## Benefit information

Our *Summary of Benefits and Coverage* provides a list of the benefits covered and not covered by a member's health plan. You can find *Summary of Benefits and Coverage* documents for individual plans on our website at [bcbsm.com/sbc](http://bcbsm.com/sbc).

## Keeping health information secure

We ensure that our members' protected health information is kept confidential. We follow strict privacy policies that comply with state and federal law. Our *Notice of Privacy Practices* tells how we'll use and disclose your information while in our care. You'll find the notice at [bcbsm.com/importantinfo](http://bcbsm.com/importantinfo).

## Finding a doctor

Choosing a doctor, specialist or hospital is one of the most important decisions our members have to make. **Find a Doctor** on the [bcbsm.com](http://bcbsm.com) home page can help you make the right choices.

## Getting approval for covered services

Some services require approval before they are provided. Lists of these services are available at [bcbsm.com/importantinfo](http://bcbsm.com/importantinfo). Click on *Approving covered services*.

## Finding covered prescription drugs

We list the drugs we cover under our various pharmacy plans at [bcbsm.com/pharmacy](http://bcbsm.com/pharmacy). Click on *Drug lists* in the section titled Find out if your drug is covered. You'll also find answers to important questions about prescription drugs.
