Overview

This guide shows you how to “find yourself” and confirm which Blue Cross Blue Shield of Michigan and Blue Care Network plans you accept and which provider networks you belong to using the online provider search.

When new patients contact you or current patients change health plans, you will know if you accept their plan. Also, knowing the network associated with the plan is helpful when making referrals to other providers.

Using the Find a Doctor online tool

Follow these steps to find the Blue Cross and BCN products you accept:

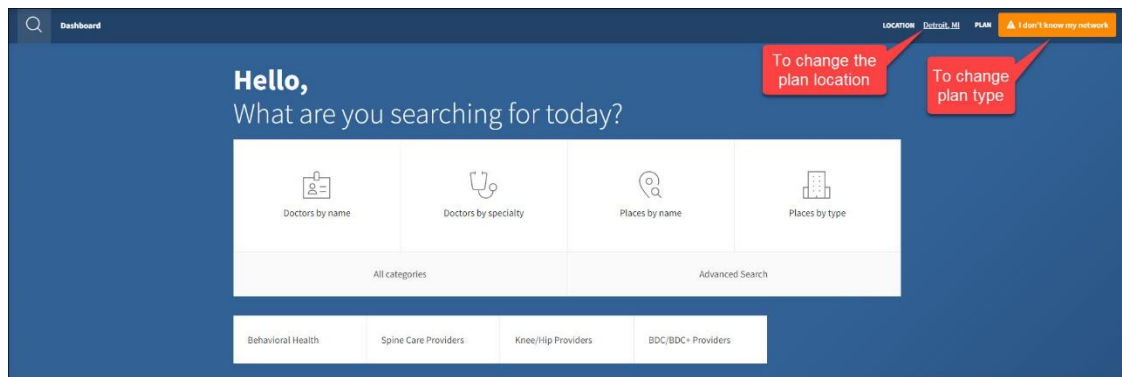

1. Visit bcbsm.com/individuals/find-care
2. Click on *Search without logging in*.

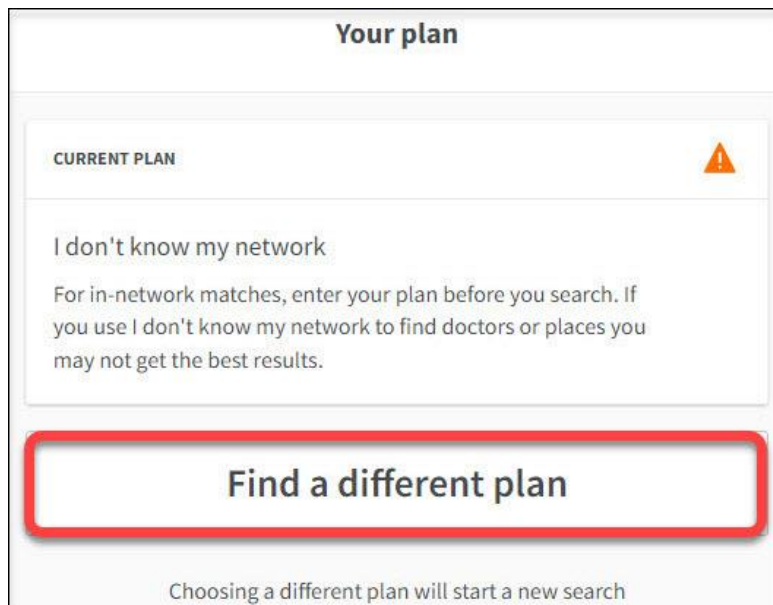

- Once you choose a search location, the search dashboard will display. All searches will default to *I don't know my network* unless you enter a specific plan name.

Note: Use *I don't know my network* if you are looking to find a list of all the networks you participate in. If you want to find other providers within a specific network, enter the plan name before you search.

- If you would like to search using a specific plan name, click on *I don't know my network* to open the *Your Plan* search field.

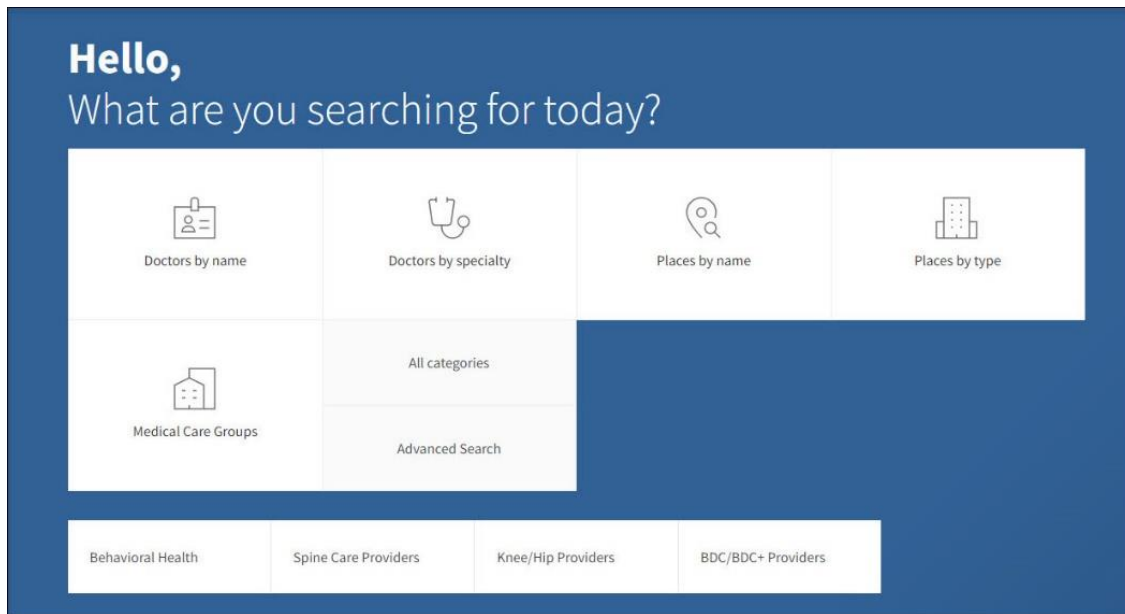

- Click on *Find a different plan* to enter a plan name or to scroll through the available plans list.

- Once a plan is selected, click *Confirm Selection*. You will then return to the search dashboard. The plan selected is displayed on the dashboard in the upper right corner.

5. To begin a search, select one of the following categories:

- **Doctors by name or specialty**
- **Places by name or type**
- **Medical Care Groups** – This search allows you to search by medical care group name and this option is only available when the plan type selected is an HMO non-healthcare.gov plan.
- **All categories** – This search includes doctors, hospitals and clinics by name, NPI or specialty
- **Advanced Search** – This search allows you to apply filters to include specific provider preferences and narrow your provider results
- **Behavioral Health Providers** – This search automatically lists providers specializing in behavioral health care using your current location.
- **Spine Care Providers** – This search automatically lists providers specializing in spine care using your current location.
- **Knee/Hip Providers** – This search automatically lists providers specializing in knee and hip procedures using your current location.
- **BDC/BDC+ Providers** – This search identifies health care facilities and providers that are part of the Blue Distinction Specialty Care program and have a Blue Distinction Center or Blue Distinction Center+ designation.

- If you select a search option that has a search box, such as “Doctors by name or specialty,” enter the complete search information, then click the blue magnifying glass button. The search results will appear as shown in Step 7 below.

Note: As you begin to type, a list of providers may appear. If it does, you can click on your selection, and the entire provider profile will be displayed, as shown in Step 9 below.

If the information you are searching for is typed and it does not appear, click the blue magnifying glass button. The search results or additional search suggestions will be provided.

Doctors by name

Search for a doctor by name or NPI to see locations, insurance information and more. Ex: Smith, Jane or Jane S (last name, first name or first name and last initial)

Doe, John

- Once a provider is selected, choose the preferred location if there is more than one available. To view the list of locations, click the *Locations* button in the upper right corner of the physician profile.

John Doe, DO ★ 5.0 • 1 review

Family Medicine
123 Main St., Ste. 123, Anytown, MI 00000 • 11.7 miles

Offers virtual visits In-network Primary care provider Accepting new patients at this location

☐ Compare

Locations • 2

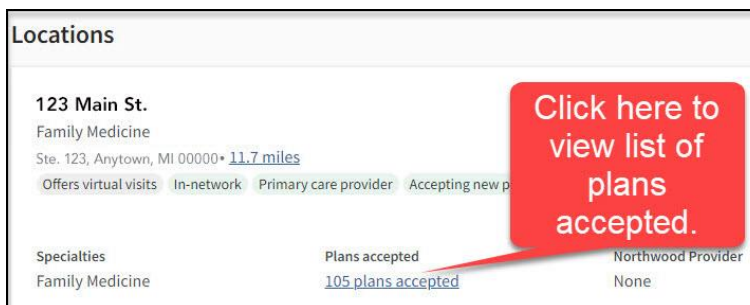

Click to show all locations.

- To select a location, click the preferred address, then click *View profile* to display a complete provider profile.

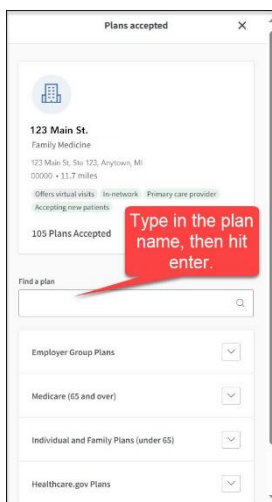

Note: The location details will indicate whether or not you are in-network, a primary care provider, accepting new patients or if you offer virtual visits. It will also show the number of plans you accept.

9. To see which plans are accepted at the chosen location, click the link below **Plans Accepted**.

10. You can also search the list of plans accepted for a specific plan by typing it into the **Find a plan** search field.

Note: Plan options displayed will be determined by the plans in which you are enrolled.

11. To view the individual plans by plan type, click on the appropriate drop-down arrow.
