

## COVID-19 vaccine billing for nonparticipating providers

The COVID-19 vaccine is paid for through funding authorized by the Coronavirus Aid, Relief, and Economic Security, or CARES Act. Providers may not bill for the cost of any free government-provided vaccine and related products or supplies.

If you are a provider participating in the CDC COVID-19 Vaccination Program, you may not seek reimbursement from consumers for vaccine administration costs per the [CDC COVID-19 Vaccination Program Provider Agreement](#)\*.

As a nonparticipating Blue Cross Blue Shield of Michigan or Blue Care Network provider, you may seek reimbursement through Blue Cross and BCN using the following:

- Check Yes in Box 27 Accept Assignment of the CMS-1500 professional paper claim form.
- Indicate A in segment CLM07 on Electronic Data Interchange 837 claims.
