Benefit makes it easier to get your diabetes monitoring and management products

When you have diabetes, monitoring and managing your blood sugar is one of the most important things you do every day. So your Blue Cross Blue Shield of Michigan and Blue Care Network health care plan includes a benefit that will help you better manage your condition and stay healthy.

Your Blue Cross and BCN pharmacy benefits include coverage for select diabetes monitoring and management products.

This access to these important products gives you the option of purchasing supplies at participating pharmacies, as well as durable medical equipment providers.

The benefit also enables you to access some diabetes monitoring devices that are only sold at pharmacies.

The diabetes supplies covered at pharmacies include glucometers, continuous glucose monitors, test strips, lancets and certain insulin delivery devices. Certain glucometers and continuous glucose monitor components are available through pharmacy benefits with no copayment. Other supplies will be covered according to your plan's drug list and the corresponding pharmacy copay.

Glucometers and components of continuous glucose monitoring devices now available at pharmacies with no copay include:

- OneTouch Verio Reflect®
- OneTouch Verio Flex®
- OneTouch Ultra® 2
- Contour®
- Contour® Next
- Contour® Next One
- Contour® Next EZ
- Dexcom G6™ receivers and transmitters
- Dexcom G7™ receivers and transmitters

Prior authorization may be required, and quantity limits may apply to certain products on this list.

How to find a provider

You can purchase these diabetes monitoring supplies at any participating pharmacy or durable medical equipment provider. To find one, log in to your secure member account:

- Log in to your member account at bcbsm.com.
 - Under *Find Care*, click on *Find a Doctor* through the dropdown menu.
 - Under the *Hospitals & Facilities* heading, click on the link for *Find a DME supplier*.
- Log in to your member account on our mobile app.
 - Click on *Find Care*.
 - Click on *Pharmacies*.
 - To find participating pharmacies, select *DME* under the *Filter & Sort* option.

For more information, call the Customer Service number on the back of your member ID card.
