

Specialized care that's high quality and close to home

Stay close to home and get the care you need for knee and hip replacement and spine issues. UP Health System Marquette is a **Blue Distinction® Specialty Care** center, which means it meets national levels of excellence in care, safety and cost efficiency.

Health care providers at Blue Distinction centers have demonstrated an exceptional level of expertise in their specialty. They prioritize prevention, use the patient-centered approach to care, which means they focus on you and your whole health. Providers at UP Health System Marquette leverage the latest technology to help drive the best health outcomes. What's more, these providers are in your neighborhood — so they can relate to your unique health needs.

You've got quality, even **superior**, care for knee and hip replacement and spine issues right here in the U.P. You can be confident care you receive matches the care you receive anywhere in the country.
