

Specialty Drug Program

Pharmacy Benefit Member Guide

Specialty drugs are used to treat complex conditions

Specialty drugs are prescription medications that require special handling, administration or monitoring. These drugs treat complex and chronic conditions, including:

- Cancer
- Chronic kidney failure
- Multiple sclerosis
- Organ transplants
- Rheumatoid arthritis

There are two ways to fill specialty drug prescriptions

You can fill prescriptions for specialty drugs at a retail pharmacy, but not all pharmacies will dispense specialty drugs. Call your pharmacy in advance to verify that it can fill your prescription.

Blue Cross Blue Shield of Michigan and Blue Care Network also offer mail order service and support programs through AllianceRx Walgreens Prime, an independent company that provides specialty pharmacy services for Blue Cross and BCN members.

If you have questions about Blue Cross' and BCN's specialty drug programs, please call AllianceRx Walgreens Prime at 1-866-515-1355 or visit the website at walgreensspecialtyrx.com *.

Ordering specialty drugs is easy

You can order your specialty drugs through AllianceRx Walgreens Prime, and your medication will arrive right at your home. Just have your doctor fax your specialty medication prescription to AllianceRx Walgreens Prime at 1-866-515-1356, or complete the form in this guide and mail it to AllianceRx Walgreens Prime at the address on the form.

If you order your specialty medication through AllianceRx Walgreens Prime mail order pharmacy, you can get the following support services anywhere in the U.S.

*Blue Cross and BCN do not control this website or endorse its general content.

- Personal attention from a patient-care coordinator who will do all of the following:
 - Discuss the best way for you to take your medicine
 - Explain possible side effects
 - Help you understand your condition
 - Call to remind you when you need a refill
- Ancillary supplies, if they're appropriate, to administer your medication. They are free with each new order and then as needed if you request them. These include syringes, alcohol swabs and sharps containers.
- A dedicated customer service staff, which is available Monday through Saturday at 1-866-515-1355. Automated ordering and emergency clinical support are available 24 hours a day, seven days a week.

If you have any questions, call the Customer Service phone number on the back of your Blue Cross or BCN ID card.

Limited distribution specialty drugs

Some manufacturers limit the distribution of specialty drugs. These drugs are only available through designated pharmacies. Blue Cross and BCN have been able to secure access to these drugs through the following:

- Accredo Specialty Pharmacy: 1-800-803-2523
- Diplomat Specialty Pharmacy: 1-877-977-9118
- Onco360° Oncology Pharmacy: 1-877-662-6633

Please talk to your doctor about filling prescriptions for exclusive limited distribution drugs.

Specialty drug guide

Members can receive specialty drugs through the mail from AllianceRx Walgreens Prime or get them at a retail specialty network pharmacy. They aren't available through Express Scripts Home Delivery. For the most up-to-date list, please see the *Specialty Drug Program Member Guide* on bcbsm.com, or call the Customer Service number on the back of your Blue Cross or BCN member ID card.

Self-administered drugs**

Our specialty pharmacy mail order vendor is AllianceRx Walgreens Prime, 1-866-515-1355. Coverage for these drugs will vary based on your pharmacy benefits. See your plan's drug list for specific coverage details.
