Benefit makes it easier to get diabetes monitoring and management products

Blue Cross Blue Shield of Michigan and Blue Care Network pharmacy benefits include coverage for select diabetes monitoring and management products. This benefit helps members with diabetes better manage their condition and stay healthy.

Members' access to these important products gives them the option of purchasing supplies at participating pharmacies, as well as durable medical equipment providers.

The benefit also enables members to access some diabetes monitoring devices that are only sold at pharmacies.

The diabetes supplies covered at pharmacies include glucometers, continuous glucose monitors, test strips, lancets and certain insulin delivery devices. Certain glucometers and continuous glucose monitor components are available through pharmacy benefits with no copayment. Other supplies will be covered according to the plan's drug list and the corresponding pharmacy copay.

Glucometers and components of continuous glucose monitoring devices available at pharmacies with no copay include:

- OneTouch Verio Reflect®
- OneTouch Verio Flex®
- OneTouch Ultra® 2
- Contour®
- Contour® Next
- Contour® Next One
- Contour® Next EZ
- Dexcom G6™ receivers and transmitters
- Dexcom G7™ receivers and transmitters

Prior authorization may be required, and quantity limits may apply to certain products on this list.

How to find a provider

Members can purchase these diabetes monitoring supplies at any participating pharmacy or durable medical equipment provider. To find one, members can log in to their secure member account:

- Log in to their member account at bcbsm.com.
 - Under *Find Care*, click on *Find a Doctor* through the dropdown menu.
 - Under the *Hospitals & Facilities* heading, click on the link for *Find a DME supplier*.
- Log in to their member account on our mobile app.
 - Click on *Find Care*.
 - Click on *Pharmacies*.
 - To find participating pharmacies, select *DME* under the *Filter & Sort* option.

For more information, contact your Blue Cross sales representative or contracted agent.
