Medicare Plus BlueSM PPO Medicare Plus BlueSM Group PPO Both

Travel and lodging

Travel and lodging coverage associated with a Medicare covered organ transplant or clinical trial or with services as defined in the Human Organ Transplant Services enhanced benefit policy paper (MAPPO 1012), when the group has this enhanced benefit.

Original Medicare

Original Medicare covers travel and lodging only for Medicare approved organ transplants when the Medicare Advantage plan chooses to provide services at a Medicare approved transplant facility at a distant location that is farther away than the normal community pattern of care for transplant services.

Medicare Plus BlueSM Group PPO enhanced benefit

Medicare Plus Blue is a Medicare Advantage plan which provides at least the same level of benefit coverage as Original Medicare (Part A and Part B) and may provide enhanced benefits beyond the scope of Original Medicare within a single health care plan. This flexibility allows Blue Cross to offer enriched plans by using Original Medicare as the base program and adding desired benefit options.

Travel and lodging is provided as an enhanced coverage option for Medicare Plus Blue Group PPO plans. This policy applies to select groups that purchase the enhanced travel and lodging coverage. This policy doesn't apply to Medicare Plus Blue PPO individual members. Travel and lodging reimbursement requires a minimum of 100 miles traveled one way from the member's residential address on record to the transplant facility or clinical trial location.

Medicare Plus Blue Group PPO plans may vary in the level of travel and lodging benefits they offer. Because Original Medicare covers travel and lodging only for Medicare-approved organ transplants at distant locations, the scope of the benefit, reimbursement methodology, maximum payment amounts and member cost sharing are determined by the group. Refer to the group's Summary of Benefits or Evidence of Coverage for details that may be unique to their covered members.

When purchased, travel and lodging benefits are available for all transplants and clinical trials covered by the group's benefit plan. The travel and lodging benefit period for a covered organ transplant begins five days prior to the initial transplant and extends through the patient's transplant episode of care not to exceed one year after surgery. Solid organ transplant surgeries must be performed at a facility that has a Medicare provider agreement and is certified by CMS for the relevant covered procedure.

Travel and lodging benefits are also payable during Medicare approved clinical trials. In these instances, travel and lodging benefits begin with the first service date of the clinical trial and end 180 days after that date.

Travel

Reasonable and necessary travel and lodging expenses are covered for the patient and a person eligible to accompany the patient (two persons if the patient is under the age of 18 or the transplant involves a living donor). Coverage includes transportation to and from the designated transplant or clinical trial facility. Daily transportation to and from the transplant facility during the patient's episode of care may be covered only up to the combined daily total allowance.

Lodging

The cost of lodging is for the patient (exclusive of inpatient hospital admission) and persons eligible to accompany the patient during the patient's episode of care.

Excluded services

Items not directly related to travel and lodging expenses aren't payable. They include, but aren't limited to:

- Alcoholic beverages
- Car maintenance
- Cards, stationery, stamps
- Clothing
- Dry cleaning
- Entertainment (cable televisions, books, magazines, movie rentals, etc.)
- Flowers
- Household products
- Household utilities, including cell phone charges, maid, babysitter or day care services
- Kennel fees
- Laundry services
- Meals for the patient and persons eligible to accompany the patient. (Note: meals for the patient during an inpatient hospital stay are covered as part of the inpatient hospital care.)
- Security deposits
- Toiletries
- Toys

Conditions for payment

The table below specifies payment conditions for travel and lodging:

Conditions for payment	
Eligible provider	Does not apply
Payable location	Does not apply
Frequency	Associated with a covered organ transplant or clinical trial
CPT codes	A0090, A0100, A0110, A0140, A0170, A0180, A0200
Age restrictions	Does not apply

Reimbursement

Benefits are payable up to a combined maximum of \$150 per day for the covered duration unless the group has chosen a different combined maximum (refer to the group's Summary of Benefits or Evidence of Coverage). Internal Revenue Service defined mileage rates in effect at the time of service will be used to calculate mileage reimbursement (applies to personal vehicle use only).

Travel by car (personal or rental), bus or air will be reimbursed with legible receipts and itineraries corresponding to the dates of service up to a maximum of \$300 per person. Land travel is limited to a maximum total of four days to and from the Medicare-approved transplant or clinical trial facility. Daily transportation to and from the facility during the patient's episode of care may be covered only up to the combined daily total allowance. Mileage will be calculated as the distance from the enrolled member's residential address of record (e.g., not a P.O. box) to the Medicare-approved facility selected by the member to perform the service (applies to personal vehicle use only). When rental vehicles are used, rental fees and gasoline are covered, but not mileage. When rental receipts don't clearly indicate a daily rate, the payable portion of the bill can be divided by the total number of days of the rental to arrive at a daily rate. Mileage for daily travel (applies to personal vehicle use only) will be calculated based on the addresses of the approved facility and the lodging facility. Daily travel, parking and tolls may be paid with legible receipts as part of the combined total of daily lodging and travel up to the combined daily allowance and the maximum payable limit.

- The maximum amount payable for all travel and lodging services related to an initial solid organ transplant is \$10,000.
- The maximum amount payable for all travel and lodging services related to an approved clinical trial or bone marrow transplant (allogenic or autologous) is \$5,000. Medicare Plus Blue Group PPO plans will reimburse members for covered services based on reasonable charges, minus the member cost-sharing amount. The currency exchange rate, when required, will be applied to the reimbursement amount.

Member cost sharing

- Medicare Plus Blue Group PPO member cost-sharing responsibilities don't apply to travel and lodging services. If a member elects to receive a noncovered service, he or she is responsible for the entire charge associated with that service.
- Providers may not have members sign an ABN to accept financial responsibility for noncovered items or services. If there is any question about whether an item or service is covered, seek a coverage determination from Blue Cross before providing the item or service to the member. If a provider provides a noncovered item/service to a member without first obtaining a coverage determination, the member must be held harmless for all charges except for any applicable cost-share.
- To verify benefits and cost share, providers may utilize web-DENIS or call 1-866-309-1719.

Member reimbursement

To be reimbursed for covered services, members must submit their request along with the following information to the address below.

- Member name
- Member Medicare Plus Blue PPO contract and group number
- Member address
- Street addresses (no P.O. boxes) of the following to permit calculations for mileage reimbursement (applies to personal vehicle use only)
 - Starting location (member primary residence or acute or extended care facility if applicable)
 - Approved transplant facility
 - Lodging facility
- Legible bills and itemized statements
- Legible paid receipts

The member will send the request and all supporting information to the following address:

Blue Cross Blue Shield of Michigan
Imaging and Support Services
P.O. Box 32593
Detroit, MI 48232-0593

Revision history

Policy number: MAPPO 1024

Reviewed: 07/19/2018

Revised: 07/08/2016, 09/21/2015, 2013

07/08/2016: added minimum travel distance (one way) of 100 miles, defined solid organ transplant episode of care as 'five days prior to the initial transplant and not to exceed one year after the surgery', added the qualifier of 'reasonable and necessary travel and lodging expenses', established maximum of \$300 per person travel reimbursement limit, limited land travel to a maximum of four days.

09/21/2015: Updated formatting, added reference to Enhanced Benefit Human Organ Transplant Policy Paper MAPPO 1012, removed reference to CAREN, limited to travel for only Medicare approved clinical trials, clarified addresses to be used for mileage calculation, clarified method for calculation of daily vehicle rental fees, clarified maximum for bone marrow transplants, clarified supporting documentation for reimbursement, expanded HCPCS codes eligible for payment (A0100, A0110, A0140, A0170), added revision history section.
