Specialty drug discounts you need – **CARE YOU CAN AFFORD**

HelpScript is a program that does just that, helps you with specialty scripts that are paid for through the **Blue Cross Blue Shield of Michigan and Blue Care Network medical benefit**. It takes the stress off your wallet when the cost of a prescribed drug for a rare or chronic condition may be more than you expected, or more than you can afford.

It's easy. HelpScript's dedicated patient advocates will help you every step of the way to get the care you need while reducing or eliminating high out-of-pocket costs. Whether it's an infusion that's received in a home or clinic setting, you'll have peace of mind knowing you're saving money and getting support. Patient advocates will:

- Explain how the service works and discuss eligible medications
- Guide you through the manufacturer assistance application process
- Interpret your explanation of benefits, or EOB, so you can see how payments are coordinated
- Answer questions you have about the service

To find out if you're eligible, you can call HelpScript to speak with a patient advocate at **1-833-807-4776**. Patient advocates are available Monday through Friday, 8 a.m. to 8 p.m. Eastern time. Once enrolled, your medications will be covered completely.

**Don't choose between your health and making ends meet.
You have **HelpScript**.**

Blue Cross and BCN together with HelpScript

Blue Cross and BCN are working with HelpScript to provide manufacturer assistance for certain medications to help you save money. Manufacturer assistance will eliminate your out-of-pocket expenses on certain high-cost medications. That's right, you'll pay nothing for your medication once enrolled for manufacturer assistance.

To take advantage of this savings opportunity, you should speak with a patient advocate to determine your eligibility to get manufacturer assistance for your medications. HelpScript will reach out to you, or you can call HelpScript and speak with a patient advocate at **1-833-807-4776**, Monday through Friday, 8 a.m. to 8 p.m. Eastern time. There is no cost for you to participate.

Do you or someone on your health plan use one or more medications that may be eligible for manufacturer assistance?

There are over 300 specialty medications that are covered, including medications for the following conditions:

- Autoimmune diseases
- Rheumatoid arthritis
- Cancer
- Multiple sclerosis and many more

Here's how it works

Blue Cross and BCN will work with HelpScript to identify and reach out to members who may be eligible. It shouldn't take more than 15 minutes for a HelpScript patient advocate to discuss your eligibility and the medications that are available for manufacturer assistance.

- Once enrolled, your out-of-pocket cost will be \$0.
- Manufacturer assistance amounts are excluded from your deductible, coinsurance and out-of-pocket maximums.
- If your drug is no longer covered after you're enrolled, HelpScript will reach out to let you know.

You must enroll to take advantage of **HelpScript** savings, so
CALL TODAY TO SEE IF YOU QUALIFY.

Blue Cross Blue Shield of Michigan and Blue Care Network are nonprofit corporations and independent licensees of the Blue Cross and Blue Shield Association.

HelpScript is an independent company providing Blue Cross Blue Shield of Michigan and Blue Care Network members with a prescription drug manufacturer assistance service.
