When using the compound vehicle list, please remember:

- The list is not comprehensive, but represents the majority of highly used compound vehicles
- Listed products covered only when included as an ingredient in a covered compound
- Some NDC's for these products may not be covered

All benefit exclusions and limitations will apply to compounds containing these ingredients and the list is subject to change without notification

If you have any questions, please call the Pharmacy Services Clinical Help Desk at 1-800-437-3803.
