Blue Cross Blue Shield of Michigan definitions

- **Prior authorization** — A process that allows physicians and other professional providers to determine, before treating a patient, if Blue Cross Blue Shield of Michigan will cover the cost of a proposed service. Blue Cross requires prior authorization for services or procedures that may be experimental, may not always be medically necessary, or may be over utilized. Providers must submit clinical documentation in writing explaining why the proposed procedure or service is medically necessary.

- **Precertification** — A review of a patient’s symptoms and proposed treatment to determine, in advance, whether he or she meets Blue Cross criteria for treatment in the inpatient setting. Authorizations are for the appropriateness of the inpatient setting only and additional prior authorization requirements may be needed depending on the services requested.

- **e-referral** — Electronic system for Michigan providers to submit requests for inpatient admission.

- **Electronic Provider Access, or EPA** — Platform for out-of-state providers to submit requests through their local Blue plan portal for Blue Cross Blue Shield of Michigan members or through our provider portal (availity.com*) if they have access to Availity.

**Important:** Michigan’s prior authorization law* requires health care providers to submit prior authorization requests electronically for commercial members. Alternate submission methods are allowed in the case of temporary technological problems, such as power or internet outages; see the information about submitting prior authorization requests through alternate methods below.

**Determining whether procedure codes require prior authorization for a member**

The steps required to determine whether procedure codes require prior authorization for a specific member vary depending on whether you’re a Michigan or non-Michigan provider.

For complete information, refer to the Determining prior authorization requirements for members job aid by going to ereferrals.bcbsm.com and clicking on the following tile in the left navigation:
Behavioral health

Blue Cross commercial products (non-Medicare)

Prior authorization is required for:

- Psychiatric inpatient admissions
- Psychiatric residential admissions
- Psychiatric partial hospital admissions
- Substance Use Disorder admissions

Prior authorization is not required for:

- Outpatient services
- Medicare primary contracts
- Coordination of benefits contracts

All inpatient partial and residential mental health and substance abuse facilities are required to notify New Directions® Behavioral Health, now known as Lucet, for all admissions and discharges; most admissions will require a clinical review.

Prior authorization is required for outpatient repetitive transcranial magnetic stimulation (rTMS). It may be a benefit for patients with major depressive disorder that meet strict selection criteria. Criteria are available on the Medical Policy & Pre-Cert/Pre-Auth Router. Coverage is limited to select groups.

Please verify member eligibility prior to seeking prior authorization. Claims will not be paid unless authorization is obtained.

Autism spectrum disorder

There are different types of services to treat autism, such as applied behavior analysis (ABA) services, which require prior authorization before treatment for select groups. Speech therapy, physical therapy and occupational therapy do not require authorization. For services that require prior authorization, an accurate diagnosis is necessary.

For members who reside outside of Michigan, the autism diagnosis must meet the criteria specified in the Multidisciplinary Autism Evaluation Checklist. The evaluation must confirm the autism spectrum disorder diagnosis and provide a treatment plan that contains a comprehensive set of treatment recommendations for the member, including a recommendation for ABA services. To obtain a diagnosis, please review the Multidisciplinary Autism Evaluation Checklist.
If the evaluation results in a diagnosis of autism spectrum disorder and the recommended treatment includes ABA services, the evaluation documentation must be taken to a licensed behavior analyst, or LBA, who participates with the Blue Cross plan in the state where the services will be provided. The LBA is responsible for obtaining prior authorization before providing ABA services.

Behavioral health prior authorizations (including prior authorization for autism services) are conducted by New Directions on behalf of Blue Cross Blue Shield of Michigan.

Groups whose prior authorizations are not managed by New Directions can be viewed on the Mental Health and Substance Use Disorder Carve-Out List by visiting our provider portal (availity.com*) and completing these steps:

1. Click Payer Spaces on the menu bar.
2. Click the BCBSM and BCN logo.
3. Click Secure Provider Resources (Blue Cross and BCN) on the Resources tab.
4. Click Behavioral Health on the Member Care menu.
5. Look under the “General Resources” heading.

How to submit a prior authorization request to New Directions

To access New Directions through our provider portal, follow these steps:

1. Login to our provider portal (availity.com*).
2. Click Payer Spaces on the menu bar, then click the BCBSM and BCN logo.
3. Click New Directions tile on the Applications tab.

Alternate methods for submitting prior authorization requests to New Directions

If you’re experiencing temporary technological problems that prevent you from accessing New Directions, such as a power or internet outage, use the following method to submit prior authorization requests.

Call New Directions at 1-800-762-2382 to obtain prior authorization information. If medical records are requested for review, send the records to:

   New Directions Behavioral Health
   PO Box 6729
   Leawood, KS 66206-0729
Medicare Plus Blue
All behavioral health and substance use disorder inpatient, partial hospital and intensive outpatient treatment admissions or extensions require prior authorization and concurrent review, which should be submitted using the e-referral system.

Acute care hospitals and behavioral health facilities that need to arrange for an inpatient admission, partial hospital admission, intensive outpatient admission or concurrent review for psychiatric or chemical dependency treatment must obtain prior authorization by using the e-referral system, by calling the Blue Cross Medicare Plus Blue Behavioral Health department at 1-888-803-4960 or by faxing 1-866-315-0442.

Blue Cross Medicare Plus Blue Behavioral Health case managers are available 24 hours per day, seven days a week for inpatient admissions and member emergencies.

Note: If you fail to submit a prior authorization request, submit an untimely request or your request is denied and you still provide the service, the member must be held harmless.

Human organ transplants
Blue Cross commercial products (non-Medicare)
Providers must contact Blue Cross’ Human Organ Transplant department for prior authorization for the following transplants and combination transplants:

- Bone marrow
- Heart
- Heart-Lung
- Kidney-Liver
- Liver
- Lobar Lung
- Lung
- Multivisceral
- Pancreas
- Pancreas-Kidney
- Partial Liver
- Small Bowel
Prior authorization is not required for:

- Kidney only, cornea or skin transplants  
  **(Note: FEP PPO Members require kidney prior authorization)**
- Pre-transplant evaluations
- Donor benefits
- If Blue Cross is the secondary payer

For more information on how to obtain a transplant procedure authorization, see the “How to submit acute and post-acute care facility precertification requests” section on page 8. Refer to “For Acute and post-acute care facilities — Michigan (and other facilities with access to Availity).”

**Alternate methods for submitting prior authorization requests for human organ transplants**

If you’re experiencing temporary technological problems that prevent you from accessing the e-referral system, such as a power or internet outage, use the following method to submit prior authorization requests.

Call the Blue Cross’ Human Organ Transplant department at 1-800-242-3504 to obtain a prior authorization. This department is available from 8 a.m. to 5 p.m. EST, Monday through Friday.

**Medicare Plus Blue**

All Medicare Plus Blue members have coverage for transplant procedures that are covered by traditional Medicare. Inquiries about coverage for transplants should be directed to Provider Inquiry at 1-866-309-1719.

Although prior authorization of transplants for Medicare Plus Blue members is not required, a request for an organizational determination can be sent to Blue Cross. Please fax your request with substantiating clinical information to 1-877-348-2251.

**Inpatient admissions**

**Blue Cross commercial products (non-Medicare)**

Precertification is required for:

- Acute care inpatient hospital medical and surgical admissions including but not limited to:
  - Admission for transplants
  - Sick newborn admissions (NICU/PICU)
• Complicated admissions related to maternity care may require an authorization
• Admissions to skilled nursing facilities
• Admissions to acute inpatient rehabilitation facilities
• Admissions to long-term acute care facilities

Precertification isn’t required:
• For outpatient services
  
  **Note:** Prior authorization may be required for certain services.
• For maternity admissions, including C-section
  
  **Note:** Complicated admissions related to maternity care may require an additional authorization.
• For observation or short stay admissions
• When Blue Cross is the secondary payer

**Acute and post-acute care facilities — Michigan (and other facilities with access to Availity)**

The Blue Cross e-referral system is available 24 hours per day, 7 days a week to receive requests for inpatient admissions or transplant procedure authorizations through our provider portal on Availity.com.

Requests must be submitted with complete clinical documentation to support the necessity of inpatient stay or need for transplantation. Incomplete requests may delay the processing of the authorization; however, Blue Cross will attempt to reach out to obtain the additional information if a clinical review cannot be completed.

If the additional information is not received in a timely manner, Blue Cross will process the request with the information available in accordance with our legislative and accreditation time frames.

You can find more information, including FAQs and training materials, on the **Blue Cross Authorization Requirements & Criteria** page at ereferrals.bcbsm.com.

**Acute and Post-acute care facilities — Non-Michigan (without access to Availity)**

(Acute Inpatient Hospital, Inpatient Rehab, Skilled Nursing, Long Term Acute Care Hospitals)

Blue Cross Precertification Services are available 24 hours per day, 7 days a week to receive requests via fax. Initial authorization requests and requests for additional days (if applicable) **must be submitted** on the appropriate Blue Cross assessment form and along with the clinical
documentation to support the necessity of the inpatient stay. The completed Blue Cross assessment form and supporting clinical documentation must be provided together or the request will not be processed. Blue Cross may attempt to reach out to obtain additional information in certain situations if a clinical review cannot be completed.

If the additional information is not received in a timely manner, Blue Cross will process the request with the information available in accordance with our accreditation time frames.

**Note:** For Blue Cross and Blue Shield Federal Employee Program®, or FEP, member requests to skilled nursing facilities, additional requirements may be needed prior to requesting precertification. Please contact FEP benefits at 1-800-482-3600.

**Note:** Non-Michigan providers can look up requirements without an Availity account by logging into their home plan's website and selecting an ID card prefix from Michigan, which will take you to the Pre-Service Review for Out-of-Area and Local Members screen.

### How to submit acute and post-acute care facility precertification requests

For Acute and post-acute care facilities — Michigan (and other facilities with access to Availity)

To submit acute and post-acute care facility precertification requests and transplant procedure requests on e-referral through our provider portal, follow these steps:

1. Log in to our provider portal (availity.com*).
2. Click *Payer Spaces* in the menu bar and then click the BCBSM and BCN logo.
3. Click *e-referral* on the Applications tab.

If you’re having trouble accessing the e-referral system using this process, contact Availity Client Services at 1-800-AVAILITY (282-4548).

**Note:** Non-Michigan providers can access this link by logging into their home plan’s website and selecting an ID card prefix from Michigan, which will take the provider to the Blue Cross Blue Shield of Michigan website.

Alternate methods for submitting precertification requests for Acute and Post-acute care facilities - Michigan (and other facilities with access to Availity)

If you’re experiencing temporary technological problems that prevent you from accessing the e-referral system, such as a power or internet outage, use the following method to submit prior authorization requests.

For Michigan (and other facilities with access to Availity), submit acute and post-acute care facility precertification requests via fax. For instructions, see “To submit acute and post-acute care facility precertification requests via fax, use these forms” section shown below.
For Acute and post-acute care facilities — Non-Michigan (without access to Availity)

To submit acute and post-acute care facility precertification requests via fax, use these forms:

- **Acute inpatient hospital assessment form**
- **SNF/acute IPR assessment form**
- **LTACH assessment form**

Submission of all requests must be on the appropriate Blue Cross Inpatient assessment forms. The forms should be legible and completed in their entirety or the request will not be processed.

**Note:** InterQual criteria are utilized to complete acute hospital, skilled nursing, inpatient rehabilitation and long–term acute care precertification and recertification requests.

Requests will be processed during regular business hours, 8 a.m. to 5 p.m. EST, Monday through Friday and during select holidays.

Any non-urgent requests received after 5 p.m. or on a weekend or holiday will be processed the following business day according to the time it was received.

If you have not received a response from Blue Cross within 72 hours, providers can obtain a status on Precertification requests during regular business hours by following this process:

1. Call 1-800-249-5103, when prompted enter or say the following:
2. The reason for your call, “Precertification”
3. Your Blue Cross facility code or 10-digit NPI (National Provider Identifier)
4. The member’s ID/policy number
5. The member’s date of birth
6. The first five letters of the member’s first name
7. The type of service needed (such as “hospital inpatient”)

The prompts will give the members eligibility information, instruct you on where to find the fax assessment form and then ask if you still need Precert. If you say “Yes,” you will be transferred to a representative in the Commercial Precertification department.

For more information, visit [bcbsm.com/providers](http://bcbsm.com/providers).

**Blue Cross commercial retroactive reviews (post-service)**

Blue Cross commercial will accept requests for retroactive reviews for acute care and post-acute care for 2 years after the date of service.
Blue Cross commercial peer-to-peer reviews for inpatient medical necessity denials
For providers who would like to request a peer-to-peer review for a Blue Cross commercial member due to a medical necessity denial, refer to the document How to request a peer-to-peer review with a Blue Cross or BCN medical director.

Blue Cross commercial appeals for inpatient medical necessity denials
For precertification medical necessity denials, Blue Cross Blue Shield of Michigan appeal requests will be accepted up to 45 days after the initial denial decision was issued. Providers must submit appeal requests in writing and include all additional information to substantiate the need for the inpatient stay. Fax the request and the additional information to 1-877-261-4555.

Medicare Plus Blue
Acute care facilities — Michigan
The Blue Cross e-referral system is available 24 hours per day, 7 days a week to receive requests for inpatient hospital admissions. Requests must be submitted within 24 to 72 hours of the admission with complete clinical documentation to support the necessity of the inpatient stay. Processing may be delayed if the request doesn’t include complete information; however, Blue Cross will attempt to reach out to obtain the additional information if a clinical review cannot be completed based on the information received.

If the additional information is not received in a timely manner, Blue Cross will process the request with the information available in accordance with our accreditation time frames.

You can find more information, including FAQs and training materials, at ereferrals.bcbsm.com.

Local rules for certain conditions

- Blue Cross implemented local rules for acute inpatient admissions for certain conditions. These local rules apply to admissions that occurred from March 1, 2022, through July 31, 2023. They indicate that providers should submit authorization requests for acute inpatient admissions on the third day of the stay, after the patient has spent two days in the hospital.

  Exception: For members in a critical care setting, providers can submit requests prior to the third day. For additional information, refer to the document Submitting acute inpatient authorization requests: Frequently asked questions for providers. In the table of contents, click What are the local rules that apply to members with certain conditions?

- Requests must include clinical documentation for days 1, 2 and 3 that demonstrates that the InterQual criteria have been met at the time the request is submitted. For requests that are nonapproved, Blue Cross will reimburse as observation. The hospital will need to submit a claim for observation reimbursement. Note: Blue Cross does not require an observation order when reimbursing an observation claim.
Acute care facilities — Non-Michigan

Providers can submit prior authorization requests for Blue Cross Blue Shield of Michigan members through their local Blue plan’s electronic portal via the Electronic Provider Access, or EPA, system. Blue Cross encourages providers to submit requests through the EPA system to get a faster response. Requests must be submitted with complete clinical documentation to support the necessity of inpatient admissions. Incomplete requests will not be processed until all information is received; these requests are at risk of being denied due to a lack of information.

Note: If your local plan doesn’t have electronic access, you can complete the Medicare Advantage Inpatient Assessment Form and fax the form and clinical documentation. The form must be legible and completed in its entirety to reduce the possibility of processing delays.

Post-acute care facilities: Michigan and Non-Michigan

(Acute inpatient rehab facilities, skilled nursing facilities and long-term acute care hospitals)

Submit prior authorization and service extension requests for post-acute care facilities for Medicare Plus Blue members to naviHealth.

Hours of operation are Monday through Friday from 8 a.m. to 10 p.m. in the requester’s time zone. Hours on weekends and holidays are 10 a.m. to 4 p.m. Providers can reach the on-call care coordinator at 1-855-851-0843.

For more information about naviHealth, including how to submit requests, the documentation requirements for authorizations, and the criteria used to make determinations, read our Post-acute care services FAQ document.

Retroactive reviews

Medicare Plus Blue will process retroactive authorization requests up to one year post-discharge for a post-acute acute care stay.

Medicare Plus Blue peer-to-peer reviews for medical necessity denials

Effective Jan. 4, 2021: Blue Cross Blue Shield of Michigan will no longer accept peer-to-peer requests for Medicare Plus Blue members for inpatient medical hospital admission denials.

Facilities are encouraged to follow the two-level provider appeal process for Blue Cross to reevaluate the denial decision on an inpatient admission request. See the “Contracted MI Provider Acute Inpatient Admission Appeals” section in the Medicare Plus Blue℠ PPO Manual.
Contracted Michigan provider acute inpatient admission appeals

Medicare Plus Blue appeal requests will be accepted up to 45 days after the date of the denial decision. (The date on which the decision was made is included in the denial notification.) Requests must include additional clarifying clinical information to support the request.

Medicare Plus Blue will notify the provider of the appeal decision within 30 calendar days of receiving all necessary information.

Requests can be submitted by faxing to 1-877-495-3755.

Medical benefit drugs

Blue Cross commercial products and Medicare Plus Blue℠

Some medications administered by healthcare professionals require prior authorization, and certain clinical criteria must be met before they can be administered. For more information:

- Click this link for the medical policy, criteria and request form: Medical Policies.
- Refer to the Blue Cross Medical Benefit Drugs page on the ereerrals.bcbsm.com website:
  - For information on Blue Cross commercial requirements, look in the “Blue Cross commercial” column.
  - For information on Medicare Plus Blue requirements, look in the “Medicare Plus Blue” column.

Other medical/surgical procedures

Medicare Plus Blue

To see a list of elective (non-emergency) procedures or services that require prior authorization, see the Blue Cross Authorization Requirements & Criteria page on our ereerrals.bcbsm.com website. Scroll to the “For Medicare Plus Blue members” section and see the subsection titled “Authorization criteria and preview questionnaires – Medicare Plus Blue.”

Prescription drugs

Blue Cross commercial products (non-Medicare)

Some drugs require prior authorization, and certain clinical criteria must be met before they can be dispensed. Other drugs are part of our step therapy program, which means the patient must have been treated with one or more formulary agents before these drugs are covered.

Drugs that require prior authorization or step therapy requirements differ based on the formulary the member's plan uses.
For drug coverage information, see the [For Providers: Drug Lists](bcbsm.com/providers) page on [bcbsm.com/providers](http://bcbsm.com/providers). Select the Prior Authorization and Step Therapy Guidelines document for the member’s specific drug list.

For prior authorizations for pharmacy benefit drugs, the prescribing physician should complete a form online and submit it through an electronic prior authorization, or ePA, tool.

**Alternate methods for submitting prior authorization requests**

If you’re experiencing temporary technological problems that prevent you from submitting an electronic prior authorization, such as a power or internet outage, use the following methods to submit prior authorization requests.

Providers can submit the completed electronic form to Blue Cross by fax 1-866-601-4425 or mail to:

Blue Cross Blue Shield of Michigan
Pharmacy Services
P.O. Box 312320
Detroit, MI 48231-2320

For more information on obtaining clinical criteria or submitting a prior authorization request, refer to the Blue Cross [Pharmacy Benefit Drugs](ereferrals.bcbsm.com) page on the [ereferrals.bcbsm.com](http://ereferrals.bcbsm.com) website.

Providers can obtain clinical criteria and forms by calling 1-800-437-3803.

**Medicare Plus Blue and Prescription Blue℠ PDP**

Medicare Plus Blue MAPD plans, and Prescription Blue PDP plans include prescription drug coverage. These plans generally cover drugs listed in our formulary as long as:

- The drug is medically necessary
- The prescription is filled at a network retail or mail-order pharmacy
- All other plan rules are followed, such as prior authorization, step therapy and quantity limit requirements

The formulary document, which is updated regularly, provides a brief description of the plans’ benefits. Refer to page on [bcbsm.com/providers](bcbsm.com/providers) and select the appropriate plan list for details.

Providers can request a coverage determination (prior authorization, step therapy, formulary exception or quantity limit exception) by phone at 1-800-437-3803 or by using the information in the Medicare Plus Blue PPO section of the [For Providers Drug Lists](bcbsm.com/providers).
Advanced imaging, cardiology and in-lab sleep study services

Blue Cross commercial products (non-Medicare)

**Michigan providers:** Prior authorization is required from Carelon Medical Benefits Management (formerly known as AIM Specialty Health®) for the procedure codes indicated on these lists:

- **Procedures that require prior authorization by Carelon:** Cardiology, radiation oncology, radiology (high technology) and sleep studies (in lab)
- **Radiation Oncology Prior Authorization List for UAW Retiree Medical Benefits Trust non-Medicare members**

**Non-Michigan providers:** Prior authorization is required for non-Michigan providers for certain groups.

To determine which Blue Cross commercial groups are not subject to Carelon prior authorization requirements, refer to the Carelon exclusion list for Blue Cross Blue Shield of Michigan Commercial document.

Medicare Plus Blue

**Michigan providers:** All contracted Medicare Plus Blue PPO physicians are required to contact Carelon Medical Benefits Management before ordering the following services for Medicare Plus Blue members, including UAW Retiree Medical Benefits Trust members with Medicare Plus Blue coverage:

- Select advanced imaging
- Outpatient cardiology
- Cardiac resynchronization therapy
- Implantable cardioverter defibrillator
- Arterial ultrasound services

**Non-Michigan providers:** Prior authorization is not required for non-Michigan providers except for UAW Retiree Medical Benefits Trust members residing in Alabama, Florida, Indiana, Missouri and Tennessee. Contact Blue Cross to obtain prior authorization requests for the services listed above for URMBT members.

**All providers:** Refer to the document Procedures that require authorization by Carelon to see which outpatient advanced imaging, cardiology and in-lab sleep study services require prior authorization. For additional information, refer to the Blue Cross Carelon-Managed Procedures page on ereferrals.bcbsm.com.
Air ambulance

Blue Cross commercial products (non-Medicare)
Only non-emergency flights require prior authorization. They must be authorized by Alacura Medical Transport Management. For instructions on how to submit a prior authorization request, refer to the Non-emergency air ambulance prior authorization program: Overview for Michigan and non-Michigan providers document on ereferrals.bcbsm.com. Do this prior to the flight.

Medicare Plus Blue
Emergency air ambulance services don’t require prior authorization in or out-of-network only if furnished to a member whose medical condition is such that other means of transportation could endanger the person’s health. Services must transport the member to the nearest appropriate facility that can provide care.

Non-emergency transportation requires documentation that other slower means of transportation could endanger the member’s health. For questions, call Provider Inquiry at 1-866-309-1719.

Private duty nursing

Blue Cross commercial products (non-Medicare)
Private duty nursing services require prior authorization for dates of service on or after Oct. 1, 2022. Submit requests through the e-referral system.

For authorization requests and for billing, agencies should enter S9123 for an RN or S9124 for an LPN and indicate the total hours as units (1 unit = 1 hour).

For complete instructions on submitting a prior authorization request, see the Private duty nursing program document on ereferrals.bcbsm.com.

Other services

CareCentrix®: Medicare Plus Blue℠
Home health care services require prior authorization through CareCentrix. This applies to home health agencies both inside and outside of Michigan. Refer to the Home health care: Quick reference guide for information on how to submit prior authorization requests. For additional information, refer to the Blue Cross Home Health Care webpage at ereferrals.bcbsm.com. Scroll to the Medicare Plus Blue section.
eviCore healthcare: Blue Cross commercial and Medicare Plus Blue

Prior authorizations may be required by eviCore healthcare for outpatient radiation therapy (oncology) services for some members who reside in Michigan and who receive services from Michigan providers.

To determine whether the member requires a prior authorization by eviCore healthcare, follow the appropriate steps in the Determine prior authorization requirements for members document.

Providers can submit prior authorization requests through the eviCore provider portal, by following these steps:

1. Log in to our provider portal (availity.com*).
2. Click Payer Spaces in the menu bar and then click the BCBSM and BCN logo.
3. Click the eviCore Provider Portal tile in the Applications tab.

Providers can also go to eviCore.com/provider* to submit a prior authorization request.

Medicare Plus Blue

Providers can submit electronic prior authorization requests or call eviCore at 1-877-917-2583.

Alternate methods for submitting prior authorization requests to eviCore (for Blue Cross commercial members)

If you’re experiencing temporary technological problems that prevent you from accessing eviCore, such as a power or internet outage, use the following method to submit prior authorization requests.

Call eviCore at 1-877-917-2583 to submit a prior authorization request.

For more information about procedures managed by eviCore, see the following webpages:

- Blue Cross eviCore-managed procedures
- eviCore's Blue Cross Blue Shield of Michigan Implementation Resources*

TurningPoint: Blue Cross commercial and Medicare Plus Blue℠

TurningPoint Healthcare Solutions LLC manages inpatient and outpatient authorizations for the following musculoskeletal procedures:

- Orthopedic surgical procedures, including joint replacement surgeries and other related procedures
- Pain management procedures
• Spinal surgical procedures

They manage these procedures for the following groups and members:

• Blue Cross commercial
  o All fully insured groups
  o Select self-funded groups — Includes UAW Retiree Medical Benefits Trust non-Medicare members
  o All members with individual coverage

• All Medicare Plus Blue members

See the Blue Cross Musculoskeletal Services page for a list of the codes that require authorization from TurningPoint.

Providers can submit prior authorization requests through the TurningPoint provider portal, by following these steps:

1. Log in to our provider portal (availity.com*).
2. Click Payer Spaces in the menu bar and then click the BCBSM and BCN logo.
3. Click the TurningPoint Provider Portal tile in the Applications tab.

For approved authorization requests, provide the appropriate facility with the authorization number.

Alternate methods for submitting prior authorization requests to TurningPoint

If you’re experiencing temporary technological problems that prevent you from accessing Turning Point, such as a power or internet outage, use the following method to submit prior authorization requests.

To submit prior authorization requests, providers can fax the appropriate authorization request form to TurningPoint or call, as follows:

• For Joint and spine procedures fax form to 313-879-5509.
• For pain management authorizations fax form to 1-313-483-7323.
• Call TurningPoint at 1-833-217-9670 or 1-313-908-6040.

TurningPoint staff are available by phone from 8 a.m. to 8 p.m. EST, Monday through Friday, excluding holidays (New Year’s Day, Memorial Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day).
For more information on how to submit a prior authorization request to TurningPoint, refer to “How do I submit authorization requests to TurningPoint” section of the “Musculoskeletal procedure authorizations: FAQ” document on ereferrals.bcbsm.com website.

Retroactive requests

Providers can submit retroactive requests to TurningPoint for up to 90 days after the procedure is performed.

Non-Michigan providers

There are multiple methods for non-Michigan providers to access the TurningPoint provider portal. See the “How do I submit authorization requests to TurningPoint?” section in the Musculoskeletal procedure authorizations FAQ for more information.

*Clicking this link means that you’re leaving the Blue Cross Blue Shield of Michigan and Blue Care Network website. While we recommend this site, we’re not responsible for its content.

Availity is an independent company that contracts with Blue Cross Blue Shield of Michigan and Blue Care Network to offer provider portal services.
