

COVID-19 telehealth code chart changes

We removed specific Current Procedural Terminology* codes from the commercial section of our *Telehealth procedure codes for COVID-19* document to reflect our policy on telemedicine. For more information, see the following documents, which are available on our public website at bcbsm.com/coronavirus and through Provider Secured Services:

- *Telemedicine Medical Policy*
- *Telehealth for medical providers*
- *Telehealth for behavioral health providers*

We also removed CPT codes from the Medicare Advantage section and are referring providers to the list of *Medicare-covered telehealth services for the COVID-19 PHE* effective March 1, 2020 on our website. We review this list monthly and will update as necessary. For the most recent list, visit <https://www.cms.gov/Medicare/Medicare-General-Information/Telehealth/Telehealth-Codes>.
