Rewardable Services Standard Program

About the program

Blue Cross Rewards is a national rewards program that offers select members an opportunity to earn a \$25-\$75 e-gift card when they visit a cost-effective provider location. There are more than 100 common non-emergency imaging and outpatient services members can choose from that are rewardable.

Blue Cross Rewards will be rolled out in January 2019 for 520,000 commercial PPO members (fully insured) and available as an optional buy-up for our self-funded groups. Participating members must have a registered account on bcbsm.com or through our mobile app to access these benefits.
