Overview

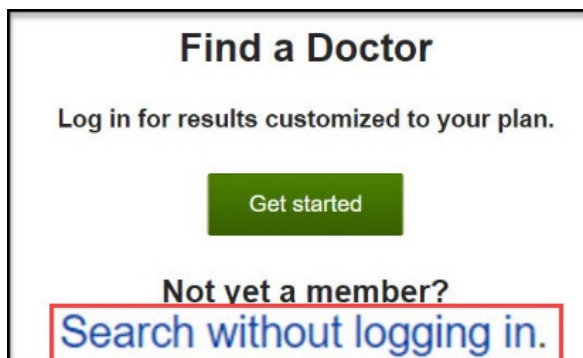

This guide shows you how to “find yourself” and confirm which Blue Cross Blue Shield of Michigan and Blue Care Network plans you accept and which provider networks you belong to using the online provider search.

When new patients contact you or current patients change health plans, you’ll know if you accept their plan. Also, knowing the network associated with the plan is helpful when making referrals to other providers.

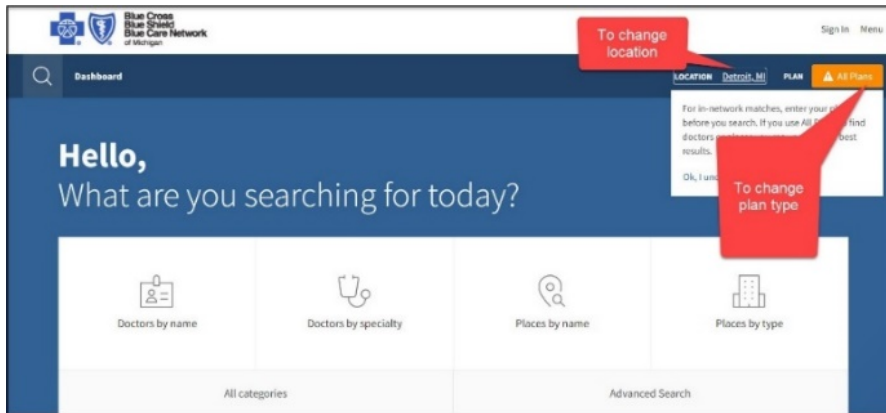

Using the Find a Doctor online tool

Follow these steps to find the Blue Cross and BCN products you accept:

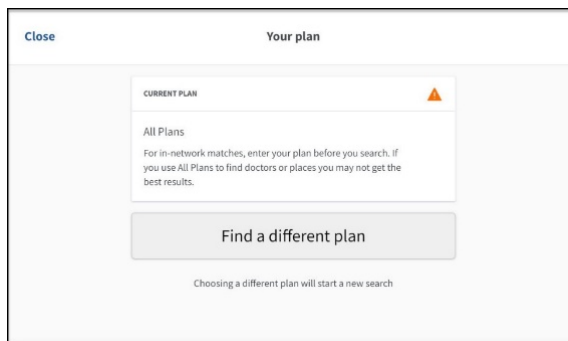

1. Visit bcbsm.com/find-a-doctor
2. Click on *Search without logging in*.

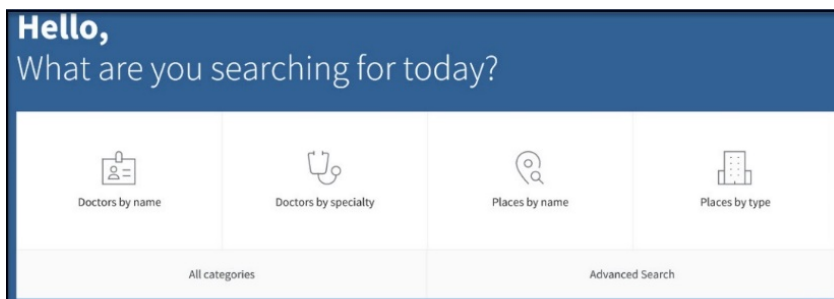

3. Once you choose a search location, the search dashboard will display. All searches will default to *All Plans*, unless you enter a specific plan name.
 - a. If you would like to search using a specific plan name, click on *All Plans* to open the *Your Plan* search field.

- b. Click on *Find a different plan* to enter a plan name or to scroll through the available plans list.

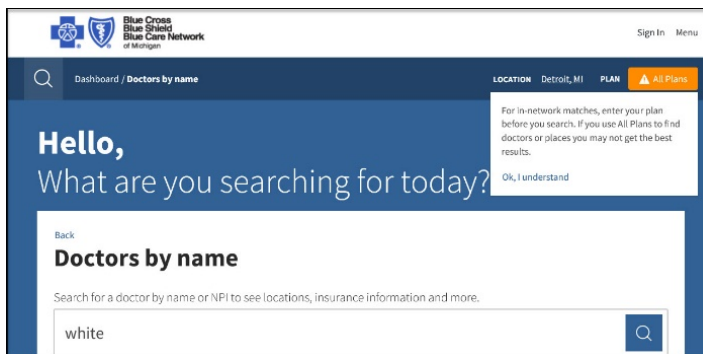

4. Once a plan is selected, click on *Confirm Selection*. You will then return to the search dashboard.
5. To search, select one of the following categories:

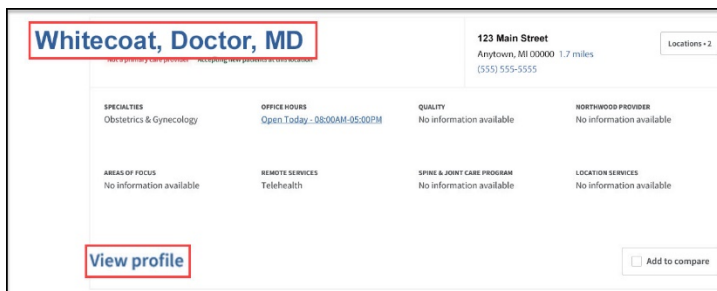

- **Doctors by name or specialty**

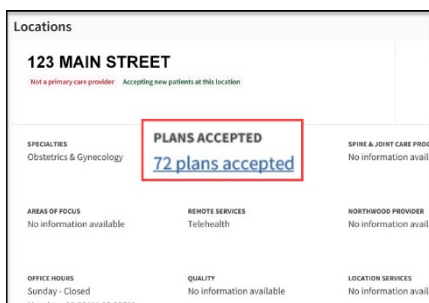

- **Places by name or type**
 - **All categories** – This search includes doctors, hospitals and clinics by name, NPI or specialty
 - **Advanced Search** – This search allows you to apply filters to include specific preferences and narrow your provider results
6. Enter the provider's name and as you begin to type, the name may appear. If it does, click the name and the provider profile will automatically open. If the full name is typed and it does not appear, click the blue magnifying glass button.

7. The search results will appear on a new page, with the most relevant results at the top. To select a provider, click on their name or *View profile*, then choose the preferred location if there is more than one.

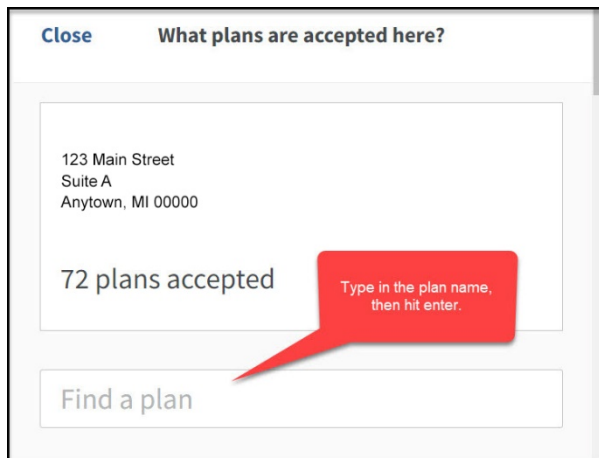

8. To see which plans are accepted at the chosen location, click the link below Plans Accepted.

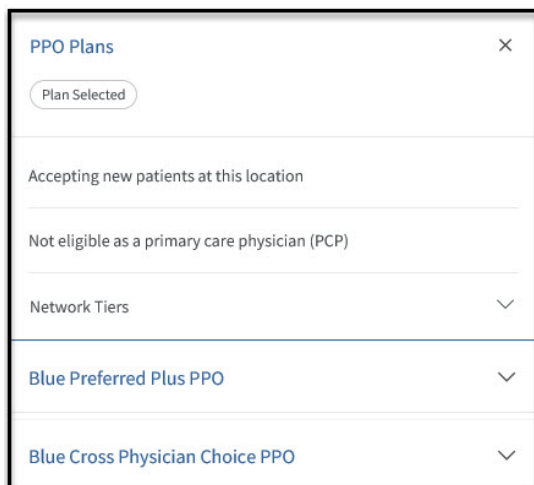

A list of plans accepted will be displayed and you can scroll through the list. **Note:** Plan options displayed will be determined by the plans in which you are enrolled.

- a. You can also search for plans by typing the name into the *Find a plan* search field.

The screenshot shows a search window titled "What plans are accepted here?". It includes a "Close" button in the top left. The address "123 Main Street, Suite A, Anytown, MI 00000" is displayed. Below the address, it says "72 plans accepted". A red callout bubble points to a search input field with the text "Type in the plan name, then hit enter." Below the callout is a search button labeled "Find a plan".

9. To see more details, click on the plan name or the drop-down arrow. You'll be able to see whether you are listed as accepting new patients or as a primary care physician for the plan in that row.

The screenshot shows a dropdown menu titled "PPO Plans" with a close button (X) in the top right. A "Plan Selected" button is visible. The menu lists the following options:

- Accepting new patients at this location
- Not eligible as a primary care physician (PCP)
- Network Tiers
- Blue Preferred Plus PPO
- Blue Cross Physician Choice PPO

Finding your plans and networks
