

Blue Cross Blue Shield of Michigan will provide \$0 cost sharing for COVID-19 vaccine coverage

Blue Cross Blue Shield of Michigan and Blue Care Network will waive all copays, deductibles and coinsurance for administration of COVID-19 vaccines to commercial members during the government's multi-phased approach to vaccine distribution. This action includes Blue Cross and Blue Care Network commercial plans. Medicare is covering the vaccine costs for Medicare members. For more information read the [news release](#).

To help you, we have created a new document to support provider offices preparing for COVID-19 vaccines. The *COVID-19 vaccine information for providers* document includes guidelines on distribution, coverage, billing, reporting and more using the most current information available.

You can find this document on the *Coronavirus information updates for providers* link on the *BCN Provider Publications and Resources* or *BCBSM Newsletters and Resources* web-DENIS pages under *COVID-19 vaccine information* or on our public website at bcbsm.com/coronavirus.
