

Additional details on Blue Cross and BCN waiving cost share for Medicare Advantage members

As announced on May 7, Blue Cross Blue Shield of Michigan and Blue Care Network will waive cost-sharing for Medicare Advantage members through Dec. 31, 2020, for certain specific services that enable seniors to consult with their doctors and therapists about their health needs, both in-person and virtually.

Recently, additional details have been announced that include:

- In-person medical services – which services have member cost share and which ones are waived for BCN AdvantageSM and Medicare Plus BlueSM PPO members
- In-person behavioral health services – which evaluation and management services are covered at no cost for specific diagnoses and specialties
- Telehealth services – a description of what's covered and how to find a list of specific covered procedure codes

Note that some Medicare Advantage groups are still making decisions on this waiver, and we'll give further guidance as soon as possible for those groups.
