

Getting your flu shot has never been more convenient

Confidence comes with every card.®

A quick trip to your local pharmacy can protect you from the flu. Here's how getting your flu shot is made easy:

✓ No appointment

Your local immunizing pharmacist doesn't require an appointment. You can get your flu shot at your convenience.

✓ No worries

Myths about the flu shot aren't true. The flu shot is safe, effective and the best protection against the flu. If you have any concerns about getting a flu shot, talk to your doctor.

All you need to do is:

Visit a participating pharmacy with your member ID card to get your flu shot today. While most pharmacies will accept your coverage, be sure to ask before you get your vaccine.

Make sure you write down the date and let your doctor know at your next appointment so he or she can keep your immunization record up to date — and you healthy.

You can also schedule an appointment with your primary doctor to get one. Your office visit copayment may apply.

For Blue Cross members without pharmacy coverage: Visit bcbsm.com/preventflu to see a list of immunizing pharmacies that provide vaccines under your medical coverage.

Tips to avoid the flu

1. Avoid close contact with people who are sick.
2. Wash your hands frequently with soap and water or alcohol-based hand sanitizer.
3. Avoid touching your eyes, nose and mouth. Germs spread this way.
4. Clean and disinfect surfaces and objects that may be contaminated with germs such as the flu virus.
