

We've updated the Billing recommendations for COVID-19 testing, including drive through document

We've made the following changes to the *Billing recommendations for COVID-19 testing, including drive through document*.

- We renamed the document. Previously, it was named *Billing recommendations for COVID-19 drive-through testing sites*.
- We updated the document to reflect that it applies to all lines of business — Blue Cross PPO (commercial), Medicare Plus BlueSM PPO, BCN HMOSM (commercial) and BCN AdvantageSM.
- We updated the document to indicate that providers need to include the CS modifier for services performed for Medicare Plus Blue and BCN Advantage members.
- Where appropriate, we added code G2023 or G2024 for specimen collection.
- We added information specific to skilled nursing facilities and home health agencies.
