
Testing code *87428 added to in-office billable lists for Medicare Plus BlueSM, BCN commercial and BCN AdvantageSM

Procedure code *87428 is now payable when performed in a physician's office for Medicare Plus Blue, Blue Care Network commercial and BCN Advantage members.

We added this code to the following documents:

- Medicare Plus Blue's [Physician Office Laboratory List](#)
- *In-office laboratory procedures billable to BCN*, which is available on BCN's Billing/Claims page within Provider Secured Services

This code is payable retroactive to Jan. 1, 2021, to make it easier for physicians to treat members. Providers who received rejections for performing this test in office for Medicare Plus Blue, BCN commercial and BCN Advantage members don't need to do anything. We'll reprocess the claims.

Previously, *87428 was payable in physician offices only for Blue Cross Blue Shield of Michigan commercial members.
