We’ve updated the Telehealth for behavioral health providers document

We’ve made the following changes to the *Telehealth for behavioral health providers* document.

- Added information to reflect that intensive outpatient program, or IOP, and partial hospital program, or PHP, for mental health disorders is now payable via telemedicine for members who have the benefit.
- Added information to reflect that IOP and PHP for substance use disorders are now payable via telemedicine for members who have the benefit.
- For autism services, clarified that parents/caregivers can perform *97155* protocol modification in place of a technician 100% of the time.

For more information, see the *Telehealth for behavioral health providers* document, which is available on our public website at [bcbsm.com/coronavirus](http://bcbsm.com/coronavirus) and through Provider Secured Services.
