

## Locating pharmacies stocked with oral COVID-19 therapeutic products Molnupiravir and Paxlovid

Providers seeking to prescribe Molnupiravir or Paxlovid™ for the treatment of mild-to-moderate COVID-19 in eligible patients can locate pharmacies within Michigan using the Meijer *COVID-19 Oral Therapeutic Program* [site](#)\*. The site shows the availability of both medications within all Michigan Meijer pharmacies as well as non-Meijer pharmacies.

Molnupiravir and Paxlovid are oral antiviral medications. Michigan Department of Health and Human Services Guidance on administering these medications can be found on the [Michigan.gov/COVIDtherapy](https://Michigan.gov/COVIDtherapy)\* site.

On December 22, 2021, the U.S. Food and Drug Administration issued the [emergency use authorization \(EUA\)](#)\* for Paxlovid to be used in adults and pediatric patients over 12 years old for the treatment of mild-to-moderate COVID-19. The following day, an [EUA](#)\* was issued for Molnupiravir use in adults.

Fact sheets for healthcare providers are available for each of these products.
