Blue Cross Online Visits<sup>SM</sup>

# There's a place for that.

Connect with a U.S. board-certified doctor or therapist. Yes — you can do that. And you can do it from wherever you are in the U.S. using your smartphone, tablet or computer.

**When you can't see your primary care doctor, you can meet face to face online with:**

- A doctor for minor illnesses such as sinus and respiratory infections, colds and flu, eye irritation or redness, mild allergy symptoms or headache
- A therapist or psychiatrist to help you work through different challenges such as anxiety, depression, grief or insomnia

**Download the  
BCBSM Online Visits<sup>SM</sup> app.**
