

# Blue Care Network: Understanding member ID cards

# 2019 product information for providers

This brochure will help you know about the different ID cards you may see in your practice from members who have Blue Care Network coverage.

All Blue Care Network member ID cards have the same basic layout, but the information on each card may vary slightly depending on employer group and benefit plan. Your patient may carry a card for a standard commercial plan, a self-funded plan or a Medicare Advantage plan. BCN also issues an Away from Home Care<sup>®</sup> card that provides guest membership services to members from other Blue Cross Blue Shield HMO plans who live in Michigan for 90 consecutive days or longer.

## The standard BCN ID card layout

ID cards for BCN products include the following:

> Enrollee Name

Name of the subscriber or member.

> Enrollee ID

Alphanumeric identifier composed of a three-character BCN code followed by a BCN-issued contract number. Use this number for billing and checking eligibility and benefits.

> Issuer

Identifies the specific Blue Care Network plan.

> Group Number

Number exclusive to an employer group. The upper portion of the ID card may display a specific BCN plan name or unique name and logo of the particular employer group. Members who don't belong to a group are assigned a special number that appears in the Group Number space.

> Suitcase image

Some cards may include this image which indicates coverage by BlueCard<sup>®</sup> while traveling outside of Michigan. If this image is not present, care outside of the state of Michigan is not covered, except for eligible urgent, emergency or accidental injury services.

> Blue Dental<sup>SM</sup>

Appears if member has dental coverage through Blue Cross Blue Shield of Michigan.

> Rx or MedicareRx symbol

Appears if member has BCN prescription drug coverage or Part D drug coverage (for BCN Advantage  $^{\rm SM}$  members).

> Rx Limited

Indicates that limited prescription coverage is available in accordance with the preventive services requirement of the Patient Protection and Affordable Care Act when the plan doesn't offer a regular pharmacy benefit.

Most BCN plans use the standard BCN ID card. However, some have unique plan identifiers, as shown on the following pages.

Note: Products with prefix XYV are purchased from the Health Insurance Marketplace.

Only ID cards that vary from the standard BCN ID card are displayed. All BCN employer group products except Blue Elect Plus Self-Referral Option are available with BCN's standard HMO provider network or PCP Focus, BCN's local PCP network.

#### Self-funded plans

BCN offers self-funded plans. ID cards carry the BCN name and logo, and the upper right corner of the ID card may display the unique name and logo of the self-funded health plan.

The employer assumes the risk for claim costs and pays an administrative fee for the services and programs provided by BCN, including claims processing.

- The contract number begins with XYS (XYD for a Medicare self-funded contract).
- Some plans have tiered or limited networks. Care provided outside a plan's network may require plan approval.
- Examples of self-funded plans include, Michigan State University, Trinity Health and U-M Premier Care.

#### **RA Limited Choice**

Some BCN members have contraceptive coverage through BCN only in addition to the health coverage they have through their employer. These members carry a separate ID card called RA Limited Choice. RA stands for "religious accommodation" and is for members of certain nonprofit organizations.

### Back of a BCN member ID card

**Information located on the back of the member's ID card is plan-specific and may vary.** The image below shows the back of a typical card.

- Contact information is provided for both members and providers.
- Blue Care Network began removing the magnetic stripe from BCN commercial cards beginning Dec. 31, 2015. Any card requested on or after that date won't have a magnetic stripe.

### Travel and guest coverage

**BlueCard**<sup>®</sup> is a national program from the Blue Cross and Blue Shield Association that gives Blue Cross and BCN members easy and convenient access to health care services while traveling or living outside of their Blue Cross home state.

Members pay their regular deductible, coinsurance and copayments for service. Out-of-state Blue Cross and BCN members with the nationally recognized BlueCard suitcase logo on their ID cards should be treated as Blue Cross Blue Shield of Michigan traditional members with traditional coverage.

Away From Home Care<sup>®</sup> is a BCN program that provides prearranged guest membership services to out-of-state Blue Cross Blue Shield HMO members temporarily living in Michigan for 90 consecutive days or longer.
