

If you're thinking about retirement, you probably have a lot of questions about the health care options available to you once you leave our plan. Blue Cross Blue Shield of Michigan has prepared a quick and easy informational booklet to help you prepare for the health care choices you'll have as you approach retirement.

In the booklet, you'll find several resources to guide and inform your decisions as you learn more. Visit [bcbsm.com](http://bcbsm.com) and [bcbsm.com/medicare](http://bcbsm.com/medicare) for all your health insurance needs.

Blue Cross representatives are also available to answer any questions and make sure you understand your retirement health care options. If you will be 65 or older when you retire, contact them at **1-833-817-3014** from 8 a.m. to 9 p.m. Monday through Friday, TTY users call 771. If you will retire before you turn 65, please call **1-855-227-8528**.

Sincerely,
