

## Billing tips for COVID-19

If you handle billing, you know there have been many changes announced during the COVID-19 pandemic. To make billing easier for you, we've created *Billing tips for COVID-19* that brings these changes together into one reference document. We've also created a quick one-page *Billing tips for COVID-19 at a glance* guide.

Please reference the *Billing tips for COVID-19* for the most complete and accurate list of diagnosis codes for confirmed COVID-19 cases for dates of service prior to April 1, 2020. A few codes were missing in the May issue of *The Record* and the May-June issue of *BCN Provider News*.

You can find the billing tips documents in the billing sections of our coronavirus webpages, which are available through Provider Secured Services and on our public website at [bcbsm.com/coronavirus](https://bcbsm.com/coronavirus) (click [For Providers](#)).
