Learn about your pharmacy benefits

Do you have questions about your current prescriptions, their costs or other medications covered under your pharmacy plan?

Your online member account has the answers. **Log in to your account** at bcbsm.com, or use our **mobile app** and select *My Coverage*.

KNOW YOUR COST OPTIONS

Search for generic alternatives for brand-name prescriptions. Compare prices between generic and brand-name drugs, so you can talk with your doctor about lower-cost options for your prescriptions.

See if your prescription needs prior authorization. Your prescribing doctor may need to submit additional information for your prescription to be covered. Or check with your doctor about lower-cost options that may not require prior authorization.

Order a 90-day supply. If your plan offers the option, you may lower your out-of-pocket costs by ordering a 90-day supply of your daily medications from a participating retail or home delivery pharmacy.
