Provider's BCN contract, Coverage for services provided by your provider may continue for the ongoing course of treatment through death.

Life-threatening condition

If you have a life-threatening disease or condition for which death is likely if the course of treatment is interrupted - Coverage for services provided by the disaffiliated provider may continue through the current period of active treatment or 90 calendar days from the time the provider's contract with BCN ended, whichever comes first.

Other Medical Conditions: For Chronic (on-going) and Acute medical conditions (a disease or condition requiring complex on-going care such as chemotherapy, radiation therapy, surgical follow-up visits) when a course of treatment began prior to the treating physician's disaffiliation, Coverage for services provided by the disaffiliated provider may continue through the current period of active treatment or 90 calendar days from the time the provider's contract with BCN ended, whichever comes first. The treating physician or health care provider must attest that your condition would worsen or interfere with anticipated outcomes if your care were discontinued. Your Participating Primary Care Physician must coordinate all other services in order for them to be Covered Services.

Coverage

If the former Participating Provider (including your Primary Care Physician) provides notification to you and agrees to meet the "Physician Requirements" listed above, BCN will continue to provide coverage for the Covered Services when provided for an ongoing course of treatment, subject to Medical Conditions and Coverage Time Limits detailed above. In order for additional Covered Services to be paid, your Participating Primary Care Physician must provide or coordinate all such services.

NOTE: You will be responsible for any amount charged by the Non-Participating Provider if the above criteria are not met unless you obtain a referral to the physician from your Primary Care Physician and authorization from BCN.

Continuity of Care for New Members

If you are a new Member and want to continue an active course of treatment from your existing, Non-Participating Provider, you may request enrollment in BCN's Continuity of Care program. In order for the services to be paid by BCN, at the time of enrollment you must have selected a Primary Care Physician who will coordinate your care with the Non-Participating Provider. You may participate in the Continuity of Care program only for the following conditions and only for the time periods described below:

Coverage Time Limits and Qualification Criteria

Pregnancy Related: If you are in your second or third trimester of pregnancy at the time of enrollment, coverage provided by your Non-Participating Provider may continue through post-partum care for Covered Services directly related to your pregnancy.

Terminal Illness: If you were diagnosed as terminally ill (with a life expectancy of six months or less) and were receiving treatment from the Non-Participating Provider related to your illness prior to enrollment, Coverage for services provided by your Non-Participating Provider may continue for the ongoing course of treatment through death.

Other Medical Conditions: For Chronic and Acute medical conditions when a course of treatment began prior to enrollment, Coverage for services provided by the Non-Participating Provider may continue through the current period of active treatment or 90 calendar days from the time of enrollment, whichever comes first.

Coverage

Coverage will be provided for Covered Services for an ongoing course of treatment, subject to Coverage Time Limits and Qualification Criteria detailed above. In order for additional Covered Services to be paid, your Participating Primary Care Physician must provide or coordinate all such services.

NOTE: You will be responsible for any amount charged by the Non-Participating Provider if the above criteria are not met unless you obtain a referral to the physician from your Primary Care Physician and authorization from BCN.

8.7 Emergency and Urgent Care

Definitions

Accidental Injury — a traumatic injury, which, if not immediately diagnosed and treated, could be expected to result in permanent damage to your health

Emergency Services — services to treat a Medical Emergency as described below

Medical Emergency — the sudden onset of a serious medical condition resulting from injury, sickness or mental illness that manifests itself by signs and symptoms of sufficient severity, including severe pain, such that the absence of immediate medical attention could reasonably be expected to result in serious jeopardy to your health or to your pregnancy, in the case of a pregnant woman, serious impairment to bodily function, or serious dysfunction of any bodily organ or part

Stabilization — the point at which, it is reasonably probable that no material deterioration of a condition is likely to result from or occur during your transfer

Urgent Care Services — services that appear to be required in order to prevent serious deterioration to your health resulting from an unexpected, sudden illness or injury that could be expected to worsen if not treated within 24 hours. Examples include: flu, strep throat, or other infections; foreign material in the eye; sprain or pain following a fall; and a cut, sore or burn that does not heal

Coverage

Emergency Services and Urgent Care Services are covered in full after Deductible up to the point of Stabilization. Services must be considered Medically Necessary and needed for immediate treatment of a condition that is a Medical Emergency. Your Primary Care Physician can also direct you to go to an emergency care Facility.

In case of such Medical Emergency or Accidental Injury, you should seek treatment at once. We urge you, the hospital or someone acting on your behalf to notify your Primary Care Physician or BCN within 24 hours, or as soon as medically reasonable. Inpatient emergent admissions require Preauthorization by BCN.

Emergency Services include professional and related ancillary services and Emergency Services provided in an urgent care center, or hospital emergency room.

Emergency Services are no longer payable as Emergency Services at the point of the Member's Stabilization as defined above.

If you are admitted as an Inpatient as a result of the emergency, the Inpatient Hospital Benefit as described in this chapter and attached Riders will apply.

NOTE: Observation stay resulting from Emergency Services is subject to Emergency room Cost Sharing.

Follow-up care in an emergency room or Urgent Care Facility, such as removal of stitches and dressings, is a Covered Benefit only when Preauthorized by your Primary Care Physician and BCN. This applies even if the Hospital emergency staff or physician instructed you to return for follow-up.

Admission to Non-Participating Hospital after Emergency Services

If you are hospitalized in a Non-Participating Hospital, we may require that you be transferred to a Participating Hospital as soon as you have Stabilized. If you refuse to be transferred, all related non-Emergency Covered Services will not be covered from the date of Stabilization.

Out-of-Area and Non-Participating Provider Coverage

You are covered when traveling within or outside of the BCN Service Area for Emergency Services that meet the conditions described above. (See Section 9 and the attached BlueCard Rider for additional information.)

When Services are rendered by a Non-Participating Provider, we pay the greater of:

- Median in-network rate
- Rate we would pay a Participating Provider
- Medicare rate

These rates are calculated according to the requirements of the Patient Protection and Affordable Care Act.

You are responsible for any Cost Sharing required under this Certificate or amended Rider. Additionally, you will be responsible to pay the difference between BCN's Approved Amount and the amount the Non-Participating Provider bills if the Non-Participating Provider does not accept BCN's Approved Amount as payment in full (also referred to as Balance Billing). This amount does not apply to your Out-of-Pocket Maximum.

8.8 Ambulance

An ambulance is a ground or air service that transports an injured or sick Member to a covered destination.

For ground ambulance, a covered destination may include:

- A hospital
- A Skilled Nursing Facility
- A Member's home
- A dialysis center

For air ambulance, a covered destination may include:

- A hospital
- Another facility when Preauthorized by BCN

We will pay for a Member to be taken to the nearest destination capable of providing necessary care to treat the patient's condition.

NOTE: Transfer of the Member between covered destinations must be prescribed by the attending physician.

In every case, the following ambulance criteria must be met:

- The service must be Medically Necessary. Any other means of transport would endanger the patient's health or life
- Coverage only includes the transportation of the Member and whatever care is required during transport. Other services that might be billed with the transportation is not covered
- The service must be provided in a licensed ground or air ambulance that is part of a licensed ambulance operation

Coverage also includes when:

- The ambulance arrives at the scene but transport is not needed or is refused
- The ambulance arrives at the scene but the Member has expired

Line Therapy means tutoring or other activities performed one-on-one with person diagnosed with Autism Spectrum Disorder according to a Treatment Plan designed by a BCN AAEC and a Licensed Behavior Analyst (LBA).

Preauthorization Process occurs before treatment is rendered in which a BCN nurse or case manager approves the initial Treatment Plan and continued services. - A drug trial that is exempt from having an investigational new drug application
- A study or investigation conducted by a federal department that meets the requirements of Section 2709 of the PPACA

Clinical Trials of experimental drugs or treatments proceed through four phases:

- Phase I: Researchers test a new drug or treatment in a small group of people (20-80) for the first time to evaluate its safety, to determine a safe dosage range and to identify side effects. Phase I trials do not determine efficacy and may involve significant risks as these trials represent the initial use in human patients.
- Phase II: The study drug or treatment is given to a larger group of people (100-300) to see if it is effective and further evaluate its safety.
- Phase III: If a treatment has shown to be effective in Phase II, it is subjected to additional scrutiny in Phase III. In this phase, the sample size of the study population is increased to between 1,000 and 3,000 people. The goals in Phase III are to confirm the effectiveness noted in Phase II, monitor for side effects, compare the study treatment against current treatment protocols, and collect data that will facilitate safe use of the therapy or treatment under review.
- Phase IV: These studies are done after the drug or treatment has been marketed or the new treatment has become a standard component of patient care. These studies continue testing the study drug or treatment to collect information about their effect in various populations and any side effects associated with long-term use. Phase IV studies are required by the FDA when there are any remaining unanswered questions about a drug, device or treatment.
