Addressing implicit bias in health care can improve care delivery

In a health care setting, implicit biases can have dangerous consequences. That's why Blue Cross is rolling out implicit bias education to providers over the next two years. It covers such topics as the science of bias, how it influences behaviors and patient outcomes, and how to make efforts to overcome implicit bias. For additional information, see the [February 2021 issue of *The Record*](#).

We've made changes to BCN's Behavioral Health Incentive Program HMO
